Sam Smyser Jr., will Enter Stanford.
Sam Smyser took his departure last Saturday morning for Palo Alto, Calif., where he will attend Stanford University. This institution of learning, which was founded by United States Senator Leland Stanford and maintained with his millions, is one of the finest in the country and the Stanford grounds comprise one of the most beautiful places in California. Young Smyser was a member of the graduating class of the Alliance high school last spring and THE HERALD is pleased to see Alliance represented at this famous university by an upright and brainy student as Sam. The evening before his departure about twenty young friends gathered at his home to spend the evening and say good bye. He was accompanied to Denver by his father, who returned Monday.

Putman Sells Cattle to Kings.
On Monday, Frank Putman sold to Valentine King and Sons 450 head of cows at \$22.00 per head with 175 head of calves thrown in. The deal was negotiated by E. A. Hall.

A Word With Congressman Mondell.
Congressman Mondell of Wyoming passed through the city last Sunday on his way home to Newcastle from Denver, where he spent Saturday on business. The genial congressman is quite a discussor of arid farming and has great faith in the dry tilling scheme. He is a member of the board of irrigation, but has more faith in alternate bi-annual farming, which he says, will eventually bring every acre of table land under cultivation. Mr. Mondell gave THE HERALD reporter a warm welcome to attend the "pumpkin show," as he terms it, which is to be held at Newcastle this fall, and which his honor predicts, will be the greatest yet held, as crops in that vicinity are magnificent this season. Congressman Mondell would be the fit successor to Secretary of Agriculture Wilson should the rumor that he was to resign, be carried into effect.

The Colored Boys Defeated.
The game of base ball on the Alliance diamond last Sunday afternoon, between the colored team from Ft. Robinson and the Fire Department boys was decidedly interesting and resulted in a victory for Alliance by a score of 6 to 2. The visiting team put up a good game, but costly errors in the first, sixth and eighth innings lost the game for them, in which the fire boys made the six scores. In the eighth inning Green of the soldier team lifted a home run in right, which was followed with another score. The battery work of both teams was good and Umpire Ryan gave the boys a square deal in his decisions.

A Mother's Thrilling Experience.
A woman, with a baby, aboard the Denver train, last Saturday morning, had quite an exciting experience. The mother left the car to mail a letter on east bound train No. 42, which was several hours late, and while she was at the mail car the Denver train started out, carrying away her infant. The woman became greatly excited, as a matter of course, and ran after the train, shouting at the top of her voice for some one to stop it. A number of section hands saw the performance and flagged the train, when she leaped aboard as alert as a girl of 16, and was overjoyed as she grabbed the little tot in her arms and hugged it almost to death.

Modern Woodmen Flourishing.
A class of twenty-five new members were initiated into the mysteries of woodcraft last Friday evening in this city. The M. W. A., which probably has the largest membership of any fraternal insurance order, continues to thrive in all parts of the country. After there ceremonies refreshments were served.

Do You Want Garden Seeds?
We have received a letter from Congressman Kinkaid requesting us to publish that he wishes all residents of the Sixth congressional district, who desire garden seeds to be sent to them for next year, to notify him by postal card, soon. Address, O'Neill, Nebraska.

Gentry's Street Parade.
The street parade given this season by Gentry Brothers' famous trained animal exhibition is in keeping with the performance which takes place under the white tops. By the parade the performance can be judged. Between 11 o'clock and noon on the day of exhibition the parade will pass through the principal streets of the city. No traveling exhibition of any kind has a finer collection of animals and no other trained animal show can boast of so many beautiful miniature chariots, carriages, wagons and buggies. But as the parade will tell its own story the general public is invited to act as inspectors and critics and to judge for itself as to its magnificence and beauty. Eleven o'clock is the appointed hour and those who miss it can blame themselves. Will exhibit at Alliance, Tuesday, Aug. 29
