Death of Mrs. Eugene A. Hall.

Death, the awful mystery that impresses mankind so forcibly, made itself felt most keenly in this city last night, when the soul of Mrs. Eugene A. Hall departed from its tenement of clay and when this morning's sun dispelled the darkness of night from almost every lip came the deep regret announcing her demise at the midnight hour. Deceased had been ailing for several days with an attack of appendicitis together with other complication that refused to yield to medical treatment and with the exhaustive, weak condition of the sufferer the end was apparent. Surround with everything to make life happy, an affectionate husband and loving son, Mrs. Hall resignedly laid aside the things of mortal life for the robe of immortality.

Deceased's maiden name was Minnie Baker. She was born at Leavenworth, Kans., Feb. 27, 1870, and with her parents moved to Ellsworth, Kans., at the age of three years, where she resided up to the time of her marriage to Mr. E. A. Hall May 17, 1893, when they moved to Hemingford, where they resided while Mr. Hall was sheriff. After a year's residence in South Omaha the family came to Alliance, where they have since resided. Besides her husband and son Albin, aged seven years, Mrs. Hall leaves her parents, Mr. and Mrs. J. F. Baker, who reside at Greeley, Colo., and four sisters and two brothers. Mrs. L. J. Card, a sister from Denver, and the parents arrived here today.

Funeral services will be conducted at the residence this evening at seven o'clock, and the remains taken over the Denver route tomorrow morning to Greeley, Colo., for interment, accompanied by the relatives.

Attempted Burglary.

George Darling had a few minutes' experience with a real live burglar last Sunday night. About 12:30, George had occasion to enter his furniture store and as he turned the electric light switch on he caught sight of a human figure making its way hurriedly to the basement in the rear of the building. Mr. Darling gave the alarm to several men on the streets and every effort was made to apprehend the invader but he escaped through the cellar door the padlock of which he removed on entering the store. In his hurry to get out the burglar left a white soft hat behind, which was daubed with grease from a candle. Nothing was missed from the store, and in fact it looked as if George had blocked the thief's game before he had proceeded very far. The police think they could return the white hat to the owner, but will wait till some future time.

Potato Growers Organize.

Quite a large number of potato growers of Box Butte county held a meeting at the court house in this city last Saturday and matters pertaining to their welfare discussed. The outcome of the meeting was a permanent organization with the following officers elected:

President—Chas. Bauer.
Vice President—A. Hadley.
Secretary—G. A. West.
Treasurer—Fred Bauer.

The next meeting will take place Saturday, August 12, when it is hoped that all interested will attend.

A Fine Piece of Horse Flesh.

Pete Watson of Sioux county drove to Alliance last Friday, bringing with him a fine young Kentucky-Demarc stallion, which was the attraction of all admirers of horse flesh. The animal is a bay in color and about five years old. He is as near a perfect form in horse flesh as one can find and weighs 1160 pounds. Watson surely has an animal that would prove a winner at a horse show exhibition. Claud Lester will take care of the saddle stallion and keep him in training at the race track.

A Third Clerk in the Postoffice.

Another indication of the increased volume of business at the Alliance post-office is the addition of the third clerk to Postmaster Tash's staff. Miss Arvilla Snow has received the appointment and entered upon her duties.

A VICTIM OF THE BENNINGTON

W. V. Kennedy, An Alliance Lad, One of the Killed as a Result of the Terrible Explosion in San Diego Harbor.

Word was received by L. M. Kennedy of this city shortly after the terrific explosion last Friday on the U. S. battleship Bennington, in San Diego, Calif., harbor, (a full account of which appears on another page of today's Herald) stating that his son, Ward V. Kennedy, was among those fatally scalded. Arthur Kennedy left at once for the bedside of his brother, and a telegram received yesterday stated that the young man had died the night before. Everything possible was done to save his life but to no avail.

Together with William Mumper, another Alliance boy, young Kennedy enlisted in the marine service the 1st of last February and both were assigned duty on the ill-fated ship. Mumper was one of the few to escape injury.

The remains of the deceased are expected next Sunday and the funeral will take place at the M. E. church at 2 o'clock Sunday afternoon.

Elks Will Entertain.

At the meeting of the B. P. O. E. last Friday evening an entertainment committee was appointed and at a meeting held by the committee Monday evening arrangements were made for bi-monthly social functions, the first to occur next Thursday evening, August 3. The fact that the Elks have one of the most commodious as well as finely furnished club rooms in the state will add materially to the pleasure of their entertainments. Music will be furnished by Spacht's orchestra. Percy Cogswell is chairman and J. A. Reardon secretary of the entertainment committee which is evidence that the program provided will be the best.

SOCIETY NOTES

Mrs. E. S. Jackson entertained a party of friends Tuesday afternoon in honor of her sister, Mrs. Betts.

Mrs. J. R. Phelan gave a reception Saturday afternoon and also entertained Tuesday evening for her guest, Miss Lacy, of Chicago.

Mr. and Mrs. A. T. Henningway gave a party at their home Monday evening complimentary to their sister, Miss Ruth White of Kansas City. About thirty young people were present and a most enjoyable time was had by everyone.

Boiler Inspector M. E. Wells and daughter Grace arrived in Alliance yesterday. Miss Wells will be the guest of Misses Swan and McDougald during her stay here.

A special train carrying delegates to the American Medical association convention passed through Alliance Saturday evening enroute to Chicago by way of Denver.

D. O. Ives, general freight agent for the Burlington at Omaha is going to the Wabash road soon. It is said that F. Montmorceny, second assistant general freight agent of Omaha, will succeed Mr. Ives.

C. N. Constable, who has been keeping time for Rooney's extra gang at Wier, was in Alliance Monday on his way to Guernsey, where he goes to take a similar position with the gang now laying steel for the Chicago mine spur.

The Perkins special train arrived in Alliance at 4:30 yesterday afternoon. The train stopped here about an hour and a half while Mr. Perkins' daughter and Miss Bacon of Boston dined with Mr. and Mrs. J. R. Phelan. Mr. Phelan accompanied the special south to Sterling. The Perkins special came in from the west.

RACING AND STOCK EXHIBIT

Proposition on Hand to Have Three Days' Meeting in Which Races and Agricultural and Stock Exhibits will Combine.

A movement is on foot among the business men of Alliance to hold a fair or harvest festival this fall and to add to it a list of races worthy the track. With this end in view, a public meeting will be held in the council chambers of the city hall this evening at which everyone is urged to attend and give expression.

With the magnificent crops and assurance of a bounteous harvest in this part of the state, it is most timely and appropriate to arrange for such doings that will interest and draw people from miles around. Added to this festival, which would prove interesting, a race meet is proposed. With the number of good horses that would be entered, this feature would prove a grand success.

There is a surplus of \$250.79 left over from the Fourth of July celebration and it is suggested to apply this sum in creating an expense fund to get the proposition under way. This is the most plausible scheme to give a public demonstration. It will be in the hands of home people and regulated so as to reflect credit on the city, as the Fourth of July celebration did. It is far ahead of turning the town over to a pack of skin flint street fair arabs, whose only ambition is debauchery and graft.

Let every one attend the meeting tonight and unite in making the affair a grand success.

THE CHURCHES.

St. Matthew's church Sunday, July 30, holy communion and sermon at 11 a. m. Sunday school at 10 a. m. Prayer and sermon at 8 p. m. Everybody invited to come. Services by Archdeacon James Cope.

All the usual services will be held at the U. P. church next Sabbath. Morning subject, "The Prodigal Son." Evening, "The Promise to Overcome." The T. M. S. meets Wednesday afternoon with Mr. Caven. The midweek prayer meeting Thursday evening at the church.

Regular services at the M. E. church next Sunday. Morning subject, "The Lighted Candle or the Exalted Light." Evening, "The Way to God." Epworth prayer meeting Tuesday evening at the home of Mrs. A. Froehle in West Lawn. Regular prayer meeting Thursday evening.

Will Take an Extended Trip.

Dr. F. M. Knight and Horace Bogue will take their departure in the morning on an extended trip. They will first go to Arizona, thence to Los Angeles and after visiting the principal resorts in California will see the Portland exposition. From there Mr. Bogue will go to New York to make purchases for his store and in all will probably be gone six weeks. Dr. Knight will be joined on the coast by M. L. Wright and they will spend sometime in sight seeing during the hay fever season.

James Lawson and Dr. Ancorn, government stock inspectors are here again to remain until the dipping season is over, the former having come from Wyoming and the latter from Idaho. S. I. Valentine, another inspector who was formerly located here, passed through Wednesday enroute from Utah to Broken Bow to which point he has just been transferred.

Hiram Wilson, a well known citizen of Box Butte precinct is in the city today. Mr. Wilson says his son has 160 acres of crop which is looking fine. The oats he believes will yield at least 40 bushels per acre. Besides the farming this family do quite an extensive dairy business, the income from this industry alone being over \$100 per month. How does that sound to you eastern renters.

Henry Crilly Seriously Ill.

One of Alliance's old land marks, Mr. Henry Crilly lies dangerously ill at his home on east Dakota street and his chances for recovery are few.

Mr. Crilly is suffering with strangulated hernia, and his condition became so acute Tuesday that a surgical operation was performed to relieve him. He rallied better than was expected and a short time it was thought he would recover, but since last evening the symptoms are less favorable and the worst is feared. As the patient is well advanced in years the chances seem less favorable.

Mr. Crilly is an old employe in the car-cleaning department of the Burlington at this place and is a man with strong force of character and has a good word for everybody. The boys on the road say no matter what the weather might be, it was always sunshine to good old Henry. And that it may yet continue so after this cloud passes by, is the wish of his many friends.

Hugh McGuire Injured.

Brakeman Hugh McGuire who was thrown from a car at Crawford today was brought to Alliance this afternoon and his friends are pleased to learn that his injuries are not so serious as first reported. A gash was cut in his head by striking on a rail and his spine injured, however the doctors do not anticipate any serious results.

Will Morrissey arrived recently from Valentine to take a position in the office of the International Harvester company and will probably travel for this concern in a few weeks. He is a brother of Andrew M. Morrissey, the well known attorney.

C. H. Evans, an enterprising young stockman-farmer from the northwest part of the county was in the city Saturday on business. Mr. Evans has a field of corn in the northwest corner of the county which he expects a yield of 125 bushels per acre.

Mr. and Mrs. S. M. Smyser received a telegram this morning from their daughter, Mrs. A. B. Slade, advising them of her departure from Los Angeles, her home last night. She is expected to arrive here Sunday and will visit her parents during the summer.

F. M. Wallace returned Tuesday night from Scottsbluff where he visited his brother a couple of days. Mr. Wallace reports a terrific rain and hail storm between Bridgeport and Bayard Tuesday evening which was very destructive to the crops. The water ran over the railroad track in several places.

A ladies' Highlander pin found on the street Saturday evening by Mr. Sann will be given the owner by calling at this office.

Our ice cream, crushed fruits, etc. at the fountain are delicious. J. E. Joder. 30
