Born in Ireland in 1845, Thomas John Barnardo was of Spanish de- scent. A Protestant and nonconform- ist, his education was obtained in pri- vate schools, and at an age when the sons of well-to-do fathers begin, to form in their own minds ideas as to	that a child must be destitute. We search for them; we don't wait fo them to come to us. We have varying number of expert men and women always at work searching the common lodging houses, the street and lanes of squalid parts of the great cities of England, and in most of the doors are always open, our idea being that in every great center of population there should be a door open a which the feeblest little knock or cry

His work in the poor quarters had given him a new view of life, however, and ha mode up his mind that it was his duty to contribute something toward helping those who appeared unable to help themselves. As a beginning he estab- lished a Ragged School in the very center of squalid Stepney, to which	man driftwood of the slums, and from this material carving men and women He was without cant. He talked a little as possible of his work. He di- things. The great work of Dr. Baraardo now known wherever men of benevo lence and charity aid their fellows, did not develop without trials and tribu- lations. A Protestant Irishman, s nonconformist, he was at the first de nounced by the Church of Rome and the Church of England. He appeared
