BROKEN BOW, NEBRASKA.

Herd headed by CRIMSON SCOTT,

Herd numbers 90 breeding cows that

weighing 1400 to 1800 pounds, a large

number being pure Scotch, and as good

breeding as was ever brought from Scotland.

Experience has taught me that for

breeding purposes cattle shipped in are

very little good the first year, their constitu-

tions must become accustomed to our

high altitude and our grass. Hence animals

raised here are preferable. I intend

to raise them here. Good, first class

Nebraska breeders, the equal to anything
