

## HINTS TO RANCHMEN AND FARMERS

Now is the time that you realize on your season's work.

As you sell your stock, potatoes or grain, place your money on open account with a reliable bank.

Pay your bills by check, which makes the best kind of a receipt, and avoid the worry and danger attending the carrying of large sums of money.

Our offices are always at the disposal of our customers and country friends.

Fine samples of corn were brought to this office last Saturday by J. A. Keegan, who purchased the old Baxter farm a few miles northeast of the city. The ears are fully developed and well filled and out of the way of frost. Mr. Keegan has forty-five acres of corn that will yield thirty-five bushels to the acre. Although an old-time newspaper man from northeastern Kansas, he has demonstrated his ability to till Box Butte county soil most successfully and will no doubt realize handsomely from his farm investment.

A socialistic wanderer possessing a glib tongue, held forth at the bank corner Monday and Tuesday nights and succeeded in gathering together fair sized crowds to whom he explained the principles of socialistic philosophy. The evils of the day and faults of present governmental management were reviewed and he succeeded in making some of his hearers think that with socialism established in place of our present standard, this world would immediately be transformed into heavenly bliss. A ten cent pamphlet was sold after the speaking and this was said to contain other features of the speaker's hobby he was unable to present, or in other words, it was his means of support. Wm. Taft came in for his share of seering as the original injunction judge against organized labor and the stranger hit the republican candidate for president several knock-out blows, so to speak.

Acting Night Police Donovan, who is taking the place of Cal Cox, the regular policeman, engaged for a short time at the electric light plant, arrested two deserters from Fort Robinson who bought tickets at Crawford, and in company with a discharged soldier from the fort, were on their way to Chicago. The night officer received a telegram to look for the deserters on 42 Friday morning and when the train arrived he arrested both. They claimed that they had been regularly discharged from service but said that they had sent their papers in some other effects over the Northwestern road, but this was disbelieved and they were unloaded and taken to jail. A telegram from the fort confirmed the supposition that they were the soldiers wanted. The same day Police Donovan and son took the prisoners to Fort Robinson and received the customary reward of \$50 for each deserter.

Dr. H. H. Bellwood returned last Saturday from Long Beach, Cal., where he visited his family the past six weeks. The doctor looks all the world like Admiral Schley since his sojourn on the Pacific coast, and it is said that he has become an accomplished fisherman. Mrs. Bellwood and daughter, Ina, are enjoying the best of health and send greetings through the doctor.

Geo. Fleming returned yesterday morning from Spooner, Wis., where he and his family moved last spring. Mrs. Fleming is visiting relatives at Missouri Valley, Iowa for a few days. George says he is now contented to live in Western Nebraska the remainder of his life. George will again enter the employ of F. J. Betzold.

The two-year old son of Mr. and Mrs. Henry W. Brandt, who reside on a ranch about fifteen miles southeast of the city, sustained a broken leg last Saturday while climbing about the barn. The little fellow was brought to the home of Enoch Boyer in this city where he was cared for by a physician. Mr. Brandt is a brick mason who is employed in this city considerable of the time.

Members of the Patmore district school, eight miles north of Reno, are arranging to give a shadow sociable at their school house on the evening of October 2nd. A musical program in connection with other interesting features will take place. A luncheon of hot coffee, sandwiches and cake will be served and the meeting will conclude with a dance. A general invitation is extended to the public to attend.

Millinery opening next Saturday, at Regan's.

The Ladies' Union of the First Presbyterian church will meet next Wednesday at the church parlors. Mesdames Walmer and Shield will serve.

Owing to the magnitude of the production of Faust, soon to be presented here by Mr. Sanford Dodge, Miss Louise Marshall and a talented company, it will be necessary for the curtain to raise promptly at 8:20. All who are intending to witness this great play should be in their seats at this time, in order to get the full benefit of the performance. Each and every act is set with special scenery, the costumes are beautiful and every feature is presented with strict attention to detail and dramatic perfection. Don't forget the date, Wednesday, Sept. 23, and remember this is one of the few real dramatic treats of the entire season.

The new roller skating rink, which will soon be opened in the old Rumer building by Al Dierdorf of Hot Springs, will doubtless prove an interesting place of amusement for the young. A new floor, suitable for roller skating, is being laid and the interior generally overhauled. Mr. Dierdorf is a pleasing gentleman, who is familiar with amusements of this character and proposes to conduct this rink in a way that there can be no offense given at any time. Occasionally there may be a dance at the rink when so desired and the floor, which is being arranged, will be suitable for this pastime.

The game of ball at Bridgeport between the team of that place and the Alliance club was the fiercest of the season, the score being 23 to 2. The Alliance team went against the strongest proposition of the ball line it has contended with. A league pitcher and other reinforcements made the Bridgeport team unusually strong.

Mr. Charles M. Ewing of Morrill and Miss Ethel Covalt of Cleman were united in marriage Wednesday afternoon at the Baptist parsonage by Rev. Jeffers. Mr. Ewing is a concrete stone contractor at Morrill and after the cement season is over expects to settle on a ranch in the vicinity of Cleman.

Tuesday was the opening day of the grouse hunting season and local hunters by the dozens were out bright and early in fields and on ranches chasing after the game bird. There is no doubt but what it will be only a few days when grouse will be as scarce in these parts as curlew, but the crop of ducks is said to be plentiful.

Miss Bernice Kridlebaugh, accompanied by Mrs. Harding and daughter Madge, returned last Sunday from their eight-day outing in picturesque Yellowstone and of course have an abundance of stories to tell of that famous national resort. We have not heard as yet if the Alliance sightseers were confronted by the highwayman who spread terror among the visitors to the park during the recent past.

A band of Indians from the Pine Ridge agency arrived in the city last Sunday afternoon on 44 and encamped on the railroad grounds near the depot till Monday morning when they went south on the Guernsey train for Scottsbluff as one of the attractions of the county fair. "Poor Low" is becoming an attraction even within a stone's throw of his own haunt and home.
