Alliance Will Have a Sewer System

At a special meeting of the Executive Committee of the Commercial Club last evening at the club office it was decided to go ahead and get matters in shape to vote on the bond issue for a sewer system. Mr. Wilson, t. engineer for the Municipal Service League of Chicago, states that the present plans in the city hall will be all right and that only a few minor changes are necessary.

The Club last night voted to ask the city council have a competent engineer O. K. the plans and get them in shape. In order to vote the amount necessary to be used to build a sewerage system that will cover the city for years to come, it will be necessary to take in the outlying additions outside of the present incorporation.

Petitions will be prepared and circulated to ascertain whether or not these outlying additions want to come in and get the benefit they would derive from annexation. Alliance should be made a city of over five thousand population, of the first class. The water-works system then could be extended and many other advantages secured that would directly benefit these outlying additions.

Shallenberger will Speak in Alliance

Hon. A. C. Shallenberger, Democratic candidate for governor, will speak in this city on Tuesday, Oct. 13, at 8 o'clock p.m. Mr. Shallenberger is one of the most interesting speakers on the platform and he will doubtless give us a good speech discussing the political issues of the campaign in full and we advise members of all parties to make it a point to hear this speaker. Remember the date, Tuesday, October 13, 8 p.m. Mr. Shallenberger will speak at Hemingford in the afternoon of the same day at 3 o'clock.

Unavoidably Detained

The public speaking announced to take place last Saturday night did not take place owing to the unavoidable delay of Hon. Geo. W. Kingsley of Kansas City, who was unable to reach the city in time. It is to be regretted, however, that such was the case for these were quite a number of people

fom out of town here to attend the speaking. But such things will happen occasionally and this was one of the times. However we are pleased to announce that other arrangements have been made to have good speakers here during the campaign among them being Hon. H. B. Fleharty, who will speak in Alliance next Tuesday evening, October 6th, and on Tuesday, October 13, we will have the pleasure of hearing an address by Hon. A. C. Shallenberger, who will speak at the opera house in the evening, also at Crawford in the morning and Hemingford in the afternoon of the same day. Bear these dates in mind and be on hand to hear the political issues fairly and intelligently discussed.

THEATRICAL TREAT

Bittner's Big Show Making Good at the Opera House This Week.

It is a pleasure for us to note that the Bittner show running at the opera house this week is giving theatre goers one of the best series of performances ever given in repertoire in Alliance. The performances are all of a clean character, healthy in tone and highly pleasing and entertaining and we can conscientiously recommend to every person in Alliance that an attendance at these performances will be rewarded by an evening's entertainment hard to excel in the show line. The company is composed of very clever and capable playeas and the Scandinavian sextette orchestra has never been equaled in the line of orchestral music ever produced with a show in this city. Their concerts alone are worth the price of admission.

Tonight will be presented "The Desert," tomorrow, Friday night, "Why Women Sin," Saturday afternoon matinee, East Lynn," Saturday night, "A Man in Black."

The specialties between each act are exceedingly clever and are in themselves worth the price of admission. This company is entitled to and fully worthy of a crowded house every night.

S. K. Warrick, cashier of the First National Bank of this city, attended the Nebraska state bankers association at Lincoln Saturday and was elected a delegate to the American bankers association, which convened in Denver this week.

Do Your Feet Ever Hurt?

If you could look inside of your shoes with your foot in it, you would see why. The sole of your foot bends, the sole of your shoe bends scarcely at all.

Ninety-five out of every 100 cases of foot suffering can be traced directly to stiff soles. Their constant friction is what brings hard, callous places, what irritates the delicate nerves and tendons and make your feet draw, burn, ache!

The Tenderest Feet Are Comfortable in the Red Cross Shoe

Its sole is flexible. Though of regular thickness, it bends with the foot. Not a movement is hampered, not a muscle restricted. The moment you slip it on, you notice its wonderful ease and suppleness. Come in. Bend it. Walk in it.

It doesn't cramp, bind, or "draw" the foot—it fits like a glove. Try it once and nothing could induce you to go back to stiff sole shoes!

We have it in all styles. Let us fit you. High Shoes, \$3.50 and \$4.50.

ALLIANCE NEBRASKA

The endurance race which was to have taken place last Saturday in the interest of the Crawford race meet being held at that place at the same time, was declared off on account of the inclemency of the weather and the bad condition of the roads between both places. This dampened the ardor of Allianceites who intended to go to Crawford to attend the races and see the finish of the endurance contest and when the special train left here that morning only three passengers were on the train from this point. However, there was a good attendance from other points along the line.

The Herald office is supplied with Bryan and Kearny lithographs sent out recently by the national committee and admirers of the two candidates may secure a copy of same by calling at once. They are in great demand and we won't promise to reserve any. First come, first served.

clothes; that means all-wool, perfect tailoring, and correct style to begin with. They buy, in addition to a fancy weave suit, a black thibet or cheviot, or a blue serge; and occasionally change off for a week, get the suit they're not wearing pressed, give it a little rest in the closet; and then put it on fresh, and new looking.

You can do that; and you ought to; it's clothes-economy. Remember the Stetson hats, Douglas shoes, Manhattan Shirts. Big lines of boys' wearing apparel.
