LOSS OF APPETITE

Cold Sweats, Twitching Nerves and Weakness Cured by Dr. Williams' Pink Pills.

Nature punishes every infraction of her laws, and careless habits easily lead to the condition described by Mr. William Browne, of No. 1019 Lincoln street, St. Joseph, Mo. Mr. Browne is an expert tinner in the employ of the National Electric Co. He gives the following account of a trying experience:

"In the spring of 1902," he says, "while I was regularly working at my trade, I grew somewhat careless in my habits of eating and drinking, and finally found that my appetite was fickle, a bad taste lingered in my mouth, my nerves twitched and were beyond my control, my kidneys were out of order and cold sweats would break out over my body at odd times. Perhaps, while I stood talking with some one, this trembling of the limbs, and profuse sweating, and a severe chill would seize me. I became alarmed at my condition and, having read an endorsement of Dr. Williams' Pink Pills, I got a box and began to use them. They helped me at once. After I had used one box the twitching of the nerves, the trouble with the stomach and the cold sweats stopped and have not reappeared, and my appetite is good. I have told all my friends that Dr. Williams' Pink Pills cured me and I recommend them to everybody."

Dr. Williams' Pink Pills cured Mr. Browne because nothing can strengthen the nerves, except good rich, red blood—and Dr. Williams' Pink Pills actually make new blood. They don't act on the bowels. They don't bother with mere symptoms. They drive from the blood the cause of anemia, indigestion, nervous disorders, general weakness and the troubles of growing girls and women.

The pills are guaranteed to be free from opiates or harmful drugs. Sold by all druggists, or by the Dr. Williams' Medicine Company, Schuectady, N. Y.

Had Found a New Pleasure.

A new asphalt sidewalk had been laid in front of his home, and little Elmer was determined to walk upon it while it was still soft. His mother explained why he should not do so, but the temptation was too great, and at last he was brought in in disgrace.

"Mamma," sobbed Elmer, in disappointment. "You don't know how nice it is to walk out there; it's just like chewing gum with your heels!"—The Housekeeper.

Catching Tropical Fishes.

In the Bermuda islands some of the gorgeous tropical fishes found in the clear waters of that group are caught for aquariums by the use of a long handled dipnet equipped with a percussion cap. This cap is exploded by means of an electric storage battery, carried by the fisherman, if that name implies, who seeks out and stuns the fly beauties, when the fishes nose the cap about in their curiosity.

He Had a Pedigree.

A certain little girl became possessed, all on one day, of a baby brother and a puppy. The puppy was of valuable collie stock. A week passed and the puppy had been named "Scott," while the baby was still unnamed. The minister, happening to meet the little girl on the road one afternoon, asked her how it was that the puppy had a name and the baby had none. "Why Scott has a pedigree," said she.

NOTICED IT.

A Young Lady from New Jersey Put Her Wits to Work. "Coffee gave me terrible spells of indigestion which, coming on every week or so, made my life wretched until some one told me that the coffee I drank was to blame. That seemed nonsense, but I noticed these attacks used to come on shortly after eating and were accompanied by such excruciating pains in the pit of the stomach that I could only find relief by loosening my clothing and lying down.

"If circumstances made it impossible for me to lie down I spent hours in great misery.

"I refused to really believe it was the coffee until finally I thought a trial would at least do no harm, so I quit coffee in 1901 and began on Postum. My troubles left entirely and convinced me of the cause.

"Postum brought no discomfort, nor did indigestion follow its use. I have had no return of the trouble since I began to drink Postum. It has built me up, restored my health and given me a new interest in life. It certainly is a joy to be well again." Name given by Postum Co., Battle Creek, Mich.

A DESPAIRING WOMAN.

Weak, Nervous and Wretched from Wasting Kidney Troubles.

Mrs. Henry A. Reamer, Main and Garat sts., South Bend, Ind., says: "When I began using Doan's Kidney Pills I was so weak I could hardly drag myself across the room. I was wretched and nervous, and had backache, bearing-down pain, headache, dizziness and weak eyes. Dropsy set in and bloating of the chest choked me and threatened the heart. I had little hope, but to my untold surprise, Doan's Kidney Pills brought me relief and saved my life. I shall never forget it."

Gossip Going Out.

It is no longer considered good form to say a word against any one. An ill-natured criticism is a social blunder. Gossip, too, is really going out of fashion. True wit is a gift, not an attainment. Those who use it aright never yield to the temptation of saying anything that can wound another in order to exhibit their own cleverness.—Exchange.

Decidedly New.

The servant handed Mr. Highmore a letter. It was from Harold, the eldest son, who was at college. "Anything new in it?" asked Mrs. Highmore. "Yes," said the father of the family, in an agitated voice, as he glanced over the letter. He doesn't ask me for any money this time."

A Metropolitan Market.

It has many stories. Men fall and men win here. It requires good common sense and an interest in the subject to win. One man told me that he got to his place early and thought of nothing but his business during the day.—Earl M. Pratt.

Cured Her Rheumatism.

Deep Valley, Pa., Oct. 2d.—(Special.)—There is deep interest in Green county over the cure of the little daughter of I. N. Whipkey of Rheumatism. She was a great sufferer for five or six years and nothing seemed to do her any good till she tried Dodd's Kidney Pills. She began to improve almost at once and now she is cured and can run and play as other children do. Mr. Whipkey says:

"I am indeed thankful for what Dodd's Kidney Pills have done for my daughter; they saved her from being a cripple perhaps for life."

Dodd's Kidney Pills have proved that Rheumatism is one of the results of diseased kidneys. Rheumatism is caused by Uric Acid in the blood. If the kidneys are right there can be no Uric Acid in the blood and consequently no Rheumatism. Dodd's Kidney Pills make the kidneys right.

There is something peculiar about the man who takes no interest in baseball. He may be a person of superior intelligence.

BABY ONE SOLID SORE.

Could Not Shut Eyes to Sleep—Spent \$100 on Doctors—Baby Grew Worse—Cured by Cuticura for \$5.

"A scab formed on my baby's face, spreading until it completely covered her from head to foot, followed by boils, having forty on her head at one time, and more on her body. Then her skin started to dry up and it became so bad she could not shut her eyes to sleep. One month's treatment with Cuticura Soap and Ointment made a complete cure. Doctors and medicines had cost over \$100, with baby growing worse. Then we spent less than \$5 for Cuticura and cured her. (Signed) Mrs. G. H. Tucker, Jr., 335 Greenfield Ave., Milwaukee, Wis."

Poor humanity; the mother does not know half the time where the children are, and they do not know where she is the other half.

Medicines Have Stood Test of Time. "The leading proprietary medicines that have stood the test of time are of known therapeutic value," says a medical authority. "They are prepared in laboratories of the highest grade, under the care of skilled pharmacists, and they are made from approved formulas which, in many instances, have been the especial pride and specific of some successful physician. They have been tried in the crucible of public opinion and they have been found satisfactory by the people, for otherwise the people would discontinue using them."

The man who is anxious to scrape an acquaintance usually desires to go a step further and skin him.

Of what use are friends? In prosperity, a man has no use for them; in adversity, they have no use for him.

Don't do things in a half-hearted way. If a thing is worth doing at all, it is worth doing well.

Spencer Myra, colored, plead guilty in the district court of Otoe county to the charge of shooting with intent to wound, and was sentenced to serve one year in the penitentiary.

Rev. Campbell, an evangelist, closed his tabernacle camp meeting at Arborville last week with about a hundred conversions. The people showed their appreciation by donations of \$400.

Because his stomach had given him pains for the past few weeks, John Davis, aged sixty-seven, a pioneer settler of northern Nebraska, sent a rifle ball through the seat of trouble.

The Indian pow-wow at Decatur closed down after a month's festivities. The camp was located one and one-half miles west of the Omaha agency and was visited by many people from the adjoining towns.

Mr. T. Thomas, a farmer living near Lasshton, York county, was one of the lucky persons who drew a farm in the Bonesteel country. His number was not very near the top. Last week he was offered \$3,000 for his drawing.

Word was received at Beatrice by S. D. Ayres, an engineer on the Union Pacific road, that his brother-in-law, George Artist, a former resident of Beatrice and engineer at the water-works station at Cheyenne, Wyo., had been killed. There were no particulars.

For the second time with a couple of months, Adolph Stroh, of Hooper, suffered severe loss by fire when his barn was totally destroyed and with it four head of horses and harness. In the fire a short time ago his barn and ice house was destroyed, but at that time he was fortunate enough to get his stock out.

Frank Mumford of Gage county picked an ear of corn from his field which measured twelve inches in length, nine inches in circumference, and had sixteen rows of kernels. Every kernel was well matured and quite out of danger from frost.

Sheriff Sammons returned to Lincoln from Emerson, having in custody Martin Bly, a 19-year-old Kearney boy, who escaped from the industrial school about five months ago and stole a horse. He rode the animal to Kansas and sold it to the sheriff of Smith county. That official refused to hold the fugitive until an officer could reach there from Lincoln, and Sheriff Sammons has been on his trail ever since. He located Bly in Emerson.

A destructive fire occurred at the big farm owned by H. H. Squires, situated two miles northeast of Broken Bow. Mr. Squires orders a fire to be built on a tract of stubble ground, in order to clear it. A high wind was blowing at the time, and the flames soon got beyond control, spreading in all directions and creating general havoc. An alarm was given to the whole neighborhood, which was quickly responded to, all working until a late hour to save adjoining properties.

At Gordon complaint was filed against Senator P. H. O'Rourke, a prominent attorney of Gordon, for habitual drunkenness and he was taken before the country board at Rushville and sentenced to three years in the industrial asylum at Lincoln. He was taken to the asylum. Senator O'Rourke has long been a resident of Gordon and when not under the influence of liquor is one of our its brightest and most highly respected men. His kind, sympathetic nature has made everybody his personal friend and there is universal regret at his downfall.

The Board of Supervisors of Seward county has directed County Treasurer Schultz to advertise \$10,000 of the new court house bonds for sale on October 14.

No typhoid germs exist in the city water at Lincoln, according to the report made by Dr. Yung of the insane asylum and City Physician Slattery, who, for some time, have been making tests. They sampled the water from each pumping station. The F street well, it was discovered, is filled with germs, but they were not of typhoid or any other dangerous disease.

THE OMAHA HORSE SHOW.

Entries Rapidly Coming in for the Exhibition.

Entries have been sent in so fast during the past week to the secretary of the Omaha Horse Show which will be held during the week of October 9th at the Omaha Auditorium that the success of the show is assured.

When the date of October 9 was secured for the Omaha show, this placing it on the Big Four Circuit with Louisville, Omaha, Kansas City and Chicago, there was no longer any doubt as to the success of the undertaking.

The first show, held last fall, was an unqualified success and one of the best first shows ever held in the United States. The directors are confident this the second show will far surpass the first in all particulars.

More money is offered for prizes which will bring the professional horse-show men from the East and Canada, and there is more money for local entries \$10,000 in cash is a good prize list for any town to hang up. Many residents of the smaller towns are delaying their visit to the metropolis until the week of the Horse Show, preferring to do their shopping when there will not be as many strangers in the city as during Ak-Sar-Ben week, and when they will have the added opportunity to witness one of the finest exhibitions of horse flesh ever held in the west.

Many of the winners at Madison Square Garden, the largest horse show in the world, will be on hand, and they will find that they will have to strut some to take the blue ribbons away from the western horses.

Money for Soldiers. NORFOLK—Major Tracy of Norfolk announced that there are funds with which to pay those members of Company L, who belonged at the time the company was mustered in at Lincoln but all that could be found in Norfolk was a little squad of twelve. There were twenty-two members in all. Three of them are dead, two are regular soldiers, one is in the navy and sixty-four are in business in the west, from the Philippine Islands to the gold fields of Alaska. None have gone further east than Michigan.

NORFOLK—The real reason why Japan made peace with Russia on terms which surprised the world because of the lack of an indemnity was not magnanimity, after all, nor a desire to save blood, nor the thought that the cost of continuing the war would overcome a future indemnity if the report of Donald Mackay, an American capitalist who has been sojourning in Japan for several years studying conditions, is correct. In a letter to his brother, Dr. J. H. Mackay of this city, the tourist, who is now at Honolulu, declares that Japan was forced to back down and out of the struggle because of the great loss of life from the soldier ranks due to the black plague.

One man in every three of the Jap soldiers had succumbed to this dread disease before the war came to an end. The death rate was daily increasing and the Japanese epidemic constantly tearing down their soldiers, it was useless to continue the struggle when they had already won everything in sight and had terms very nearly their own way.

All news of the plague, declares Mr. Mackay, is strenuously suppressed because of the injury which its publication would work upon Japanese commerce.
