Gus. Hornburg returned this morning from an extended visit in the east and returns satisfied to enjoy the cool weather that prevails here at least during the nights. The heat in the east has been abominable, and he says people suffer a great deal as a result.

Manager Dunton of the Hotel Northwest returned last Tuesday from a business trip to Kansas City. The question of competent help is one that perplexes hotels and restaurants in Alliance and it was to secure this that Mr. Dunton went east. He succeeded in his efforts.

A brand of his make known as the "Sterling," is for sale at Brennan's drug store and is meeting with popular favor among Ed's old friends and "nut splitters" who are glad to see him make good.

E. K. Hayworth, of Antioch, who was brought to the Box Butte hospital about a week ago suffering with a severe case of blood poisoning, has so far recovered that he will soon be able to return home. His mother, Mrs. M. C. Hayworth, arrived here recently to see him and will go to the ranch with him.

A dog belonging to Mert Keane showed symptoms to hydrophobia last Saturday as a result of the intense heat and the police were called to kill the animal. It is said that the dog was almost bullet proof, having been shot at five or six times and then it required a pitchfork and club to finish up the dog.

Darling departed last Monday morning for a trip to the eastern wholesale headquarters for the purpose of buying a large stock of furniture in anticipation of the fall and winter trade, which he thinks will be quite active. While over at Andrews, near Crawford, Mr. Hamilton enjoyed a few hours' fishing, with the good luck that he and his associates caught forty-three trout, thirteen of which were taken by the truthful conductor. Of course, we don't vouch for this.

School district No. 130 has the distinction of having a lady director in the person of Mrs. R. N. Patmore who looks after its interests in a business-like manner. The building of this school was begun less than a month ago and last Sunday religious services were conducted therein. Mrs. Patmore was in the city last Tuesday attending to business affairs connected with the school district and other matters.

Father McNamara received a letter last week announcing that the sisters who will have charge of St. Agnes academy had left the mother house in Buffalo, N. Y. and were now at O'Neill, ready to come to Alliance to assume charge of their new institution. There will be ten sisters stationed at the academy here. It is also announced that Father McNamara will have an assistant priest about the first of September.

The condition of Ed Barry, who has been ill for a long time, has grown so alarming that it is feared that he has but a few days longer to live. His physician gives out no word of encouragement in his illness. Mrs. Nate Hart of Lead, S. D., is at the bedside of her sick brother, having been summoned here the first of the week when it was thought that Mr. Barry was dying. Everything that a devoted wife, sisters and brothers can do to make his condition as comfortable as possible is employed by them.

What a delightful change in the weather conditions. The continuous heat of the past few weeks was dissolved yesterday afternoon by a drenching rain that covered the greater part of this section of the state and as a result the atmosphere is cool and refreshing. Crop conditions were also benefited as a result of the moisture. Displays of small grain, potatoes, vegetables and the like that are being brought to the city are convincing proof that Box Butte county will again prove its fertility as a farming country despite the many hard knocks against it in the past. Providence is kind and distributes its treasures to all mankind but the wise ones here below are "knockers." Stand up for Box Butte.

The Country Fair given by the ladies of the First Presbyterian church at the Phelan park last Friday and Saturday evening was a decided success. The proceeds were \$240.00, three-fourths of which form a nucleus for a pipe organ for the church and one-fourth goes to the band. The grounds were lighted with strings of electric lights and the porch had been arranged for a stage where two one-act plays, entitled "Old Wine" and the "Kleptomaniac," were produced by home talent. The ladies taking part were Mesdames Bettelheim, Barker, Phelan, Geo. A. Mollring, McClell, Schlupp and Miss Mid Regan. All performed their parts very creditably and both plays were much enjoyed by the audience. Then there were several "side shows" where the "Merry Widow" and American and European beauties afforded merriment for those who visited them. As the "Merry Widow," Charley Tulley, with the original merry widow hat and director gown, was really bewitching and it is said that he had several proposals from young men of the town. Monte Hargreaves, Hugh Beal, F. A. Hively, Will Schlupp and Bernard Phelan also did some good stunts and succeeded in amusing young ladies. The ladies of the congregation worked hard to make the entertainment a success and are to be congratulated in their efforts.

## GRAND VAUDEVILLE

To be Given at Opera House Next Wednesday Evening.

Under the auspices of the Alliance council Knights of Columbus, and under the personal management of Maude Palmer Terrell, arrangements have been made to give the theatre-loving of Alliance an evening of vaudeville entertainment executed by local talent under the tutelage and management of Miss Terrell, who comes highly recommended as an educator and manager of theatrical performances. She recently gave the people of Chadron a season of vaudeville renditions with the help of local talent and the secretary of the Y. M. C. A., the manager of the opera house and Rev. J. R. Jenkins of that city have given written approval of her ability, which doubtless means that we may expect the same service with our local talent.

## That Sunday Ball Game.

The ball game between the "fats" and the "leans" last Sunday was as hot as the weather that prevailed. Bud Betzold, serene and self-composed, umpired the game without puncturing a tire or running out of gasoline, and when the game was finished it was aware that the "fats" were winners by a score of 6 to 5. Only five innings were played and this was enough, for the "fats" were beginning to fry in the torrid sun and the "leans" were showing indications of shrivelling up. It is said that no club, since the time the Bloomer Girls were here, were as attractive as the "fats" and the "leans" and they were the recipients of many bouquets from the grand stand as they "gracefully" chased the leather about the diamond. Keeler and Lund did the artistic work in the box for the heavy weights, while Beach and Ellis did their best for the hungryites. Following was the line up:

"Fats"	"Leans"
Keeler	catcher
Lund	pitcher
King	1st base
Bullock	2nd base
Laing	short stop
Ridgell	3rd base
Gadsby	long field
Barnes	center
Admire	right field
	Manning

Campbell Brothers ball team wanted a game of ball with the Alliance team Sunday after the "Fats and Leans" got through playing and they got it. The score was 13 to 0 in favor of the latter. Enough said.

## Kennedy-Rowland Nuptials.

The bans of marriage were performed at Holy Rosary church, in this city, yesterday morning by Rev. Father McNamara uniting in wedlock Mr. Chas. V. Kennedy and Mrs. Bessie W. Rowland, both of Hemingford neighborhood. The contracting parties are well known residents in their part of Box Butte county who will extend best wishes for a happy and long life of matrimonial felicity. The Herald wishes to join with them in extending congratulations.

A plunge bath and swimming pool, 40x60 feet in dimensions, is being constructed on the premises of Judge Berry, in the Simonson addition in northeast Alliance. The judge is going to have bath houses erected and everything conveniently arranged for those who wish to enjoy aquaria sport. The pool will be 3 to 6 feet in depth and supplied with water from a deep flowing well nearby. The work of excavation is about completed and the cementing of the bottom and sides will soon begin.

## Campbell Brothers Arrived Sunday

Alliance will be well supplied with circuses this season. Campbell Bros. aggregation arrived in the city Sunday

morning after showing in Crawford Saturday. While this circus is not as large as some others on the road, the performances are nevertheless interesting and include some special and attractive features. The menagerie and show of elephants, camels and the like is ahead of other circuses of like size. The performances held Monday afternoon and evening were fairly well attended despite the intense heat. Campbell Bros. is a distinctly Nebraska affair, making winter headquarters at Fairbury. The circus has just returned from a trip through northwest Canada, being within 105 miles of the southern Alaska border. The outfit is at Bridgeport today and will go south and east via Sidney.

## Happy Union of Young Lives.

The marriage of Miss Alicia F. Regan to Mr. Robert G. Holden was solemnized Wednesday afternoon at four o'clock by Father McNamara, at Holy Rosary church parsonage, in the presence of Misses Mary and Mid Regan, sisters of the bride, and Geo. J. Burke and T. J. O'Keefe. The bridal couple were attended by Miss Mid Regan and Mr. Burke. After the ceremony, which was most beautiful and impressive, Father McNamara dwelt on the important step in life the contracting parties had just taken which was the acceptance of one of the holy sacraments of God, and which meant happiness and blessing through life if considered in the light that it was given. The ties of wedlock means the fulfillment of two lives in union which, with divine blessing, knows no ending and the happiness thereof is the halo that surrounds the family circles, bringing peace and contentment to the members thereof. The simplicity of the marriage ceremony was most noticeable. The bride was attired in a traveling gown and the groom wore the conventional black.

A reception of invited guests followed in the evening from eight until ten o'clock, at the home of the bride's parents, Mr. and Mrs. Thos. Regan, which was a most enjoyable affair, during which time fully two hundred friends of these estimable young people came to offer their congratulations and best wishes. The interior of the residence was artistically decorated with choice flowers whose sweet perfume permeated the atmosphere and lent an enchanting influence over the beautiful scene. One room of the house was filled with beautiful wedding gifts which the guests had the pleasure of inspecting.

In the receiving line with Mr. and Mrs. Holden were Mr. and Mrs. F. A. Hively, the guests being introduced by Mrs. J. N. Andrews.

Mr. and Mrs. Holden are so well and favorably known that words of praise from us would only be superfluous. The groom was a resident of Alliance for several years, holding a position in the office of the general superintendent of the Burlington until six months ago when he was promoted to the position of chief clerk to Superintendent Lyman at Sterling, Colorado. He is a young man of reliable qualities and held in high esteem by a large circle of friends. The bride has resided with her parents in this city for the past ten years and her beautiful character and pleasing personality has endeared her to a host of friends.

Mr. and Mrs. Holden departed on the morning train for Excelsior Springs, Mo., where they will spend the next three weeks before going to Sterling to make their home.

## Market Reports Received

The latest live stock market reports are received at the King place in this city every day at 1 o'clock by telegraph with receipts of the day's shipments to South Omaha, giving stock growers the latest news of that stock market. A bulletin board has been arranged and the report is posted thereon each day. When shippers desire to learn conditions of the market all they will have to do is to call at King's place where the information will be given free. This report comes from the reliable firm of Tagg Brothers, South Omaha and is most authentic.

## Alliance to Hot Springs At Reduced Rates

Lets all go to Hot Springs next Sunday morning and have a genuine old-time outing. The fare will be reduced to \$5.40 for the round trip. Messrs. G. L. Greggs and W. O. Barnes have interested themselves in the matter and secured this rate from the passenger headquarters, though they swore on everything holy, when the 2-cent rate became effective, that no more excursion rates would be granted. So here is the time of our lives to go and have a day's outing, and by the way take our annual baths in the plunge-bath at the Springs. The regular morning passenger (41) Sunday will take the Hot Springs excursionists out and they arrive there at 10 o'clock. Returning, they will leave the Springs at 10 p.m., arriving here on 42 the next morning.

## High-Class Entertainment.

Maud Palmer Terrell, who with the assistance of home talent will give a vaudeville show in this city next Wednesday evening, has been given many complimentary notices by the press and societies under whose auspices entertainments have been given. The following endorsement from Chadron where she recently gave three entertainments is signed by H. J. Schley, secretary of the Y. M. C. A., S. M. Loomer, manager of the opera house, L. W. Gorton and Rev. J. R. Jenkins: "We wish to state that Maud Palmer Terrell of Chicago is one of the best dramatic and musical artists we have ever had the privilege of listening to. Her entertainments are novel and a distinct drawing card, displaying more versatility than is customary in a single entertainer. The musical monologues should have special mention, being unique and delightful. She not only gives programs without assistance, but puts on high-class vaudeville plays with home talent. She can have a return engagement in this city whenever she so desires. She is of high character and a hustler."
