25,000 PEOPLE GREET BRYAN

Notification of the Democratic Leader at Lincoln Yesterday a Great Scene—Speech of Acceptance Brings Great Cheers.

Yesterday was the greatest day in the history of Lincoln, and in fact the whole state of Nebraska, speaking from a political standpoint...

"Recognizing that I am indebted for my nomination to the rank and file of my party, and that my election must come, if it comes at all, from the unpurchased and unpurchasable suffrages of the American people..."

All roads lead to Fairview.

"State pride is a thing of the past," says Wm. Hayward. What have you to say to that, Mr. Nebraskan?

Now that airships are a proved success let us relegate automobiles to the scrap heap along with the horse and the bicycle.

If you get mixed up with the blue devils that some times take possession of a man's mind find some work to do, mental or physical.

Weight and Measure Inspector Pegg of Omaha has filed complaint against a number of ice and coal dealers charging that they are giving short weight.

We instructed our reporter to ascertain Carrie Nation's views as to the propriety of the new directors gown, but he failed to bring in any report.

O'Sullivan, a member of the notification committee now at Lincoln, was formerly a printer. He is the originator of the rubber heel for shoes.

Democratic Doctrines Defined by a Candidate.

By JOHN W. KERN, Democratic Nominee For Vice President.

Copyright, 1908, by Weldon Fawcett.

THE Democratic party believes in a government which gives fair treatment to all. It believes in laws and their administration to encourage individual effort and to give to every man the fruits of his labor and enterprise.

We are against the capitalist enterprises which in various ways try to take unjust advantage of workers. We are opposed to the combinations which throttle legitimate competition and make profits which are extortionate when considered in connection with the actual cost of production, manufacturing and marketing.

BECAUSE WE STANCHLY BELIEVE IN THE CONTROL OF GREAT INDUSTRIAL COMBINATIONS WHICH IN VARIOUS WAYS HAVE BECOME OPPRESSIVE TO THE LEGITIMATE COMMERCE OF THE COUNTRY DOES NOT MEAN THAT WE DESIRE TO DISCOURAGE AND DISTRESS THE VAST NUMBER OF MEN WHO ARE ENGAGED OR PROPOSE TO EMBARK IN THE RIGHT KIND OF BUSINESS ENTERPRISES.

We believe in railroad construction, BUT NOT IN ROBBERY at the expense of the small shareholders and the patrons. We believe in supporting men who honestly operate transportation systems, but we do not believe in letting them be used by stock jobbers by illegal and dishonest means.

I believe in encouraging men to invest money to give many districts more transportation facilities. I believe these investments should be legitimately protected and free from prejudicial interference.

After the new lines are established I do not believe that there should be arbitrary reduction of tariffs which will interfere with the returns for either the workers or the owners.

The supervision which must necessarily extend to interstate commerce cannot be and should not be applied to all industrial enterprises of magnitude. But when the control of any article by one man or set of men becomes of sufficient proportion to affect the comfort and welfare of the country the government must take notice and deal with the industrial situation.

THERE ARE SOME COMBINATIONS SO HUGE AND SO POWERFUL THAT THEY DISCOURAGE INDIVIDUAL COMMERCIAL EFFORT AND ACTUALLY RETARD INDUSTRIAL DEVELOPMENT. IT IS ALL NONSENSE TO SAY THAT WE CANNOT DEAL WITH THESE TREMENDOUS AND POWERFUL AGGREGATIONS WITHOUT INJURING THE LEGITIMATE BUSINESSES OF THE COUNTRY.

I want it made clear that the Democratic party desires to encourage industrial development and to give confidence in the stability of our commercial institutions. We shall speak and act to secure and promote confidence. While we want to give equal rights to all, WE SHALL SURELY STAND FOR AN EQUAL CHANCE TO ALL.

Personal Liberty Doctrine Subversive of Government.

By Judge WILLIAM H. WALLACE, Candidate For Governor of Missouri.

THE most absorbing theme with the Americans is that of law enforcement. They now see clearly that this is the rock upon which rests the perpetuity of our liberties.

I believe I am the only candidate now running for governor who isn't making the argument for personal liberty. By personal liberty is meant, as now used, that so long as an individual isn't harming his neighbor he can eat and drink and do what he pleases when and where he pleases.

THIS IS A WONDERFULLY DANGEROUS DOCTRINE. IT IS SUBVERSIVE OF GOOD GOVERNMENT. IT FAILS TO RECOGNIZE THE BIG FACT THAT THE MORAL WORLD IS THE CONTROLLING ONE AND THE ONE IN WHICH THE GREATEST GOOD AND THE GREATEST INJURY ARE DONE.

Mammon wants the Sabbath day for the harvest. Venus wants this as a day of lust, when she can entice young girls and boys into the dives of amusement and dance them to perdition.

The Corporation Here to Stay.

By Judge PETER S. GROSSCUP of the United States Court of Appeals.

THE corporation is here to stay. It already embodies more than one-third of the property of the entire country. One-half of the people of the country get their bread and butter out of it.

My position is this—that the corporations should be made so secure as a form of holding property that the corporate domain of the country will invite investment by the people, just as the farms of the country are distributed among the people, and this can be done if we go about the work of corporate reconstruction SANELY AND CONSTRUCTIVELY.

From the Center of Things

(Special Lincoln Correspondence.)

Lincoln, Nebr., August 11.—The appeal for campaign contributions made by Mr. Bryan is meeting with a gratifying response. The "farmers fund" is growing at a goodly rate, and the daily and weekly newspapers that are taking hold are making returns that please the campaign managers.

Governor Haskell of Oklahoma, treasurer of the democratic national committee, was a visitor at Fairview Friday and Saturday of last week. He was accompanied by Mrs. Haskell and his private secretary, and the three were guests of the Bryans while in Lincoln.

Senator Pettigrew of South Dakota called on Mr. Bryan Friday, and as a result it is announced that Mr. Bryan will make at least one speech in that state during the campaign, probably at Mitchell, where the state fair is to be held.

"I have just come from New York," said Senator Pettigrew, "and I firmly believe Bryan will carry the state. The moneyed men will not vote for Mr. Bryan for they are afraid of him. But there are men who never voted for him before who will do so this time, and enough of them so that he will carry the state."

Bishop Oldham of the Methodist Episcopal church was a caller last Friday. The bishop was in Lincoln for the purpose of addressing the great Epworth Assembly. The discussion was wholly about mission work.

Two presidential candidates met on the front porch of Fairview last Saturday. One was Mr. Bryan and the other was Eugene W. Chafin, prohibition candidate. Mr. Chafin was an Epworth Assembly orator and made a social call on Mr. Bryan.

M. E. Gibson, who was a delegate to the Independence League convention from Oregon, called on Mr. Bryan one day last week and told a few things about the convention. Mr. Gibson was forcibly ejected from the hall for advocating the nomination of Bryan.

Rev. W. L. Dawson of London, England, stopped at Fairview last Thursday. He is a lecturer and had a date on Friday at York, Nebr. Asked if he had heard much political talk while traveling in America, he said: "I am not taking any active part in American politics, as I am an English citizen, and am not able to do anything in this country."

On the occasion of the official notification of Mr. Taft the railroads made a special rate to Cincinnati. A request for a similar reduction on the occasion of Mr. Bryan's official notification has been curtly refused. The excuse is that "Nebraska has a two-cent fare law."

Senator Culbertson of Texas has been named as chairman of the advisory board of the national committee. Ex-Governor Francis of Missouri declined the place because of enforced absence in Europe about the middle of September.

William Jappert, who has been car foreman at Lincoln, has been appointed car inspector for all points west from St. Joe to Billings and has assumed his position.

For the benefit of bands that may visit Fairview, or that may be engaged to play on the occasion of Mr. Bryan's visit to their cities, it is here stated that they should provide themselves with the music of "La Paloma," the Mexican air. It is Mr. Bryan's favorite piece of music, and whenever possible he has bands and orchestras play it for him.

The democratic mule given to Mr. Bryan by enthusiastic Minnesota democrats has not arrived in Lincoln yet, but is daily expected. It is said to be wonderfully well trained.

A girl arrived in town Friday night stating that she had lost her purse near Ardmore while coming on the train, so she remained here until search was made for it, but no returns could be learned of the missing pocket book so the company furnished her a ticket to Spokane, her destination, and put her on the train Tuesday evening. She seemed the least concerned about her diemnia and took everything as a matter of course. So Van lost his charge.
