FOUR BIG DEALS
Sale of Reck Building to Marks and Purchase of Norton Corner Mean Much for Alliance.

The public was surprised Monday afternoon to hear of the sale of the Reck block to C. E. Marks, the consideration being \$3,500.00, and the Marks Saddlery Co. now own and occupy their own building, one of the most desirable business corners in town.

The community was still more surprised later in the day to know that W. W. Norton had sold to Sang G. Reck, the two vacant lots on the corner of Box Butte avenue and Cheyenne avenue for a consideration of \$3,700.00. Mr. Reck has already completed plans for the erection of a handsome two-story brick block on that corner, to be occupied at once by either a mercantile firm or modern hotel. Mr. Reck refused to say which. Should the building be used for mercantile purposes the basement and first floor 50 by 100 feet will be used as a mercantile house, general merchandise and clothing, or a department store, while the second floor will be used either for lodge rooms or offices. In either event the building will be put up at once, and it is confidently believed that the W. D. Rumer department store will occupy the first floor and basement!

This is the most desirable corner in the city, and in fact the only desirable business location now vacant, and the building of a modern business block means much to the city.

Nate Hart came down from Lead, S. D. Monday and renewed old acquaintances and combining business with pleasure sold his building now occupied by the Horace Bogue store, adjoining the Famous clothing store to Frank Wiltson. The consideration was \$6,000. The Bogue store will continue to occupy it. The second floor is occupied as an office building. Nate has recently organized a base ball team at Lead, and arrangements are pending that may result in his ball team coming here to play our boys for a purse on the fourth. Naturally Nate wants to celebrate here, as Alliance is his first, love.

Mrs. Sarah Rodgers, widow of Jas. Rodgers, deceased, has purchased the R. B. Hamilton residence property opposite the high school building on Box Butte avenue, and will occupy it in the near future. Consideration \$3,000.

Mission Next Week.

Beginning next Sunday and continuing a week, there will be a mission conducted at Holy Rosary Catholic church of this city, under the direction of the renowned lecturer and church missionary, Father Lambert. Arrangements will also be made to give a like religious service at Hyannis at about the same time, under the supervision of Father Murphy, who comes here with Father Lambert. The mission will be for all, and especially non-Catholics are invited to the sermons, which will be delivered every evening. Following is the daily order of services:

5:30 A. M.—First Mass with short sermon
8:00 A. M.—Second Mass with instruction
7:30 P. M.—Special instructions
7:30 P. M.—Services and principal sermon

Farming in Colorado, Utah and New Mexico.

The farmer who contemplates changing his location should look well into the subject of irrigation. Before making a trip of investigation there is no better way to secure advance information than by writing to those most interested in the settlement of unoccupied lands. Several publications, giving valuable information in regard to the agricultural, horticultural and live stock interests of this great western section have been prepared by the Denver & Rio Grande and the Rio Grande Western, which should be in the hands of all who desire to become acquainted with the merits of the various localities. Write S. K. Hooper, G. P. & T. A. Denver, Colo.

Recovered Stolen Goods.

Part of the goods stolen from "The Right" clothing store some time ago, were recovered Saturday. P. Romig, who works in the Burlington yards here, found a new suit case in an empty box car, where the thieves had no doubt left it, as it was too bulky, and in it was about \$30 worth of the stolen stuff, and most of it had been worn some or tried on and perhaps it did not fit and was left behind. No trace of the robbers so far.

Injured in a Runaway.

Little Margaret Briggs, the five year old daughter of D. H. Briggs, was seriously injured in a runaway last Saturday near their home ranch, 25 miles southeast of here. A horse tied behind the buggy became frightened, tipping the rig over and spilling the occupants, little Margaret and her

grandmother, Mrs. Patmore: both were thrown out and Margaret's leg got caught in the wheel and was broken above the knee, and she was otherwise severely bruised. Mrs. Patmore was not seriously injured. A telephone message brought an Alliance surgeon there in two hours and a half and the little sufferer made comfortable as possible. We need a hospital.

Memorial Association Organized.

A permanent organization has been perfected that will insure the proper memorial day observances this year and forever after as the association is formed to perpetuate an association whose object it will be to commemorate the day. The meeting was called by Rev. Jeffers at the First Presbyterian church Sunday. The officers elect are:

Ira E. Tash, President.
Smith P. Tuttle, Vice President.
D. W. Hughes, Secretary.

The executive committee are: A. T. Henningway, Capt. W. R. Akers, G. W. Regan, S. M. Snyser, Ira Reed, D. W. Buttler, G. C. Jeffers, Mrs. W. C. Mounts and Mrs. Leora S. Rustin.

Messrs. Snyser and Henningway are delegated to prepare articles of incorporation for the perpetuity of the organization.

Memorial services will be held at the First Presbyterian church, Sunday evening May 28, Rev. Bogue presiding. Rev. Ray delivers the sermon. All the ministers of the city are invited to participate. After the sermon an opportunity will be given all those who wish to join the Alliance Memorial Association to subscribe to the constitution and be adopted at that time.

The memorial services will be conducted Tuesday afternoon and all business will be suspended while ceremony is in progress. The program will be found in these columns next week.

Orators at Hastings.

A large delegation of Alliance admirers of their young orator, Earl Mallery, were down at Hastings last week to attend the meeting of the state high school oratorical association contest. In the oratorical class were three contestants, Earl Mallery of Alliance, Harry Thompson of West Point and Ralph Falkenberg, of York. While the judges were discussing the merits of the contestants, both York and Central City conceded that Mallery had won, but to their surprise, the judges decided against him and gave the prize to West Point. Alliance is proud of her young orator and he was entitled to more than he received.

Among those in attendance from here were, Prof. W. H. Bartz, Mrs. Robinson, Mrs. Mewhirter, Clara Mewhirter, Blanche McDonald, Leah Kraemer, Ethel Nolan, Lloyd Johnson and Byron Ufford. Prof. Bartz was elected president of the association for the ensuing year.

Welcome Father DeVos.

Father DeVos, the new Catholic priest arrived Friday and entered at once upon his duties. He is small in stature but large in experience, energy and results. From the Spaulding Enterprise, his home paper, we note that since the advent of Father DeVos in that parish, there have been baptised in that church 975 children and a number of adults, 148 marriages and 208 funerals. But perhaps the most lasting and worthy monument he left behind was the Sisters' school, that now has enrolled 231 pupils, who are instructed in all the arts and sciences that go to make up the home.

Just before leaving he had the pleasure of knowing that the U. P. railroad company had through his efforts, donated a block of land to the city for a city park.

The city of Alliance welcomes Father DeVos and will work hand in hand with him for the location of like enterprises for Alliance.

An amusing incident occurred yesterday which serves to illustrate the character of the man. He was asked by a prominent business man to have a cigar. "No thank you" he replied, "I have not time to smoke. Besides I much prefer to invest my cigar money in books, believing that I can get more enjoyment out of them. Now don't understand that I object to you smoking, for I do not. I like to see men smoke if they enjoy it, but for me, no thank you."

Again we say, welcome to Father DeVos.

Bartlett Richards Returns.

Bartlett Richards and family who have been spending the winter in Southern California, returned Sunday morning from Denver, where they attended the national stock meeting. Mr. and Mrs. Comstock, who had been attending the Denver meeting, returned with them. Richards reports a pleasant winter, but regretted the necessity of leaving one of the children behind at a Denver hospital. The party spent Sunday here then left for their home at Ellsworth. Welcome home.

WE WILL CELEBRATE
The Glorious Fourth will be Celebrated This Year—Brush Up Your Patriotism and Come.

Monday night at a well attended mass meeting, steps were taken to properly celebrate the fourth in Alliance this year and no expense will be spared to have it eclipse any former occasion. The Eagle's scream will be heard from Broken Bow to Billings.

The men in charge are:

President, Mayor L. Buechsenstein.
Secretary, E. C. McCleer.
Treasurer, Glen G. Hampton.

The general committee who have the entire celebration in charge and who have full power to appoint sub-committees are:

Fred Holstein.
W. D. Rumer.
W. W. Norton.
W. O. Barnes.
Marcus Frankle.

They have appointed as committee on publicity:

W. S. Raker, Editor of the HERALD.
H. J. Ellis, Editor of the Semi-Weekly Times.
F. M. Broome, Editor, Pioneer Grip.

Negotiations are already pending to secure the Fort Robinson band and orchestra, and arrangements are being made to have the Alliance fire company take charge of the dance for the occasion.

Among the special attractions will be a balloon ascension and parachute leap from the clouds. The most thrilling spectacular scene imaginable. There will be races and sports galore and all will end in a blaze of glory, by a pyrotechnic display never before attempted in the northwest. Some special prizes will be given to the children for races in their class, and amusement will be furnished for young and old. In keeping with the spirit of the Roosevelt administration there will be a handsome prize offered for the largest family present.

Make your arrangements now to be here.

Japanese Fair.

The fair held at the First Presbyterian church last Thursday and Friday nights was a complete success in every way. Much credit is due the ladies who had the program in charge, and the children who performed. The program was all rendered in Japanese costumes, consisting of fan drills, parasol drills, marches and a Japanese wedding. After the program the Japanese dry goods were opened, where all kinds of fancy articles were sold. Ice cream, and cake were served by waiters in Japanese costumes.

Union Service.

Joint service will be held at the M. E. church Sunday night and Rev. McConnell of the U. P. church will preach the class sermon for the graduating class of the Alliance high school. No other church service will be held that evening and all are expected to attend the union service.

Pin in Her Throat.

Mrs. Marshall of Bayard, brought her little daughter to Alliance Saturday, who had swallowed a pin that had lodged in her throat. The doctor located the pin by the use of an X Ray and had very little trouble in removing it by the aid of a pair of forceps. We need a hospital.

Gleason Opening Postponed.

Owing to the inclemency of the weather last Saturday, the opening of the Gleason-Franklin ice cream parlors has been postponed one week. Remember the date, May 20, Saturday.

Dodge Delights Audience.

Lovers of the drama were given a treat by the Sanford Dodge people Friday and Saturday nights. Friday night the bill was Francesca Da Rimini and it was certainly fine, better to the minds of some than "Macbeth" played

Saturday night, but both were a rare treat to theatre goers. One might think that Dodge was the whole show, but such is not the case. Ten people were with him, and Miss Louise Marshal took the part of Francesca and Herbert De Guerre were as much the show as Dodge himself, and in Lady Macbeth, Miss Jessie Marshal distinguished herself. But all were good. Really no weak points.

RAILROAD RUMBLINGS.

Mrs. J. Armour leaves today for Hardy, Neb.

Dr. H. B. Smith, the relief surgeon, has been transferred to Burlington, Iowa, leaving for his new field Saturday morning.

The pay car was here Wednesday and distributed some \$45,000 among their employees here. Over \$70,000 was paid out on this division.

Breakman T. J. Campbell went to Kansas City this morning to attend the funeral of his brother, who was killed on the M. K. & T. Railroad, near Sedalia, Mo.

Fred Harris returned from Lincoln yesterday, where he has been preparing a new time card that goes into effect Sunday. The only change on the division will be extending the train service from Curtis to Sterling. Early in June another card is expected which will probably give Alliance two trains each way instead of one.

When at the banquet in honor of his promotion, J. R. Phelan said that he preferred the country boy as an employee, he meant it. Only this week he asked Doan College at Crete to supply him with some boys, from the country preferred, who had worked or was working his way through school, as he needed that kind of a boy in his office.

The heavy rains of the past week caused serious delay in the train service here Sunday. Passengers leaving here Saturday and Sunday morning did not reach Lincoln until Monday morning, and west bound trains were no better. A washout at Cairo, between Ravenna and Broken Bow caused the trouble on the Burlington, while the U. P. had similar trouble on their lines.

City Council.

The city council meeting Tuesday night was not well attended and no session was held. Adjournment was taken for one week. The matter of sewerage was thoroughly discussed however by those present informally. Mayor Buechsenstein, Councilmen Mollring and MacCray, and from the tenor of their talk the citizens can reasonably expect something definite in that direction, and that very soon. Council meeting next Tuesday night.

In order to more nearly get to the trouble with the water question, Judge Berry has been employed to platt the city water district showing every tap and connection in the city, that the water commissioners may more easily locate the loss. Water is going somewhere and the city father proposes to know where. There is likely to be an order soon for installation of a meter on every water tap in the city.

Bob Noleman is in Lincoln this week attending litigation in the supreme court.

NORTON'S

Bridge Burned at Bridgeport.

This morning about three o'clock, the Burlington bridge across the Platte at Bridgeport was discovered to be on fire, caused by sparks from an engine. Before the fire could be extinguished, about 400 feet of the bridge burned. Passengers from Denver were brought across the river on the wagon bridge and transferred to a freight train in waiting on this side and brought to Alliance with a delay of little less than two hours. It will be some days before the damage is repaired.

Married in the Rain.

At three o'clock this afternoon, during a heavy rainstorm, Judge Spacht performed a ceremony at the courthouse that made Mr. John W. Plymale and Mrs. Emma Filger Brown, one. The groom is a resident of Custer county and an old friend of Judge Spacht, while the handsome bride hails from Denver. The couple go to Colorado on their wedding tour.

Most Invigorating Bath in Great Salt Lake.

The late Charles Dudley Warner—author, editor and traveler—while bathing in Great Salt Lake, remarked to a friend that in all his travels he never before saw such a splendid combination of salt sea bathing, blue sunlit skies, pure mountain air and pretty women and children. The climate of Salt Lake City, while temperate the year around, is particularly delightful in summer, with its sunnys days and cool nights. One, three and seven-day tours to the mountains can be made from Salt Lake City. Tourist rates are now in effect via the Denver & Rio Grande ("The Scenic line of the World") and the Rio Grande Western ("The Great Salt Lake Route.") For beautifully illustrated pamphlets, etc., write S. K. Hooper, G. P. & T. A., Denver, Colo.
