Gentry's Street Parade.
The street parade given this season by Gentry Brothers' famous trained animal exhibition is in keeping with the performance which takes place under the white tops. By the parade the performance can be judged. Between 11 o'clock and noon on the day of exhibition the parade will pass through the principal streets of the city. No traveling exhibition of any kind has a finer collection of animals and no other trained animal show can boast of so many beautiful miniature chariots, carriages, wagons and buggies. But as the parade will tell its own story the general public is invited to act as inspectors and critics and to judge for itself as to its magnificence and beauty. Eleven o'clock is the appointed hour and those who miss it can blame themselves. Will exhibit at Alliance, Tuesday, Aug. 29.
Stock Dipping Certificates—The form of blanks proscribed by Government Stock Inspector Dr. L. S. Campbell especially for THE HERALD are kept in stock at this office. 1f
