Time card school is now in session in the local yards. All employees are subjected to this examination yearly and while tending to aid new employes in mastering the knotty points of railroading it also has the effect of refreshing the memories of the experienced men.

Mrs. R. J. Dietlein was called to Burlington, Iowa, Monday on account of the death of her brother, Mr. Chas. Giebrich, who died suddenly at that place Sunday evening. Mrs. Dietlein was not aware that her brother was sick and the news came as quite a shock. Mrs. F. E. Allen accompanied her.

Train No. 302 was badly delayed this morning on account of striking some box cars at Minto. The cars were left on the side track and it is thought that the high wind last night blew them onto the main line. "Full Dinner Pail?"

Seventeen of the genus hobo were lined up before Judge Bullock Monday afternoon and called upon to explain why they were beating their way on Burlington trains, living a life of easy indolence such as is led by all the "vagrant train," and in other ways fracturing "Teddy's" doctrine of strenuousness. Their plea that the "full dinner pail" was but as an iridescent dream to men looking for work was without avail, and the judge reached into his grab bag and brought forth a sentence of five days at hard labor, with which they were presented.

"Merry Mary Janes."

The "Mary Janes"—no, they are not "Merry Widows." Quite the reverse; for the organization bearing the foregoing euphonious name numbers as its members several of our popular young ladies who have formed this club for the purpose of social pleasure. Shrouded in tantalizing mystery, regular meetings are to be held twice a month. There is so much esotericism connected with this club that the reporter is un-

able to give little more than a smattering of its workings. However, the initiation is said to be very impressive and the rules and by-laws particularly rigid. For instance, if a member marries she forfeits all rights of membership. If as in some clubs no new members are to be taken into the organization we predict a decreasing membership and venture the assertion that another Easter will not find the "Mary Janes" in existence. The mystic is foreign to our climate, but were there such individual in the county he could not retain his nature in the presence of the "Mary Janes." The following young ladies comprise the membership of the club: Misses Levita Barnes, Gertrude Hawkins, May Shrewsbury, Kate Hagerly, Anna Snyder, Nell Morris, Inez Hunt, Alice and Myrtle Carlson, Mame Christman.

Lakeside Depot Burns.

Train No. 46, going east, is probably responsible for the burning of the depot at Lakeside which occurred Monday night. The starting of the fire is attributed to a spark from the engine of this train as the only plausible solution of the origin of the fire. Agent Harry Brown, his wife and two babies were asleep in the building and did not discover the blaze until it was too late for them to do more than make their escape. Owing to the fact that the depot was a frame one and the continued dry weather it did not take very long for the fire to complete its work. Of course, Lakeside will soon have a new depot and as all the new frame buildings of the Burlington are roofed with fire proof roofing there will be but little possibility of fire from sparks.

Baby Show.

This is one of the attractive features of the annual bazaar and sale to be given by the ladies of the First Presbyterian church at the opera house April 28-29. All those having pretty babies they are willing to loan for the exhibition are asked to communicate with Mrs. W. W. Wood or Mrs. Dr. Thornton.

Arbor day proclamation issued by the governor designated April 22d as the day for good citizens to assist in the beautification of their respective communities by planting trees and other species of plant life.

Dime Novels or Carelessness?

On last Tuesday night there was quite a little excitement caused in rail road circles as result of the officials calling on the night marshal to tie himself to the depot and prepare to take in custody some parties who had attempted to wreck a Burlington train between Lakeside and Reno. It transpired on the arrival of the "train wreckers" that they were two youths named Weber about sixteen and seventeen years respectively, and the extent of their desperate work was that they had left a fish-plate, which they had been using to drive some tacks into their shoes, on the rail. The offense being committed in Sheridan county the local authorities have no jurisdiction, and hence the boys will be taken to Rushville to make explanation.

"Of Such is the Kingdom."

On Tuesday afternoon Mr. and Mrs. Ernest Gregg were called on to suffer the loss of their infant daughter, Esther Marian, aged six months. While the child had never been particularly strong still there was no apprehension of death

and the end came rather suddenly, calculations being the immediate cause of the little one's demise. Mr. Gregg was in Edgemont at the time the child died, but returned to Alliance Tuesday evening. The funeral was held yesterday afternoon and interment was in Greenwood cemetery. The Herald joins with their many friends in extending sympathy to the parents in their bereavement.

Box Butte Educational Rally at Hemingford.

One of the largest and most enthusiastic educational gatherings in the history of Box Butte county was held at Hemingford last Saturday afternoon. Nearly every part of the county was represented at this meeting, there being present boards of education, school patrons and teachers. A large delegation attended from Alliance.

Deputy State Superintendent E. C. Bishop delivered the principal address, his subject being "Progress in Agricultural Education." Mr. Bishop believes in the west—in her future development educationally and as an agricultural district. He aroused a great interest among the boys and girls in the potato growing and cooking and sewing contests.

As a result of this meeting two large organizations were formed, one composed of boys and the other of girls. These clubs elected officers and start out with flattering prospects of success.

Others who spoke at this meeting were I. E. Tash, Rev. Vallow, K. L. Pierce and D. W. Hayes.

Hemingford, as is her custom, tendered all visitors a cordial welcome and offered all royal entertainment.
