**Alliance to have a Circus.**

**Alliance Man Elected.**

E. P. Woods of this city went to Sheridan last Saturday to attend a meeting of the Royal Highlanders Representative castle, which convened for the purpose of electing a delegate to the Executive castle which will meet in Denver September 11. We are glad to state that our townsman, Mr. Woods, was elected for this responsible position.

**Assessed Valuations.**

The assessments of the State Board Equalization is given out shows Box Butte county's levy to be practically the same as that made by County Assessor Reed as is as follows: General fund, 4 1/2 mills; school fund, 1/2 milli-

university fund, 1 mill; redemption fund, 1 mill; total tax, 7 mills.

A raise of 10 per cent was made on mules, jackasses and jennies, but as there are only a few such animals in the county, stock owners are not hit very hard. Simon Spry owns a four-legged jackass, and as the law does not include others, he is about the only tax payer on this kind of live stock who must pay the increase.

### LAWN SOCIABLE

**Ladies of Holy Rosary Church will Entertain.**

The ladies of Holy Rosary church are arranging to give an outdoor sociable on the beautiful lawn about the church parsonage. Refreshments including sandwiches, coffee, ice cream, cake, etc., will be served. The committee in charge is as follows: Mrs. Hillier president, Mrs. Moran, Mrs. McDermott, Mrs. Connors, Mrs. Reardon, Mrs. Kraemer, Mrs. M. Nolan. Solicitors: Mrs. C. Brennan, Mrs. Moran, Mrs. Fallen, Mrs. M. Nolan, Mrs. McDermott.

**High Diving at the Race Course.**

A large crowd gathered at the race course last Sunday afternoon to witness the high-diving performance by J. L. Gibbs, the cripple diver, which proved very exciting and interesting.

Gibbs made two leaps. One from a height of 50 feet and the second at a height of 75 feet.

Mr. Gibbs will give another exhibition of high-diving next Saturday evening, when he will make two leaps from the high scaffold into a pool of water only three feet deep. The descent will be made with the actor's clothes in a blaze of fire.

Sunday afternoon Gibbs will again repeat the daring acts twice. At heights of 50 and 75 feet.

Sunday evening there will be a special attraction. Mr. and Mrs. Gibbs will make the perilous leaps in flames of fire at 75 feet.

General admission to each entertainment is placed at 25c, and is fully worth the money.

**Big Time for the Eagles.**

The Eagles society of this city in company with several other like organization in this part of the state are looking ahead to the big doings that the national convention will give at Denver next week. It is expected that one of the biggest crowds that ever visited the capital of Colorado will be there when the Eagles convene.

**Commissioners Meet.**

The county commissioners have been in session since Monday and adjourned today till August 19. The levy was made and a number of claims allowed, but the business transacted will not be ready for publication till our next issue. The valuation of all property in the county is \$1,036,109.29, which is a trifle less than last year. The county levy is 13 mills, same as last year, and the state is 7 mills, a half mill less than last year.

**Races Next Saturday.**

The races at the track Saturday afternoon at 3 o'clock promise to be very interesting. We are informed that there will be some horses entered by persons not residents of Alliance.

E. A. Hall returned yesterday from Greeley, Colo., where he took the remains of his beloved wife for interment July 28. His son Albin will remain there with his grandparents and attend school. Gene's host of friends will be pleased to learn that he will continue to make Alliance his home.

THE HERALD has received many compliments for its enterprise in publishing in full the decisions of the supreme court judges in the Yahnke murder case last week. This was published in this paper exclusively and the expense therefor was nearly \$20. We believed the people wanted to read the opinions and we were not mistaken.

W. J. Coleman of Chicago and W. J. O'Keefe of Clinton, Iowa, the latter a cousin of the editor, arrived in the city Friday and remained till Sunday when accompanied by the writer a trip was made through the Black Hills. This was their first visit to northwest Nebraska and they were surprised to find such a prosperous country and especially to see a city of the size and progressiveness of Alliance. "Uncle Zed" Goodwin returned last Saturday from Hot Springs where he spent a week taking baths. He was greatly benefited and feels better than he had for six months previous. By the way, Dr. Bellwood who was also

at that resort last week says that "Uncle Zed" furnished a good deal of entertainment for the patrons of the plunge. Notwithstanding that he is 84 years of age, weighs over 250 pounds and had not been in water for twenty years he could stand on his head in the water and make the longest dives of anyone there. **Ship Seven Cars of Cattle.**

Hon. E. F. Ankeny of Mumper had seven loads of very good sand hills cattle here yesterday, heading a string of spayed steers that brought \$3.20. Frank says that everybody in the sand hills is busy buying now and the crop will be very large. Cattle are looking well, although they are rather soft owing to the large amount of rain they have been having all summer. Municipal affairs in Mumper are going along about the same as usual since the spring election. Repeated charges of graft, particularly in the matter of public lighting and street railway franchises, seriously shook public confidence in the Ankeny administration and the result was the genial statesman was relegated to private life. The new administration under the leadership of Hon. Gene Parks is making a good record. They are at present contemplating the erection of waterworks, but Mr. Ankeny is going to oppose the proposition tooth and nail. He says city taxes in Mumper are already too high and besides the indications are that they will have plenty of rain for all practical purpose anyhow.—South Omaha Stock Journal.
