Earl Fosket left Sunday evening for Grand Island where he expects to attend a business college.

Mr. and Mrs. Patz of Davenport, Iowa, relatives of Mrs. A. C. Iverson, visited at the Iverson ranch last week. Their son, who was with them, will probably locate here. They returned to Iowa Wednesday night.

Don't neglect to have your picture taken at Hackett's photograph car. Will be in Hemingford Sept. 25.

Alvin Hackett will be in Hemingford with his photograph car September 25, and remain a couple of weeks.

Those desiring dental work done, should call on Dr. Koons, who will be in Hemingford September 22 and 23.

Mrs. Frank Gardner and children left Wednesday morning for Rapid City where her husband has employment.

Mrs. Crossby and children left Saturday morning for Fremont, having spent two weeks with her daughter, Mrs. Harold Olds.

Henry Lichte and Martin Solberg expect to leave for the Pacific coast Thursday with a view to locating there if they are suited.

A. M. Miller has embarked in the potato buying field. This will insure competition and will be pleasing news to the farmers.

Owing to the good grain crop in this vicinity it is reported that one of the elevator syndicates will establish a local agent here to buy grain during the fall and winter.

Simon and Andrew Iverson went down to Hecla Friday and bought 35 head of 2-year-old heifers which they shipped here this week.

Mrs. Leora Rustin was up from Alliance Monday and Tuesday giving examinations to those teachers who did not have time to finish up their examinations at the close of normal.

Dr. Smith, wife and son, Leo, left Wednesday morning for Yellow Stone park where they expect to spend a week after which they will return to their home in Los Angeles, Cal.

Some very excellent potatoes are being brought to market. The price at starting is quite low being 20 cents cash, and 22 cents in trade. The market seems to be strong at this price. New barley is selling for 25 cents and wheat at 56 cents.

A better freight ought to be gotten from here to the Missouri and the Mississippi. Middlemen should be eliminated and the potatoes should be handled direct from the producers to consumer. The potato commission men are reaping an undue profit from the shippers. Organization on the part of the growers will contribute to their receiving a just part of what the consumer pays. There are many farmers in this vicinity who see the need of an association and all that is required at the present time is some public spirited men to take the lead.

Indications are now that potatoes will be a fair price late in the fall and a very good price next February and March. In the writer's opinion good seed potatoes

will be worth a good round price next spring. The government reports states that all but a few localities have a very indifferent crop this year.

MARSLAND.

Operator Marone has been transferred to Belmont.

A. E. Bennett has gone to Lincoln to work at the barber trade.

G. A. Walbridge of Ardmore is here operating the B. & M. pump for a fortnight.

James Tollman returned from Omaha Sunday, having been there to market cattle.

Miss Attie Snow went to Lincoln to attend the State fair and is now visiting at her former home, Lushton.

Mrs. Mary Hughes and son John, and nephew Dick Thomas spent a week in Denver attending the reunion.

A. H. McLaughlin and son Hobart, returned from Denver Saturday, having attended the G. A. R. encampment.

Grandma Downey, a former resident of this place but now of Crawford is down for a visit in her old neighborhood near Belle.

John Kay, Will Nicholson, Peter Allison and Larry Ashbrook, all prominent stockmen from the river were in town Saturday and Sunday.

Mrs. Novotny, sister of Mrs. Hickey, came in from the eastern part of the state recently and is spending a few days at the ranch southeast of town.

A new section hand arrived at Peter Hunsaker's last Tuesday night. Mother and child doing well and Pete is happy over the addition of another lamb to his flock.

Otis Bass came in from Denver a few days ago, having experienced the unpleasantness of being on the wrecked train. Several passengers were killed and many wounded.

Louie McGogy has gone to Chadron to attend school at the academy. She was accompanied by her aunt, Miss Gertie Tollman, who went to see her settled in her new work.

We see that the city council of Alliance draws a line at women saloon frequenters. Nothing fair about that, gentlemen. If the saloon is a good place for a man, it's a good place for a woman. If it's a good place for the parents, it's a good place for the children.

Mrs. Bargrover received word that her husband, who has been in a hospital at Fort Dodge, Iowa, for several months,

died recently at the home of his sister near that place and was interred near Des Moines, Iowa. Mrs. Bargrover has the sympathy of her friends and neighbors.

J. Sullenberger made a trip to North Table Tuesday and while there saw three new steam threshers turning out the beautiful golden grain of which there has been large crops grown this season in that region. Mr. Coil, one of the foremost farmers, has two hundred acres all standing in shocks, which is said to be quite a sight.

There were a lot of red-headed cattle shippers in this place Saturday. Cars had been ordered for almost a train load of cattle but were not forthcoming until Monday night, consequently the stock was held in the pens from Saturday till Monday night which necessitated the purchase of considerable hay and much expense. Some talked of driving the bunch to Crawford and shipping over the F. E. but this idea was given up on account of scarcity of help.

CANTON.

M. A. Sheldon is building a dwelling house on his new homestead.

John Hickey had a fine colt and a fat steer killed by grey wolves a few days ago.

Joseph Kaper has the contract to build a school house on section 15-27-52, to be completed by October 1.

J. W. Shetler is reported improving at Hot Springs where he went for an operation. He expects to be home soon.

Rev. Boyer preached a very interesting sermon to the people of Canton Sunday and is expected to preach again next Sunday.

Otis Bass and lady came up from their ranch near Runningwater Sunday. They attended church and visited at Doc Randall's in the evening.

The items overlooked last week were the different schools commencing with the respective school mam'ns in charge. Miss Myrtle Broshar is teaching in district No. 31. Miss Ora Clayton in their home district, Miss Mary Hickey in the Ford-Posvar district, Miss Bessie Shetler in the Pool district, northeast of Marsland, Miss Grace Davidson, in the new district north of Canton, known as the Hickey-Johnson district.

When indigestion becomes chronic it is dangerous. Kodol Dyspepsia Cure will cure indigestion and all troubles resulting therefrom, thus preventing Catarrh of the Stomach. Sold by F. E. Holsten.

Ranchers Hurry Down Fences.

Reports from the special government agents to the district attorney's office are to the effect that ranchmen are hurriedly taking down fences which illegally inclose government land in the western part of the state. By this means they hope to avert suits which are soon to be brought in the federal court. Their action at this time is due to the announcement that no further notices will be given for ranchmen to remove fences from government lands.

Heretofore the government has given a sixty days' notice before filing a suit. If in that time the fences came down the suit was not filed. Now, however, the commissioner of the general land office, acting under the direction of the secretary of the interior, has admonished the district attorney that no notices whatsoever should be served upon land grabbers to have them remove their illegal inclosures.

Each day R. S. Rosh, deputy district attorney, receives reports from Special Agents Chambers and Defrees in regard to tracts illegally fenced. These reports are attested by a notary public and are used as data in filing civil actions against cattlemen who refuse to comply with the law in regard to illegal fencing. Several new suits are now in preparation to be filed.—Omaha World-Herald.
