C. J. Wildy has bought the Tash lot next to the drug store of K. L. Pierce and has plowed up this and his other lots between his store and the drug store and has set them out to large sized trees. He has an irrigation plant in course of construction consisting of a wind mill and elevated tanks. He also will run water to all parts of the store and his dwelling rooms above the store. His only regret is that he did not make these improvements years ago. Then his trees and lawns would have reached an age and maturity making them of greater benefit to him.

The village election held Tuesday resulted in the election of C. A. Shindler, A. D. Millett and Geo. Carter for the long term, two years, and A. M. Miller and N. Frohnspfel for the short term, one year. There was no well defined issue in the campaign, though the board elected is regarded as a license board, if a bona fide petition for a saloon is presented. The voters on the other side, no license, scattered their votes, but seemed to be in the minority. It is not expected that there will be any application for a saloon license here now for two reasons at least, viz: It would not pay to run a saloon here, and it would be impossible to get a majority of the free holders as the property is owned at present, to sign the petition. There was an undercurrent of opinion on both

sides that license was the issue, but it took no very tangible shape. The board now in office is opposed to licensing.

The Box social at the Commercial hotel on Tuesday night was well attended. An excellent program was rendered, consisting of vocal and instrumental music, recitations, impersonations, etc. A double male quartette of young boys sang nicely with piano accompaniment by Miss Ream. The fund for painting the Presbyterian church was enlarged by sixteen dollars and twenty cents, the net receipt of the evening.

An elocutionary and musical entertainment will be given at the Marsland school house Friday evening, April 14, by Mrs. Alberta Ream Hadley, of Omaha, assisted by Ada L. Ream and pupils. A chorus of twenty voices will be one of the features of the entertainment. We understand that the proceeds will be used in purchasing a flag for the school house, therefore the entertainment should be well patronized. Those who had the pleasure of listening to some of Mrs. Hadley's renditions at the social on Friday night, will only be too glad to have the privilege of listening to her again. Come everybody and enjoy a rare treat.

**Cattle For Grazing.**  
I wish to take in cattle to run for the summer. I will take in about 400 head. My ranch and range is in section 27, township 24, range 45. 16 tf
