California to Alliance in an Auto.

Captain Corbin, accompanied by his chauffeur, arrived from San Francisco, Calif., last Saturday afternoon, making the long journey in his automobile. While the trip was one varied by smooth and rough roads, mountain climbing and desert wastes, the Captain, with his rugged spirit, enjoyed the novelty and looks heartier for it. The heaviest stretch of the entire journey was encountered in the sand hills between Bridgeport and this city. The distance traveled was 3,000 miles and the journey began June 6.

Meet After Fifteen Years.

Mrs. Rose Reardon was agreeably surprised last Monday by the arrival of her brother James Sweeney who arrived over the Denver route from California. The brother and sister had not met for more than fifteen years and in fact Mrs. Reardon knew nothing of Mr. Sweeney's whereabouts during these years, part of which were spent in the Klondike and supposed he was dead. Grandma Sweeney too was overjoyed to again see her son after such a long lapse of time. Mr. Sweeney lives in San Francisco and is enjoying good health and is prosperous.

Two Games of Base Ball.

The Alert fire department team of this city has organized a ball team and their first appearance on the diamond took place in this city last Saturday and Sunday, when they played Thedford team. In both games there were an abundance of scores on both sides and quite a few errors. The Saturday game was won by a score of 12 to 10 in favor of the firemen, and the Sunday game went to the visitors by 12 to 7. Considerable money was waged in both games and this created a lively spirit. Otherwise the contest did not excite the interest better games would have produced.

For Sale.

Three residence properties. Only small cash payment required. G. W. CLARK.

THE SEWER QUESTION

Meeting Held to Discuss the Proposition—Sentiment of Citizens to be Expressed.

The meeting called for last Thursday evening, at the city hall, to discuss the proposed sewer project was well attended and a business spirit prevailed. S. M. Smyser was called on to preside and R. M. Hampton acted as secretary. The questions of public expression, tax levy and civil engineer's survey were paramount before the meeting. The cost of a sewer necessary for adequate drainage is estimated to cost from \$25,000 up. The cost of employing an engineer to outline the work is estimated at \$150 to \$200. Mayor Buechsenstein in expressing his attitude stated that while he was in favor of a sewer system but before any other move was made he considered it best that a petition be circulated and the wish of the people ascertained. This met with the approval of those present and the meeting adjourned awaiting an expression of the citizens and the question of bonding the city and a special election. A committee composed of Mayor Buechsenstein, H. J. Ellis and W. H. Bartz, was elected to make a canvass of the city. So the general expression is favorable to the project, and no doubt the matter of sewerage will soon be under full headway.

RAILWAY NOTES AND PERSONALS

Brakman C. E. Bullock has left the service.

Vice President Willard of the Burlington passed through Alliance yesterday enroute to Frannie, Wyo., to look after the construction of the new road being built to Thermopolis. He was joined by Mr. Phelan on reaching Alliance.

C. Seville, who has been in the telegraph office in Alliance for the past two years, has been transferred to Deadwood to a much better position in the dispatcher's office. He took the place vacated by H. L. Fehliman who has accepted a position as dispatcher with the Northwestern at Chadron.

The Order of Railway Telegraphers held its annual division meeting in Alliance Saturday. This was the first meeting the boys held and of course felt good over the recognition. Superintendent Birdsall and Chief Dispatcher Holloway addressed the meeting. About thirty members of the order were present. J. B. Kennedy presided at the meeting and W. H. Prettyman of Ellsworth acted as secretary. A dance at the opera house concluded the operators' gathering in this city most pleasantly.

STOCK REDUCING SALE!

WE have had the largest business this spring and summer we have ever had since we came to Alliance. This shows that our goods are the right kind and that the prices are right. But we bought more goods than we ever did and the late season, that is, the continued cold weather, has left us with lots of summer goods that should have been sold under ordinary weather conditions, and in order to move them we are making big reductions.

OUR well known policy of handling and selling only well known standard brands has reaped a just reward. With **Hart, Shaffner & Marx** and **Sterling Clothing** we have cured many a man of the tailor habit. We can cure you of that habit too and put money in your purse in the way of savings if you will come and look at our
