GENERAL WEAKNESS AND FEVER DISAPPEAR TOO.

How a Woman Was Freed from Troubles That Had Made Life Wretched for Many Years.

The immediate causes of headaches vary, but most of them come from poor or poisoned blood. In anæmia the blood is scanty or thin ; the nerves are imperfeetly nourished and pain is the way in which they express their weakness. In colds the blood absorbs poison from the mucous surfaces, and the poison irritates the nerves and produces pain. In rheumatism, malaria and the grip, the poison in the blood produces like discomfort. In indigestion the gases from the impure matter kept in the system affect the blood in the same way.

The ordinary headache-cures at best give only temporary relief. They deaden the pain but do not drive the poison out of the blood. Dr. Williams' Pink Pills on the contrary thoroughly renew the blood and the pain disappears permaneutly. Women in particular have found these pills an unfailing relief in headaches caused by anomia.

Miss Stella Blocker recently said: "Dr. Williams' Pink Pills did me a great deal of good. I had headache nearly all the time. After I had taken three boxes of these pills I became entirely well."

"How long had you suffered?" she was asked.

"For several years. I can't tell the exact date when my illness began for it came on by slow degrees. I had been going down hill for many years."

"Did you have any other ailments?" "I was very weak and sometimes I had fever. My liver and kidneys were affected as well as my head."

"How did you come to take the remedy that cured yon?"

"I saw in a southern newspaper a statement of some person who was cured of a like trouble by Dr. Williams' Pink Pills. My physician hadn't done me any good, so I bought a box of these pills. After I had taken one box I felt so much better that I kept on until I became entirely well."

Miss Blocker's home is at Leander, Louisiana. Dr. Williams' Pink Pills are sold by all druggists. Besides headache they cure neuralgia, sciatica, nervous prostration, partial paralysis and rheumatism.

If they are opened to tranquillity and peace there is no quarter for discontent.

COFFEE HEART

Very Plain in Some People.

A great many people go on suffering from annoying ailments for a long time before they can get their own consent to give up the indulgence from which their trouble arises.

A gentleman in Brooklyn describes his experience as follows:

"I became satisfied some months ago that I owed the palpitation of the heart, from which I suffered almost a coffee drinker for 30 years); but 1 found it very hard to give up the beverage.

"I realized that I must give up the harmful indulgence in coffee but I felt the necessity for a hot table drink, and as tea is not to my liking. I was at a loss for awhile what to do. "One day I ran across a very sen-

sible and straightforward presentation of the claims of Postum Food Coffee, and was so impressed thereby that I concluded to give it a trial. My experience with it was unsatisfactory till I learned how it ought to be prepared-by thorough boiling for not less than 15 or 20 minutes. After 1 learned that lesson there was no trouble. Postum Food Coffee proved to be a most palatable and satisfactory hot beverage, and I have used it ever since.

"The effect on my health has been most salutary. It has completely cured the heart palpitation from which turn of it except when I dine or lunch away from home and am compelle to drink the old kind of coffee because Postum is not served. I find that Postum Food Coffee cheers and invigorates while it produces no harmful stimulation." Name given by Postum Co., Battle Creek, Mich.
