It is said there is an extra large crop of grouse this season. But as it is rather early to count the birds before they are hatched, we advise nimrods not to count on too many birds when they start out on the campaign of destruction.

Sam Albro will leave for Denver Sunday morning to assume his duty as one of the special police at the democratic national convention. We hope our worthy representative acting in this capacity will permit the Alliance Bryan "rooters" to go their best on this occasion. And we believe he will, for there is no more enthusiastic admirer of the illustrious Nebraskan than Mr. Albro.

The brick work on St. Agnes academy is completed and the plumbers will finish up possibly this week. The beautiful building will soon be enclosed and the work of completing the interior will be rushed along as fast as possible. It is thought that the sisters will be here some time during the latter part of July or first of next month to look to their part of the affair. Surely, St. Agnes academy presents a magnificent view. Contractor, Reck will soon have the brick work on the new public high school pushed forward and that structure too will add to the thrift and progressive appearance of our city.

There was war among the cement sidewalk builders one day this week when for awhile things were quite lively and knockout blows were wielded in every direction. Jealousy is said to be the "paramount issue" in the disturbance. One of the participants made a most enviable pugilistic record by knocking out three of the opposition. As a result of the unpleasantness, the city treasury is \$30 to the good.

Harry Skeels, a popular traveling salesman for the Heinz Pickle company, is interviewing Alliance merchants today. This concern carries fifty-seven varieties of its excellent products and it is said that Mr. Skeels contemplates adding another, which for fine flavor and general superiority will surpass them all. And it is pleasing to note that Box Butte will furnish the product for the fifty-eighth variety, Mr. Skeels having selected it as the best in the large territory he covers.

J. C. Parkin of Edgemont, S. D., stopped in Alliance last Saturday forenoon on his return from Logan, Iowa, where he had been to attend the funeral of a brother. He met a number of old-time friends during his brief visit here and it is his intention to spend a few days when he comes again. His son Roy was recently married and is principal of a school in Wyoming. The many friends of the family will be glad to learn that they are enjoying health and prosperity.

Ran Out of Gasoline.

Dr. Bowman received his new Lambert auto the latter part of the week, and is now prepared to reach a hurry call on short notice, provided he does not run out of gasoline, etc. The doctor is proving an expert chauffeur, not having climbed any telephone poles or trees up to this time.

Later—The editor has just received a telephone message from the doctor saying that he is stalled six miles northeast of Alliance where he run out of gasoline and we shall go to his rescue with our Buick, which, by the way, recently played the same trick on us when six miles northwest of town. Even the automobile man has his troubles.

Among those who will attend the national convention at Denver will be Conductor Dick Burke and his worthy understudy, "Billy" Heelan, who left yesterday morning to arrange matters. They have secured quarters for the great affair and can be found at the Brown Palace. Dick is slated for a speech and "Billy" is down for a clog dance at the convention, so that will help some in representing Alliance at the great gathering. After the strenuous work of the convention, Messrs. Burke and Heelan will go to Omaha for a few days' rest at Krug's park. They will be met at the train by a reception committee on their return home.

Mr. and Mrs. C. A. Newberry entertained a large number of young people—some were not so young but all were unmarried—in their fine new home last Thursday evening. The time was passed very pleasantly playing high five, followed by a delicious luncheon, after which a number enjoyed tripping the light fantastic toe. As champion card players, Miss Myrtle Carlson and T. N. Waller were awarded prizes, while Miss Ethel Nolan and A. W. Pierson carried off the consolation gifts. The married friends of Mr. and Mrs. Newberry will have their turn next for an enjoyable evening at this hospitable home.

C. A. Newberry and C. O. Aspenwall made a trip in the former's auto to Eldred's ranch, some thirty-five miles southeast, last Sunday. Although the roads were very sandy in many places, the high-wheeled machine went through without difficulty.

A Jewel Beyond Price.
Many years ago a Norwegian was taken to a big London hospital suffering from an illness which prevented him from earning his living. Sir Frederick Treves operated upon him and completely cured him of his trouble. Some weeks afterward the man called upon Sir Frederick at his private house, and, much to his surprise, presented him with a coin. At first Sir Frederick refused to take it, but the man would not be put off.

"It is now three years since I left my native land," he said, "and before I came away my wife gave me this coin and told me never to part with it unless I was starving. It is not worth anything, but the value to me I cannot express. When I was in the hospital I made up my mind that you should have it. Since you cured me I have been starving, but I would not part with the coin because I wanted you to have it as a small return for saving my life."

"What magnificent piece of jewelry," said Sir Frederick when he told the story, "could equal the value of that coin?"—London M. A. P.

Narrow Escape from Shocking Death

John Shirk, night employe at the Burlington shops, was quite painfully injured last Sunday morning while attempting to board the engine on train No. 42, which arrives here at 4 a. m. Mr. Shirk was doing work on the Denver passenger train locomotive at the time 42 came in, and as the engine of that train passed, he attempted to get on the steps between locomotive and tender but missed his hold on the rod and fell with his head so close to the rail that the boxings of the tender struck him as they passed, almost tearing the scalp from his head. He was in a most dangerous position and but for the timely assistance of Brake-man E. E. Terry who dragged him from beneath the train, would doubtless have been crushed to death.

The injured man was taken to Dr. Copsey's office where his wounds were dressed and he was carried to his home in the east part of the city where he remained unconscious the greater part of Sunday and Monday. However, no serious complications have appeared, and Mr. Shirk is now in a fair way to recover.

Two Games Taken From the Maywoods

And still the Alliance ball team has met no foe equal its metal.

Last Sunday the loudly heralded Maywood, Furnas county, ball team appeared on the diamond here to double up our aggregation and throw them over the fence. At least that was the expectation and a great crowd was on hand to witness the "stunt." For the first two innings of the game things looked mighty blueish for the Alliance team. Hull's work in the box was uncertain and the visitors pounded him for three scores. But things took a sudden change in the fourth inning and from then on the home team pounded the leather and the assistance of a number of errors succeeded in rolling up twelve scores, closing the game 12 to 7. The battery was Hull and Freer for Alliance, Vann and Ruppert for Maywood. Umpire, Leidy.

The second game was played Monday with Maywood and a better sample of ball playing was produced. The score was a tie in the ninth inning, Alliance winning by a score of 5 to 4 in the tenth. Batteries: Copsey and Freer for Alliance, Wacholtz and Ruppert for Maywood. Umpire, Guthrie.

Death of Truman Brown

The remains of Truman J. Brown, accompanied by his son, I. A. Brown, M. D., arrived here this morning on 43 from Zearing, Iowa, where Mr. Brown died last Monday of chronic nephritis, aged 83 years. Deceased was well known in this county, where he resided for twenty-one years, removing to Iowa five years ago. He was here only a few weeks ago looking after property interests and seemed in good health and spirits for one of his age. The funeral took place today from the Baptist church, Rev. Jeffers conducting the services, and the remains were interred beside his wife in Greenwood cemetery. Mr. Brown leaves three sons, T. F., of this place, Dr. Brown of Zearing, Io., and Cal of Chicago.

At the Phelan Opera House Tonight

At last local theatre patrons can feel assured of seeing the latest New York city plays at popular prices. The Lorraine Keene company, a high-class repertoire organization, will play a three-nights engagement at the Phelan opera house, commencing Thursday, July 2d, and will produce three of the very best plays now before the public, "A Merry Widow," "Are You Crazy?" and "The Lion and the Mouse." Just think of seeing such productions at 25, 35 and 50c prices. Miss Lorraine Keene is supported by a clever and capable company of real artists. Remember, this is not a cheap repertoire company playing a lot of old plays under new titles, but it is a high-class stock company playing only the latest successful productions.

B. E. Johnson of Hemingford returned this week from Omaha, where he purchased two cars of mowers and binders of the Johnson and Acme manufacture, also a large supply of twine. It will pay those in need of such machinery to call and inspect his line and get prices.

Rev. Jeffers conducted devotional exercises at the chapel Tuesday morning and also addressed the teachers, on "School Ethics." His remarks were practical and told in such a way as to make them interesting. The students hope he may be able to talk to them again during the session of the normal.

County Supt. Philipps attended the annual school meeting in district No. 14 Monday. This is his home district and he is anxious to have school matters in this district in a satisfactory condition. Monday at their annual meeting they voted to build a new school house, put in new desks and other necessary material.

Capt. W. R. Akers gave the second number of the lecture course at the Phelan opera house Wednesday night. It was an illustrated lecture on "The Holy Land." Views of Jerusalem and interesting places in and about Jerusalem were shown and explained by the captain. Capt. Akers has an illustrated lecture on Mexico, which he intends to give in Alliance at some date in the near future.

The ladies of the town came out Wednesday evening with a grim determination to haul down the normal colors in a game of basket ball, but once more the normalites carried away the victory. The game was hotly contested from start to finish. At the end of the first half the score was 1 to 1, but during the second half the normal girls gained on their visitors, and the score at the close of the game was 7 to 3 in favor of the normal team.

Dr. L. P. Ludden, secretary of the normal school board, was in town Monday and inspected the school, but was unable to remain to lecture Monday as was announced last week. Circumstances over which he had no control made it necessary for him to leave here Monday afternoon on 43. However, Dr. Ludden gave an address to the students at chapel on the subject of "Opportunity," and for an hour he held their closest attention by his eloquence and wit. It is unfortunate that the people of Alliance were not privileged to hear him.

Supt. Ritchie gave a chapel talk on the price a teacher must pay to acquire success in her profession. As a prelude to his remarks he read a parody, presumably of his own composition, on Poe's "The Raven," which gave the students an insight into the poetical tendencies of his nature, a characteristic not heretofore suspected, but which adds greatly to his value as an instructor in English. It is not known whether this poetry is a result of delayed spring fever or an indication that the little god of love has let fly a shaft in his direction. Further developments will be awaited with great anxiety by the student body.
