Carpenter-Jensen.
Announcements are out for the marriage of Hubert U. Carpenter and Anna Jensen, at the home of Mrs. E. J. Hicks, this evening at eight o'clock, Rev. McConnell officiating. Only a few intimate friends will be present. Mr. Carpenter is a prosperous young ranchman from up on Snake creek, where he with his parents have lived since the early days of the county. He is a sober, quiet, honest and industrious young man with a bright future before him. Miss Jensen is an accomplished young lady, who resided in Alliance several years ago, but who has just recently come here from Tama, Iowa, where she has been a missionary among the Indians the past year. She is highly spoken of here by her friends, and is capable of becoming a helpmate and companion to the one who has won her affection. Their many friends join in wishing them a long and happy journey along the pathway of life. The happy couple will be at home after June first at Spokane, Wash.

Second Annual Ball.
The Brotherhood of Locomotive Engineers are making arrangements to give the second annual ball, which will take place at Zbinden's hall, Monday April 24. The boys propose to make this event as interesting as that of last year and there is no doubt of their success. Quick's orchestra of Lincoln has been secured to furnish the music, which of itself is a drawing card. Invitations will be issued in a few days and everybody will make it a point to attend, for the memory of the last dance given by this brotherhood is still fresh in the minds of the people who attended and who will want to be there again.

Dates Postponed.
The date for the organization of the Knights of Columbus in this city has been postponed until April 7. This was found necessary by the state deputy who has made arrangements to be present on the 30th inst. at the installing of a class of knights in Sioux City. The Elks will also defer their organization until Saturday night May 6, as many are members of both orders.

District Court Proceedings.
Judge Harrington came down from O'Neill Monday and commenced the district court for the April term and by holding a night session one night cleaned up the docket and left on 41 for the west today.
The case of Joseph Krejci vs Jas. Potmesil was dismissed at cost of plaintiff.
The case of H. M. Anderson vs August Hornberger; decree for defendant \$500 judgement.
In the case of Johns & Sandy vs. Ira Reed, sheriff, the jury returned a verdict for Reed of \$300 and gave plaintiff custody of cash register.
A number of minor cases were dismissed and a few continued by stipulation.

Bottling Works to Open.
Messrs. Harrison and Boyer, the new firm of Bottling Works, have opened up their office and factory in the Bell block and will begin operations about April 15th. Their goods, machinery and material have arrived and are being put into place and when they open, a week from tomorrow, they will have one of the most complete bottling plants in the west. The firm are booking orders daily for bottled goods and are already supplying the demand for ice cream.

Millinery Opening.
Friday and Saturday, April 7 and 8 will show the finest line of pattern hats, tailored hats and street hats ever shown in the city. Every body invited.
Miss Mangun.

BUECHSENSTEIN FOR MAYOR

Elected by a Safe Majority Over All Other Candidates Combined—Ridgell for Police Judge.

Perhaps the most surprising and sensational election in the state was right here in Alliance Tuesday. Up to the morning of election no word was heard of any other candidate than Bowman, but early in the morning the friend of former Mayor Buechsenstein insisted that he must be elected. He rebelled, but it was no use. The advocates of the kind of administration he gave the city a year ago were in the majority, and his vote totaled more than all the other candidates combined. The only other candidates on which there was a contest was the police judge, and W. S. Ridgell carried of the plum by a safe plurality, being 44 votes in the lead of his nearest competitor. The other places on the ticket were filled by the regular caucus nominees. These are the old officers with the exception of MacCray, who succeeds Joder as councilman from the second ward, and C. A. Newberry succeeds Mrs. McIntyre on the school board.

Following is a correct report of the vote cast in both wards:

Mr. Smith secured the dwelling property now occupied by Mr. and Mrs. Mounts also one of the Al. Cornell cottages.

W. W. Norton returned from Chicago last Sunday, whether he went to purchase goods for the spring trade. Mrs. Norton remained at Forrest City, Iowa, to visit with relatives, among whom is a brother, who is suffering from a stroke of apoplexy. Mrs. Norton returned this morning and found a telegram to her brother, D. W. Butler, here announcing that her father was dead, but it reached both too late for them to attend the funeral.

No doubt last Sunday was an enjoyable day for a few Alliance people, although the weather was bad. In honor of Mr. Olday and wife, Mr. Bushnell invited all connected with the firm of Bushnell & Olday, to his home at Hemingford to partake of a Sunday dinner, which was greatly enjoyed by the guests. No doubt cupid will send his dart into the heart of the genial Ira Bushnell of the above firm and ere long another dinner at the parental home will be in order.

April fool day did not go by in Alliance unnoticed, and the number of sells perpetrated were numerous and laughable. At one of the barber shops the workmen were at a loss to know why the soap in the mugs would not lather, when on investigation, it was found that the shine boy had filled them with neatly peeled potatoes that looked all the world like genuine soap. The pocket book tacked to the sidewalk was in evidence everywhere, and the "Kick Me" tag swung on many coat tails. There was lots of sport for the kids and they enjoyed it immensely.
A man had a pimple on his nose. He scratched the pimple. The pimple began bleeding. The man went to the bath room, got a bottle of witch hazel and bathed the pimple. Next morning when he went down to breakfast he had a nose as large as a goose egg. His good wife was horrified at his appearance. She asked him what had happened. He told her the circumstances. She asked him to show her the bottle from which he took the witch hazel. He procured the bottle. His wife fell in a dead faint. The bottle contained a patent medicine which the good woman had been using as a bust developer.—Edgar Howard in Columbus Telegram.

One thousand men will soon be employed in constructing the irrigation works and canals of the great Pathfinder system, inaugurated by the United States government in the valley of the North Platte river in Wyoming. At a meeting of engineers connected with the United States reclamation service, held recently, the season's work on this gigantic project was fully outlined and will be vigorously pushed without delay. The engineers in consultation were John E. Field, C. E. Wells, A. P. Davis and C. H. Fitch. Mr. Wells is assigned as constructing engineer of the first Pathfinder dam, above Alcovia. Mr. Field, in charge of the engineering field work, will supervise the Lingle canal construction below Guernsey, and the ditch surveys of

WHY NOT BUILD?

We will loan you the money that you need for building your house and you can return it on the monthly payment plan—a little each month. A great many people do this with the result that in a few years' time they own their home. You are foolish to continue paying rent when you can buy your home with your rent money. A good residence property in a growing and thriving town is always a first-class investment. Our interest rates are very reasonable.

Please do not forget that we write fire insurance.
