GOOD ROADS SPECIAL.

The Burlington and Northern Pacific Roads Will Run Train to Pacific Coast In Interest of Good

Roads. Arrangements have been completed between the National Good Roads Association and the officials of the Burlington and Northern Pacific roads, to install a Good Roads Special over these systems, to leave Chicago Wednesday, May 3. It is to be known as the Burlington & Northern Pacific Lewis & Clark Good Roads Special, and will cover an itinerary of 45 to 50 of the principal and most progressive cities of the systems.

The object of this itinerary is for the agitation, education and organization of communities for permanent improvement of primary roads, and to ald cities in questions of street paving, etc. Government experts and men of national reputation will go on this Special, and participate in the conventions. The entire arrangements, so far as the Burlington system is concerned, have been passed over to the charge of W. H. Manss, Industrial Commissioner. After completing the itinerary of Burlington cities the Special will continue from Billings to the Pacific Coast, over the Northern Pacific, and will hold a final convention the last of June, to be known as the Pacific Coast National Good Roads Convention. The full equipment of the Special is provided for by the Burlington and Northern Pacific roads, whose object is to aid the cities on their systems in the improvement of public roads. The first stops will be in seven or eight principal cities of Illinois, then a number of cities in Missouri, also in Iowa, Nebraska, Wyoming, Montana, Washington and Oregon.

LYMAN COUNTY EXTENSION.

The Chicago, Milwaukee & St. Paul Railway has decided upon an extension of its line from Chamberlain west through Lyman County, opening up a region of cheap lands, rich in agricultural resources, and in which there is already much deeded land, also a large acreage that may be had under the homestead law. Lyman County is in the southern part of South Dakota, adjoining the Rosebud Indian Reservation on the north.

The soil of Lyman County is one of the richest in the state. It has produced corn of an excellent quality, having taken first prize at the Mitchell Corn Palace during several of the past exhibits. It is well adapted to the growth of wheat, oats, barley, speltz, and other small grains. Land is selling now at the rate of from \$5 to \$12 an acre, and as soon as the railway extension is made it is safe to say that such lands will increase in value from 100 to 200 per cent.

All that Lyman County has lacked heretofore has been ability to get products across the Missouri river to markets. The extension of the Chicago, Milwaukee & St. Paul Railway will solve that problem and will make it one of the richest sections in the

NO TONGUE CAN TELL

How I Suffered with Itching and Bleeding Eczema Until Cured by Cuticura.

"No tongue can tell how I suffered for five years with a terribly painful, itching, and bleeding eczema, my body and face being covered with sores. Never in my life did I experience such awful suffering, and I longed for death, which I felt was lear. I had tried doctors and mediines without success, but my mother nsisted that I try Cuticura. I felt better after the first bath with Cuticura Soap and one application of Cuticura Ointment, and was soon entirely well. (Signed) Mrs. A. Etson, Bellevue, Mich."

The devil snores right through peal after peal of stolen thunder.

Every housekeeper should know that if they will buy Definace Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.-one full pound-while all other Cold Water Starches are put up in %-pound packages, and the price is the same, 10 cents. 'Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-oz. package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 ozs." Demand Defiance and save much time and money

Speaking of the Agra diamond which was sold recently in London, a London newspaper writer says: "I am disposed to think the 'Agra' only became 'famous' about 1892, when it was the subject of a lawsuit. It had been sold for 20,000 pounds, but the jury, in the litigation referred to, by their verdict rescinded the contract. A curious circumstance is that this jewel is not mentioned in the only standard work on diamonds."

Insist on Getting It. Some grocers say they don't keep Defiance Starch because they have a stock in hand of 12-ounce brands, which they know cannot be sold to a customer who has once used the 16-ounce package. Defiance Starch for same money.

More Buildings for Poor. To the sum of \$2,000,000 left-by Mr. Peabody between 1862 and 1873, out of which the Peabody buildings for the poor were erected in London, there has since been added \$4,793,-255, received for rent and interest, making the total fund, according to a report just issued, \$7,293,255.
