

A JUDGE'S WIFE PAIN IN THE BACK AND SIDE

Quickly Cured by a Short Course of Pe-ru-na.

MRS. MINNIE E. McALLISTER, wife of Judge McAllister, writes from 1217 West 33rd street, Minneapolis, Minn., as follows:

"I suffered for years with a pain in the small of my back and right side. It interfered often with my domestic and social duties and I never supposed that I would be cured, as the doctor's medicine did not seem to help me any."

"Fortunately a member of our Order advised me to try Pe-ru-na and gave it such high praise that I decided to try it. Although I started in with little faith, I felt so much better in a week that I felt encouraged."

"I took it faithfully for seven weeks and am happy indeed to be able to say that I am entirely cured."

"Words fail to express my gratitude. Perfect health once more is the best thing I could wish for, and thanks to Pe-ru-na, I enjoy that now."

Pain in the back, or on the right side. How often a physician hears this complaint!

Over and over we hear women say: "I have a pain in the small of my back. I have a pain in my right side, just below the ribs."

These symptoms indicate pelvic or abdominal catarrh. They indicate that the bowels are not acting properly—that the liver is out of order—that the pelvic organs are congested.

Pelvic catarrh—that is the name for it. Pe-ru-na cures pelvic catarrh, when all of these symptoms disappear.

The catarrh may be all in the abdominal organs, when it would be properly called abdominal catarrh. At any rate, it is one of those cases of internal catarrh which can be reached only by a course of treatment with Pe-ru-na.

We have on file thousands of testimonials similar to the above. It is impossible here to give our readers more than one or two specimens of the number of grateful and commendatory letters Dr. Hartman is constantly receiving in behalf of his famous catarrh remedy, Pe-ru-na.

MRS. MINNIE McALLISTER.
Mrs. Carrie King, Darlington, Mo., writes:
"I have suffered for years with biliousness, and kidney and liver trouble."
"If I caught a little cold, the palms were increased and headache and headache were of frequent occurrence."
"However, Pe-ru-na cured me—twelve bottles made me a healthy woman."

THREE WERE KILLED

Collapse of a Building With Fatal Results.
OMAHA—Three persons were killed and six injured in the collapse of the four story brick building of the Omaha Casket company on Grace street, between Twelfth and Thirteenth streets, Wednesday afternoon during the storm which came up about 4 o'clock. Nine persons were in the building at the time. The structure was reduced to a mass of ruins.

The building was isolated from any protection from the wind. The windows were all raised. The wind apparently first lifted the roof and as it was blown off it dragged on the timbers of the building and aided the wind in demolishing the main structure. The roof was flat. The first floor of the building was used largely as a store room of finished coffins and coffin material. It was these grim objects that saved the lives of most of those who escaped death, as they prevented the floors from completely coming together as they fell. The south wall was razed to the bottom and fell inward, adding greatly to the difficulty of rescue, as the brick almost covered the wrecked interior. Many of the finished coffins that were in boxes became supports for the wreck and contributed to the escape of those who were on the first floor.

SIXTY-TWO ARE DEAD.

List of May Day Casualties at Warsaw Increases Rapidly.
WARSAW—The May day death toll totalled sixty-two, including ten persons who died in the hospitals during the night. Probably 200 were wounded. Crowds gathered at the Tenth district police station in the morning, where thirty victims, men and women and three children, were awaiting identification.

Some minor disturbances occurred Tuesday in different sections of the city, but no casualties have yet been reported. All day long infantry and cavalry patrolled the streets, which were crowded with people who did not spare their criticism of what was generally termed unnecessary slaughter. The popular irritation could not be concealed. The soldiers evidently wear nervous and open outbreaks resulting in a repetition of yesterday's terrible scenes were only averted by the evident desire of the authorities to prevent a clash, coupled with the fear inspired by the soldiers' bullets. The population is most bitter against the military and government officials expect many attempts at revenge on the officers, all of whom are known.

PAYMASTER BECOMES WILD

C. S. West, United States Army Officer, Creates Trouble on Train.
CHICAGO—Excitement in a train on the Chicago, Milwaukee & St. Paul railroad was caused by C. S. West, a government paymaster, until recently stationed at Manila. He was returning to his home in New York on an extended leave of absence because of ill health.

Fifty miles outside of Chicago, the crew of the train say, West became violent. He attacked the conductor, who attempted to quiet him, and in the struggle several panes of glass were broken in the car. The men and women in the car fled into other coaches. The brakemen were called in and after a struggle West was subdued. He was carried into the baggage car and kept under control until the Union station was reached. From there he was taken to a police station, where he is being held. He was examined as to his mental condition.

2,000 TONS OF HORSE MEAT.

That Amount Was Used in Berlin Last Year.
WASHINGTON—Horse flesh as an article of diet is rapidly becoming more popular in Germany, according to a report made to the state department by Frank H. Mason, United States consul general at Berlin. This is due, Mr. Mason says, to the rigid meat inspection law recently passed in Germany, and which is operative upon all meat imported into the country. In Berlin 13,000 horses were killed for meat last year, and the 4,000,000 pounds of meat which they yielded were vended in sixty-four shops. In Breslau the population of which is only 500,000, against 2,500,000 in Berlin, the meat of 3,500 horses was eaten. The working people are large consumers of horse meat.

Rudolph Will Be Hanged.
ST. LOUIS, Mo.—James A. Finch, one of the counsel for William Rudolph, who is to be hanged at Union, Mo., Monday for the murder of Detective Charles J. Shumacher, said Sunday night that he had interceded with Governor Folk over the telephone, but to no purpose. The governor informed him that he would not further consider granting a commutation of Rudolph's sentence.

Northwestern Issues Stock.
NEW YORK—The directors of the Chicago & Northwestern Railway company in a special meeting adopted a resolution for the issuance of additional common stock to an amount equal to 15 per cent of the total preferred and common stock now outstanding. The issue of stock has already been authorized by the stockholders. The stockholders have the privilege of subscribing at par to the extent of 15 per cent of their holdings on June 1. The new issue of stock is for improvements and betterments.

Provided Handsomely for Pets.
Quite a large sum was left by a Rajput prince some thirty years ago "for the maintenance in comfort" of his three favorite elephants and a pet tiger. A curious provision was that special trappings and cloths were to be provided for the elephants, while the tiger was to be regaled with a specially mentioned diet, and was to be provided with a solid gold collar studded with a large number of precious stones.

Cannot Reduce a Rate.
It is stated in Washington, that under the Townsend rate bill, if a rate is fixed by the Commission it cannot be lowered by a railroad. Should an emergency arise calling for a decreased rate, the railroads or shippers would have to appeal again to the Commission, there being no latitude allowed, whatever the circumstances. Hitherto a maximum rate has been the rule, but no such concession is made under the proposed legislation.

Poor Russian Peasants.
So poor are the Russian peasants, says Dr. E. J. Dillon, in an article in the Nineteenth Century, that even the roach and black beetle can not find sustenance in their huts.

Unique Jail.
The town of Kenneth, Cal., has no jail building. So it has put an iron door at the mouth of a mining tunnel, and the tunnel makes a roomy and secure calaboose.

On the borders between China and Russia, in Asia, is a good-sized town known as Marinatchin, which inhabited exclusively by men. An old law forbids women to live there.

"IT SAVED MY LIFE"
PRAISE FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham: Dear Mrs. Pinkham:—

"Before I wrote to you, telling you how I felt, I had doctored for over two years besides and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain, with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, my monthly periods started; I am regular and in perfect health. Had it not been for you I would be in my grave to-day. I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

Another female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes. Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Does Your Doctor Know

What's the matter with you? If he does, the chances are he may help you, but many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disorder, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality they are all only symptoms caused by some womb disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said that "a disease known is half cured." In cases almost innumerable, after all other medicines had failed to help and doctors had said there was no cure possible, the use of Dr. Pierce's Favorite Prescription, supplemented when necessary by the medical advice and counsel of Dr. Pierce, has resulted in a perfect and permanent cure. The goodness of these cures is attested not only by the entire disappearance of pain, but by a gain of flesh, a clear complexion and a cheerful disposition.

Cures Obstinate Cases.—Favorite Prescription is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive flowing, painful menstruation, unnatural suppressions and irregularities, prolapsus or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation and tenderness of the ovaries, accompanied with "internal heat."

Reliable dealers recommend "Favorite Prescription." With tricky ones, something else that pays them better will probably be urged upon you as "just as good." Perhaps it is for them, but it can't be for you. Dr. R. V. Pierce, Buffalo, N. Y.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored **LION COFFEE**, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.
Use LION COFFEE, because to get best results you must use the best coffee. Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

- 1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.
- 2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.
3. Don't boil it too long. Don't let it stand more than ten minutes before serving. DON'T use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.
1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.
2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.) (Lion-head on every package.) (Save these Lion-heads for valuable premiums.)

MOST PROFITABLE FARM INVESTMENT.

This is what the Cream Separator has proved to be. Twenty years of experience upon the part of hundreds of thousands of users in every country of the world bear witness to the fact. No one disputes it. There never was a better time to make this all-important farm investment than the present. Butter is undeniably high in price. It is most desirable that none be left to waste, and that the quality be such as to command top prices. If you have cream to separate you cannot afford to delay this investment a single day. If you haven't the ready cash the machine will earn its cost while you are paying for it.
