Herd headed by CRIMSON SCOTT, 177035, Straight Scotch Breeding.
Herd numbers 90 breeding cows that weighing 1400 to 1800 pounds, a large number being pure Scotch, and as good breeding as was ever brought from Scotland. Experience has taught me that for breeding purposes cattle shipped in are very little good the first year, their constitutions must become accustomed to our high altitude and our grass. Hence animals raised here are preferable. I intend to raise them here. Good, first class Nebraska breeders, the equal to anything raised in the U. S. Come and see me. (20-6m)
