### Some High-Class Short-Horn Bulls.

I raised the bull calf that took first premium, also calf that took fifth in same class, in open competition, at our State fair in September 1907. My herd took fourteen ribbons, altogether. I now have thirty bulls, from one to three years old, which I would like to sell for fall delivery; a car load. I will sell from twelve to twenty; you take your pick for \$100 each. I will keep them for two months, feed them oats, alfalfa, etc., get them in good shape. You take them in December, winter them at home, and they will do you some good. J. G. BRENNER, 43-1 year\* Broken Bow, Neb.
