Happiness. Happiness is the end of every man's philosophy, whether he be a philosopher of the schools or a philosopher of the fields and shops. But the question is, "What is happiness?" "What constitutes it?" Most of what we thought was happiness had the bitter of selfishness, but when our happiness consists in making others happy and helping them in their hour of need, there are no dregs in the cup we drink. And if there were, we would never know it, for this cup of joy is always full, and further, as long as we live there will be those who need our help, and consequently we cannot exhaust the contents of this cup.

Wild Pigeons Excite Comment. Rant H. Hewitt of Wethersfield saw flying over the town Sunday a flock of fourteen old-fashioned wild pigeons. This variety has not been seen in this section before for twenty years. Thirty or forty years ago they were very plentiful hereabouts. Sportsmen who heard Mr. Hewitt tell about the flock are considerably stirred up and wonder if the pigeons will return here after an absence of so many years.—Hartford Courant.

Could Get No Rest. Freeborn, Minn., Sept. 18th (Special)—Mr. R. E. Goward, a well-known man here is rejoicing in the relief from suffering he has obtained through using Dodd's Kidney Pills. His experience is well worth repeating, as it should point the road to health to many another in a similar condition.

"I had an aggravating case of Kidney Trouble," says Mr. Goward, "that gave me no rest day or night but using a few boxes of Dodd's Kidney Pills put new life in me and I feel like a new man."

"I am happy to state I have received great and wonderful benefit from Dodd's Kidney Pills. I would heartily recommend all sufferers from Kidney Trouble to give Dodd's Kidney Pills a fair trial as I have every reason to believe it would never be regretted."

Dodd's Kidney Pills make you feel like a new man or woman because they cure the kidneys. Cured kidneys mean pure blood and pure blood means bounding health and energy in every part of the body.

A Sweet Voice. The loud voice, the boisterous laugh, the noisy behavior, emanating from the pretty, tastefully dressed woman, are unmistakable evidence of an inner vulgarity, unsuspected were she merely judged by her appearance. Insincerity, too is nearly always betrayed by the voice. It even more than the eyes, is the interpreter of the heart. The face may deceive the observer by its masque, but the voice rarely. If the speaker lack sincerity, heart good-will, though the words be fair and all that is correct, there is that in the voice that betrays the lack, some flatness or unresponsiveness that "reverberates the hollowness."

It is not the physical defect in the voice—for this, though regrettable, is not the fault of the possessor—that mars it, so much as the lack of the moral quality, if one may be permitted the expression.

Coin for the Bride. In Holland when a girl is betrothed, it is the custom to place a money box, often in the form of a china pig, which must be broken before its contents can be taken out, on the hall table, or some other conspicuous place, and every one who calls is expected to drop a coin into it, which goes to help in furnishing the young couple's house. If the sum put in is a large one a paper is generally attached to it with the name of the given written on it. It is really a more sensible arrangement than that by which a mass of often useless presents is bestowed on a bride.

HONEST PHYSICIAN. Works with Himself First. It is a mistake to assume that physicians are always skeptical as to the curative properties of anything else than drugs.

Indeed, the best doctors are those who seek to heal with as little use of drugs as possible and by the use of correct food and drink. A physician writes from Calif. to tell how he made a well man of himself with Nature's remedy:

"Before I came from Europe, where I was born," he says, "it was my custom to take coffee with milk (cafe au lait) with my morning meal, a small cup (cafe noir) after my dinner and two or three additional small cups at my club during the evening."

"In time nervous symptoms developed, with pain in the cardiac region, and accompanied by great depression of spirits, despondency—in brief, 'the blues!' I at first tried medicines, but got no relief and at last realized that all my troubles were caused by coffee. I thereupon quit its use forthwith, substituting English Breakfast Tea."

"The tea seemed to help me at first, but in time the old distressing symptoms returned, and I quit it also, and tried to use milk for my table beverage. This I was compelled however to abandon speedily, for while it relieved the nervousness somewhat, it brought on constipation. Then by a happy inspiration I was led to try the Postum Food Coffee. This was some months ago and I still use it. I am no longer nervous, nor do I suffer from the pains about the heart, while my 'blues' have left me and life is bright to me once more. I know that leaving off coffee and using Postum healed me, and I make it a rule to advise my patients to use it." Name given by Postum Co., Battle Creek, Mich.

There's a reason.

James Reed, aged 60 years, was found dead in an attic at Lincoln. He had poisoned himself with carbolic acid about twenty-four hours before, while in a fit of despondency. He had been in ill health for several years.

J. E. Kelby of the legal department of the Burlington, received a message from General Charles F. Manderson, saying the General and Mrs. Manderson had reached the United States from Europe, where they spent the summer.

Red Willow county captured everything in sight in the line of premiums for peaches at the state fair, taking first for collection and first on five separate varieties, besides S. C. King of McCook exhibited the prize winners.

Improvements which will amount to more than \$10,000 were commenced at the Nebraska City stock yards last week. Fifty-two pens will be added to the yards. They will be all paved with brick and under cover and will be large enough to handle several hundred carloads of live stock per day.

The bronze statue of the late J. Sterling Morton, which was received from Paris a short time ago, has been admitted free of duty, by order of the secretary of the treasury, as a work of art intended for public purposes. The release from the surveyor of customs at Omaha has been received and the statue will be put in place at once.

James Hudsons, an insane laborer confined in the county jail at Lincoln, tried to commit suicide by drowning in the bathtub. When found by the attendants he was holding his head under the water in the half filled tub. The man was sent to the Lincoln insane hospital after having a hearing before the county insanity commission.

The active work on the first good road in Nebraska, under the direction of the government experts, is now in progress on the Nemaha bottom road running east from Auburn. Farmers have contributed freely, as well as business men, and one of the best roads in the state will soon be an actual fact. This is the first experiment of the kind in Nebraska.

The report of the department of the government bureau of statistics on internal commerce of the United States for the month of July shows a continued healthy growth of the grain business in Omaha. The report says: The receipts of grain at Omaha during the month of July reached a total of 1,513,000 bushels, and were nearly 100,000,000 bushels larger than a corresponding movement in 1904.

A peculiar accident occurred to a young man named Lick, living west of Albion, which resulted in his death. He was plowing and the clevis pin broke, throwing him over the plow handles and striking his head against the mold board of the plow, cutting his ear in two and a gash in the side of his face. He was taken home in an unconscious condition, from which he never regained consciousness.

The Owens & Lovelace Construction company and the Sub-Contractors Sanders and Reynolds have completed about eight miles of the Great Northern grade near Ashland, and the steel gang will go to work in a few days to lay the track. It has been rumored that the new town, about ten miles north of that city, will be made the junction and that a spur will be built from that point to connect with the Chicago, Burlington & Quincy to Omaha.

The Nebraska normal college at Wayne began its present term with a large attendance and the growth of this magnificent institution the ensuing year will no doubt exceed that of any year in its history.

The penitentiary made money during the week of the fair. A charge of 10 cents is imposed on each visitor for the service of a guide, and the money is devoted to a library and amusement fund. In all, during fair week, \$750 was collected in this way. Books, music and other extras will be bought with the money for the chapel and library.

Board Expects It Will Be Five Thousand Dollars to the Good.

LINCOLN—With the detailed expenditures yet to check up, Chairman Rudge of the State Fair board is of the opinion that the board will come out ahead of the game from \$4,000 to \$5,000. The total receipts of the fair this year amounted to \$40,244.45, or about \$3,000 less than last year. The new stock pavilion proved a good thing, especially because of the rain, and Mr. Rudge is anxious that a pavilion for exhibition of hogs be constructed during the coming year. The detailed receipts of the fair are shown in the following table compiled by Secretary Bassett and Treasurer McIntyre:

Table with 2 columns: Item and Amount. Includes General admissions (\$15,488.50), Amphitheatre (2,790.75), Quarter stretch (455.25), Reserved seats (75.75), Speed entries (1,360.00), Camping permit (2.50), Stalls and pens (1,125.00), Concessions (5,125.55), Miscellaneous (282.40), State appropriation (3,000.00), Railway coupons (10,452.75), Total (\$40,244.45).

MISS WARNER'S DISCOVERY. Is Able to Photograph the Colors of Nature.

LINCOLN—Miss Florence Warner has just declined an offer of \$1,000,000 for her patents of an invention to take photographs in the colors of nature. She is now in Chicago, perfecting a machine by which to line the camera plates, with color, at a rapid rate, and expects, to have it completed within a week.

When Miss Warner found her invention practical she communicated with camera people over the country. The Eastman company offered her \$100,000 for the invention with a royalty of \$75,000 a year. The company was to have an option to buy the invention within a year. The contracts were signed, when the company demanded that Miss Warner turn over the patents. This she declined to do. Then the contracts were cancelled. She has been visited by the agent of a large London company, but has decided to go into business herself. She has organized the Florence Chromatic Plate company.

Gets a Baby in Denver Depot. DENVER—Mr. and Mrs. Adelbert H. Browning of Pawnee, Neb., who have been attending the Grand Army reunion, left yesterday for home. As they were seated at the depot just before train time a strange woman approached and asked Mrs. Browning to hold her 1-year-old baby while she attended to an errand. She did so, and the woman disappeared, never to return again. Mrs. Browning found this note pinned to the child: "Name, Helen Brown. Born August 1, 1904. Take good care of her. She is of good parentage."

Location of Town in Doubt. FREMONT—The location of the new of Estina is still in the air. Vice President Hill of the Great Northern is expected here soon and will decide where the town will be. Estina, it is conceded, is the place where the line to Omaha leaves the Ashland line and is likely to be a place of some importance. It is possible that neither of the rival sites will win out.

Struck by a Bucket. PLATTSBOUTH—Wesley Knauss, a farmer, living near here, was working at the bottom of a forty-foot well, when an iron bucket, weighing fifty pounds, broke loose from its moorings and fell upon him. It struck him squarely in the face, breaking every bone and battering his face into a bloody pulp.

NORFOLK—While stacking hay at his farm, three miles southwest of Maunet, Neb., Andrew Brumquist, a farmer, 40 years old, slipped from the top of the stacker, turned a summersault in the air as he fell, struck on the top of his head and broke his neck. Death was instantaneous. Brumquist had a family.

Haddix Gets Twelve Years. BROKEN BOW—W. S. Haddix, who was found guilty this week of murder in the second degree was last night sentenced by Judge Hostetter to twelve years in the penitentiary. A motion for a new trial was overruled. Judge Sullivan states that an appeal will be made to the supreme court.

Reception to Mrs. A. A. Adams. SUPERIOR—A public reception was tendered to Mrs. Abbie A. Adams, the newly elected national president of the Woman's Relief corps, in this, her home town. The meeting was held in the Grand Army of the Republic hall and was presided over by a past commander, but the attendance was general and large. Expressions of congratulation and confidence were numerous, hearty and well spoken. The national headquarters of the order are established in Superior for this administration.

Tumors Conquered Without Operations

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in Cases of Mrs. Fox and Miss Adams.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by excessive menstruation accompanied by unusual pain extending from the ovaries down the groin and thighs.

If you have mysterious pains, if there are indications of inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Compound right away and begin its use and write Mrs. Pinkham of Lynn, Mass., for advice.

Read these strong letters from grateful women who have been cured: Dear Mrs. Pinkham:—(First Letter.) "In looking over your book I see that your medicine cures Tumor of the Uterus. I have been to a doctor and he tells me I have a tumor. I will be more than grateful if you can help me, as I do so dread an operation."

—Fannie D. Fox, 7 Chestnut St., Bradford, Pa. Dear Mrs. Pinkham:—(Second Letter.) "I take the liberty to congratulate you on the success I have had with your wonderful medicine."

"Eighteen months ago my monthlies stopped. Shortly after I felt so badly I submitted to a thorough examination by a physician, and was told that I had a tumor on the uterus and would have to undergo an operation."

"I soon after read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed, the tumor is entirely gone. I have again been examined by the physician and he says I have no signs of a tumor now. It has also brought my monthlies around once more; and I am entirely well. I shall never be without a bottle of Lydia E. Pinkham's Vegetable Compound in the house."—Fannie D. Fox, Bradford, Pa.

Another Case of Tumor Cured by Lydia E. Pinkham's Vegetable Compound. Dear Mrs. Pinkham:—

"About three years ago I had intense pain in my stomach, with cramps and raging headaches. The doctor prescribed for me, but finding that I did not get any better he examined me and, to my surprise, declared I had a tumor in the uterus."

"I felt sure that it meant my death warrant, and was very despondent. I spent hundreds of dollars in doctoring, but the tumor kept growing, till the doctor said that nothing but an operation would save me. Fortunately I corresponded with my aunt in the New England States, who advised me to try Lydia E. Pinkham's Vegetable Compound before submitting to an operation, and I at once started taking a regular treatment, finding to my great relief that my general health began to improve, and after three months I noticed that the tumor had reduced in size. I kept on taking the Compound, and in ten months it had entirely disappeared without an operation, and using no medicine but Lydia E. Pinkham's Vegetable Compound, and words fail to express how grateful I am for the good it has done me."—Miss Luella Adams, Colman Hotel, Seattle, Wash.

Such unquestionable testimony proves the value of Lydia E. Pinkham's Vegetable Compound, and should give confidence and hope to every sick woman.

Mrs. Pinkham invites all ailing women to write to her at Lynn, Mass., for advice.

Lydia E. Pinkham's Vegetable Compound: a Woman's Remedy for Woman's Ills.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 3/4-pound packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-oz. package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 oz." Demand Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks.

We pity the man who is unappreciated to the extent that his wife does not believe his smoking on the porch will drive away mosquitoes, and that he really smokes to keep the mosquitoes away from her fair skin.

DISFIGURING HUMOR. Brushed Scales from Face Like Powder—Doctor Said Lady Would Be Disfigured for Life—Cuticura Works Wonders.

"I suffered with eczema all over my body. My face was covered; my eyebrows came out. I had tried three doctors, but did not get any better. I then went to another doctor. He thought my face would be marked for life, but my brother-in-law told me to get Cuticura. I washed with Cuticura Soap, applied Cuticura Ointment, and took Cuticura Resolvent as directed. I could brush the scales off my face like powder. Now my face is just as clean as it ever was.—Mrs. Emma White, 641 Cherrier Place, Camden, N. J., April 25, '05."
