Railroad Notes from Edgemont
Edgemont Express.

Engineer Herman Nelson has been re-instated on the Burlington and was transferred to Alliance and will work out of there to Edgemont.

F. J. Mahoney, who has been engine inspector on the night shift, has been promoted to firing.

Brakeman Clark is taking a lay off and Brakeman Powell is taking his place on Conductor Matthewson's run.

A phone line has been put up by the Burlington to Chilson and it will be continued to Deadwood in the near future. This will be a saving, as a phone will be put in at each siding and the conductors can get their orders from the operator. In case of a wreck assistance can be got in a hurry, as the engines can then carry an instrument and connect with the wires and telephone to headquarters, thus saving a lot of time.

CONTRIBUTIONS TO SISTERS' ACADEMY

Weekly Report of Payments Toward the Erection of the School Building.

HOW THE FINANCES STAND TODAY

St. Agnes Academy is fast nearing completion. The sisters who are to take charge of the academy are expected in a few days. The pastor, Father McNamara, desires to thank those who have contributed. He also asks us to urge those who have not paid their subscriptions to do so at the earliest possible date. Father says there can be no doubt at this late date as to the completion of the academy in time for the opening of school Sept. 5th. Now, let all who subscribed to the fund pay up for these three reasons: 1st, you promised to do so; 2d, the committee needs the money now, not a year from now; 3d, you all want to keep your word and help the good work. Working for a Greater Alliance

Alliance should soon commence to feel the good work that is done as the result of the Commercial Club's efforts in the way of a better town. Quarters have been secured in the basement of the opera house block and the Club will soon be in a position to entertain visitors to the city at the club rooms. The various committees have been appointed to fill the respective duties assigned to them, and as the secretaryship has fallen to Mr. Lloyd C. Thomas, a very capable young man, there is no good reason why Alliance should not commence to receive much consideration from the investor who is desirous of putting his money where it will bring the best results.
