

A fitting climax to the series of bargain sales we have been conducting during the past few weeks.

RUMER'S

Watch for our hourly sales. Every one of these sales are conducted at a sacrifice on our part and is practically placing dollars in your pockets.

FINAL REMOVAL SALE

Beginning today and continuing until Saturday, Oct. 21st, at which time we must give possession of our present location. Original cost and retail prices will not be considered during this sale. The more we sell the less we will be obliged to move. We have reduced the prices on our clothing and dry goods wonderfully during the past four weeks, but this sale will eclipse any previous effort of ours or any other merchant in Alliance. We can quote but a limited number of the bargains to be found in this issue, but it is sufficient to say that we are endeavoring to close out every vestige of our stock and have decided to make this removal sale the crowning event of our merchandise career.

C. H. Connitt received a telegram Friday afternoon announcing the death of his father at St. Joseph, Mo., and with Mrs. Connitt and daughter Ruth, he left for there on the first train. Mr. Connitt writes that his father was accidentally drowned in a pond on his land, where he was making some repairs on a dam. Deceased was seventy-four years of age, but was in excellent health, and his death came as a shock to his family. Mr. and Mrs. Connitt are expected home Saturday or Sunday.

Enoch Boyer for Sheriff.
Another change has taken place in the candidacy for sheriff on the fusion ticket. When Frank Gilleran, who was nominated by the democrats and people's party, withdrew from the ticket, the name of H. E. MacCray was substituted, but after due deliberation, Mr. MacCray has announced that he finds it detrimental to his business interests to go into politics and hence he respectfully declines the nomination. But, as the old saw has it, "There's as good fish in the sea as ever were caught," and the two parties have hit upon an old-time and popular resident of Box Butte county for the office of sheriff. Mr. Enoch Boyer is the man, and there are very few HERALD readers who are not acquainted with the gentleman. Mr. Boyer is a man of excellent character and thoroughly qualified for the position. He came here from Wayne county, Iowa, seventeen years ago and located

a few miles east of Alliance, where he owns a good ranch. He is a man of integrity and by his untiring industry has been successful. Mr. Boyer moved to Alliance about a year ago and engaged in the bottling works business with Fred Harrison who are today doing an excellent business. As to the capability of this new nominee there is no question. Just in the prime of life—39 years of age, he is in excellent health and in every way capable. There is no doubt but what Mr. Boyer will prove a popular candidate and make a strong run.

School Report
Board of Education and patrons of Alliance City Schools:
Find herewith appended a partial report of the schools for the month ending Sept. 29, 1905.

Number enrolled for this month	720
Number of male pupils	357
Number of female pupils	363
Average daily attendance	666.40
Average number belonging	600.72
Per cent of daily attendance	96.37
Per cent of tardiness	50.57
Neither absent nor tardy for the month	405
Number present every day	461
Teachers absent without substitute (half days)	2
Times tardy	13
Visits to patrons	11

The enrollment for the first month this year exceeds the enrollment of the first month last year by eleven, and the per cent of attendance is somewhat better than for corresponding month last year.

The high school secured the flag for the next month on account of having perfect punctuality and the highest per cent of attendance, though the Seventh grade was a close second with perfect punctuality and but 42-100 of one per cent lower than that of the high school, but it is due to nearly all the rest of the departments to state that the per cent of attendance was very good.

The following is the list of rooms, names of teachers and enrollment of each room: High school 86; Eighth grade—Miss Horton, teacher, 52; Seventh grade, Miss Larvea, 40; Sixth grade, Miss Huff, 32; Fifth grade, Mr. Judson 45; Fourth grade, Miss Griffith, 40; Third grade, Miss Reed, 42; B Third grade, Miss McConnell, 39; Second grade, Miss Duffield, 45; Third primary, Miss Alexander, 48; Second primary, Mrs. Fritz, 46; First primary, Miss Frazier, 42; Mr. Burns, Fifth, and

Fourth grades 41. Third grade, Miss VanBoskirk, 38; third and fourth primary, Miss McCorkle, 33; First and Second primary, Miss Warren, 60.

Some arrangement for the accommodation of the library books purchased during the past season is imperative, as we have seventy-one volumes of choice literature that we are unable to place before the pupils on account of the want of place to exhibit the books.

The first month of school passed very harmoniously, and we believe this year's work will surpass that of former years.

Very respectfully submitted,
W. H. BARTZ, Supt.

The Gillette (Wyo.) News says that "Gillette will retain its far famed reputation of being the largest stock shipping point of any town on the entire Burlington system, this season's shipment exceeding any previous one by several hundred cars." We are inclined to think that Bro. Perry has overlooked Alliance, but then he's getting out such a live, up-to-date paper that we can excuse him for most any oversight.
