

Some High-Class Short-Horn Bulls.

I raised the bull calf that took first premium, also calf that took fifth in same class, in open competition, at our State fair in September 1907. My herd took fourteen ribbons, altogether. I now have thirty bulls, from one to three years old, which I would like to sell for fall delivery; a car load. I will sell from twelve to twenty; you take your pick for \$100 each. I will keep them for two months, feed them oats, alfalfa, etc., get them in good shape. You take them in December, winter them at home, and they will do you some good. J. G. BRENZER, 43-year. Broken Bow, Neb.

EDITORS ELECT MAYES.

Seattle, Wash., Selected as the Next Meeting Place.

The session at St. Paul of the National Editorial association was finished when Seattle, Wash., was chosen as the 1909 meeting place. When it was seen that Seattle would win, the Toledo delegates moved that the choice of Seattle be made unanimous.

The following officers were elected: President, Will H. Mayes, Brownwood, Tex.; first vice president, A. N. Pomerooy, Chambersburg, Pa.; second vice president, R. E. Dowdell, Artesian, S. D.; third vice president, W. F. Parrott, Waterloo, Ia.; recording secretary, R. H. Walker, Athens, Ga.; treasurer, Will Curtis, Kewanee, Ill.

A discussion of the present postal laws relating to second class mail matter and the adoption of resolutions indorsing the laws and recommending Third Assistant Postmaster General A. C. Lawshe in his efforts to enforce them took up the greater part of the morning session.

Senator Nelson stated that the disposal of public lands in the past has been very prodigal and the idea of the commission is to have the government stop selling the timber lands and so conserve the national forests. The intention is to have all public lands suitable for agricultural purposes reserved for actual settlers only. He urged the editors to call the attention of the public to the conservation of forests and he stated that the commission hopes to have laws passed that will give Uncle Sam control of the supply of timber.

CONDITIONS ON CANAL ZONE

Special Commission Sent to Isthmus Submits Its Report.

The president made public a report submitted to him in August by a special commission, consisting of James Bronson Reynolds, Samuel B. Donnelly and Henry Beach Needham, regarding conditions in Panama. The commission was appointed April 25 last.

That the president is pleased with the report is shown in a letter which he sent to each member of the commission on Friday. He expresses particular pleasure over the fact that the committee upholds the administration of Colonel George W. Goethals, chairman of the isthmian canal commission, and the president has had a copy of the report mailed to Colonel Goethals, requesting that the recommendations made by the committee be put in immediate effect so far as possible. The president will submit the report to congress with appropriate recommendations.

HIGH TENSION IN ALABAMA

Number of Speakers at Miners' Mass Meeting Arrested.

A picnic and barbecue given at Fulton Springs, near Birmingham, resolved itself into a general meeting for the extension of sympathy to the striking miners of the district. Over 3,000 were present and a number of speakers were arrested for incendiary utterances. Two hundred guardsmen were on hand, as well as a large squadron of deputies. As fast as one speaker was arrested the chairman would call upon another and the speaking continued as though nothing had occurred.

A number of evictions from company houses has just been accomplished at the Sayra mines.

Reports come that threatening letters are being dropped at the homes of men remaining at work and as a result many men are leaving.

BOULDER MARKS DEBATE SITE

D. A. R. Erects Monument in Memory of Lincoln-Douglas Contest.

The semi-centennial of the debate between Abraham Lincoln and S. A. Douglas was celebrated at Ottawa, Ill., on the spot where the "great emancipator" and the "little giant" stood during their argument fifty years ago. In commemoration of the event a unique monument marking the spot in Washington park was unveiled by Illinois chapter, Daughters of the American Revolution. A twenty-four-ton boulder has been brought from the farm of Moab Trumbo and emplaced on the concrete base in the park.

Jurors Pray for Divine Guidance.

On their knees beside their coats, each member of a St. Louis county jury at Clayton, which was deliberating in the case of Wash Woods, a negro charged with murder, offered prayer, asking divine guidance in arriving at a verdict. On the first ballot Woods was acquitted. The invocations followed unsuccessful efforts by the jury to reach an agreement as to the negro's guilt or innocence.
