BULGARIA NOW FREE

Prince Ferdinand Proclaims Independence From Turkey.

Great Britain and France Unite as Mediators—Hostilities May Bring Grab by Powers for Portions of the Land.

At Tirnovo, the independence of Bulgaria was proclaimed, with the czar of the Bulgarians as a ruler. Czar of the Bulgarians is recognized to mean more than czar of Bulgaria, because it is a distinct intimation that he regards his country as having sovereignty over all the people of that blood in the east. Within a day or two Austria-Hungary, which has been working with Prince Ferdinand in this preconcerted plan, will proclaim the new status of Bosnia and Herzegovina.

The question which has been stirring the whole of Europe more deeply than any similar question in the memory of the present generation is, does it mean war? From all the capitals come reports indicating that it means, first of all, another European congress of the signers of the treaty of Berlin to consider the treaty of Berlin and probably to revise the treaty.

Turkey, caught in a moment of weakness, is the victim of this situation, and, while some internal animosities have been stirred up, probably no power is willing to make war. Reports from the emancipated Turkish press to London indicate that the "Young Turks" will swallow this bitter pill as best they can and, if they do, naturally the Bulgarians, while willing and eager for war, will have no cause on which to base the beginning of hostilities.

From the British standpoint, the whole affair has been a surprise, and more than a surprise, because for the first time in years, the British government felt itself, with apparently a perfect understanding with France and Russia and complete friendship with Italy, to be in a position where it dominated European politics, reserving out of this consideration the almost open enmity between itself and Germany.

Probably never in the history of Europe have politics taken such amazingly kaleidoscopic revolutions as during the past week. An entangling situation will come when the signatories of the Berlin treaty meet to consider what action shall be taken regarding the violations of the treaty. Great Britain served notice that it does not recognize the right of any of the parties to this treaty to violate its provisions without consulting the others, but English diplomats know that the conference will resolve itself into a scramble among the powers to get what is termed in European politics "compensating advantages," which Austria, backed by Germany, has obtained.

The chances of war between Bulgaria and Turkey are being minimized by Great Britain and France, who are working together and who have advised Turkey against it. Turkey apparently is disposed to follow this advice and it is believed Bulgaria will have difficulty in finding an excuse to begin war.

The action of Prince Ferdinand in proclaiming the independence of Bulgaria is condemned alike by the governments and press of Europe, but in some quarters this is considered a matter of minor importance so long as it does not eventuate in war. Reports from Belgrade indicate that Servia has been aroused to the danger point, bands of Servians marching the streets of Belgrade and shouting for war with Austria rather than annexation.

REGISTRATION FOR TRIPP LANDS

Rosebud Lottery is Magnet for Thousands of Home-seekers.
In the land lottery the first day's registration totaled 2,511 at Dallas and 1,238 at Gregory. Judge Witten received word from O'Neill, Neb., that 3,197 had registered and 1,990 more people had arrived, thus showing that O'Neill starts out as one of the biggest points. Arrangements were made to supply O'Neill with more application blanks. There are now 120 notaries in Dallas filling out papers for the land-hungry through fifty-four carloads of home-seekers are en route to Gregory and Dallas via Omaha. Arthur Alexander of Lena, Ill., was the first man to drop his envelope into the Dallas lottery can.

O'Neill is caring for his visitors and winning their commendation. Ample provisions have been made to care for those who arrive and the best of order prevails. The crowd is good natured and represents many different states.

Killed in Auto Overturn.
Charles Weisbecker, a meat dealer of Harlem, was killed and his wife and Mr. and Mrs. Louis Engerich and their chauffeur were seriously injured in an automobile accident that wrecked Mr. Weisbecker's touring car near Edgewater, N. J. One of the front wheels skidded, exploding the tire. The car turned completely over and landed with a crash against a telegraph pole.

St. Louis Has \$150,000 Fire.
Fire at St. Louis Sunday night destroyed the warehouse of the Campbell Glass and Paint company, at Main and Gratiot streets, entailing a loss of \$150,000. Three firemen were overcome by the poisonous gases from the burning paints and oils, but they were soon resuscitated.

ROOSEVELT TO TAKE STUMP.

Word Reaches Fairview That He Will Make Six Speeches.

Fairview, Lincoln, Oct. 5.—That President Roosevelt fully intends to take the stump in favor of the candidacy of Mr. Taft was the information received at Fairview from the east. It was said that the advices came from persons upon whom reliance could be placed, and were to the effect that Mr. Roosevelt is planning to make at least six speeches in the course of a trip from the Atlantic to the Pacific, the concluding speech to be delivered at San Francisco, with numerous short speeches en route. Mr. Bryan, however, absolutely refused to make any comment upon the subject.

In order to devote still further attention to the state of Iowa, the Democratic candidate announced a change in his plans in connection with his trip to Chicago, where on the night of Oct. 7 he is to meet Mr. Taft at a banquet. Instead of going direct to Chicago, as had been arranged, Mr. Bryan will start tonight for Des Moines, from which point he will tomorrow proceed to Perry, Tama and Cedar Rapids and deliver set speeches, while from the rear platform of the train en route he probably will make several short talks. Although it has not been definitely settled, it now is planned that Mr. Bryan shall speak in St. Louis Friday evening, and then re-enter Kansas on Saturday for a full day in that state, returning to Lincoln Sunday. It also is likely that before making his final trip into the middle west and the east he will spend a day or two in campaigning in his home state.

Missouri Pacific Reopens Offices.
Lincoln, Oct. 2.—The Missouri Pacific railway has begun the installation of instruments in a number of its offices in Nebraska which have recently been abandoned. The opening of these offices is evidently the result of the action of the citizens of a number of these places which have made vigorous complaint to the state railway commission. Notice was received through the Western Union Telegraph company that the station at Walash would be reopened as soon as the equipment could be placed in the office at that place, and it is said a number of other offices will be reopened within the present month.

Old College Building Razed.
Gibson, Neb., Oct. 6.—The oldest sectarian college building in Nebraska has been razed to the ground. It was of brick manufactured near this town and was built by the Presbyterians in 1873. With it was constructed a brick church of similar design, and both buildings have been torn down to make way for the new Gibson high school building and a new church. The old college building was once used as the Buffalo county court house while the county seat was located here. The new buildings are models of high class construction and built of cement block.

Reign of Crime in Omaha.
Omaha, Oct. 6.—Judge Sears in the district court today called the new grand jury before him for instructions. The judge declared that there had been a reign of crime in Omaha and asked the jury to make inquiries into conditions as regards the safety of the public. He said there had been many burglaries recently, the perpetrators of which had gone unpunished, and asked the jurors to make a full investigation. The red light district of Omaha also came in for a scolding.

Berge Withdraws From Contest.
Lincoln, Oct. 6.—George W. Berge, who sought the Populist nomination for governor in the recent primaries, has withdrawn from the contest to have his name placed on the ticket. The resignation has not been formally turned over to the secretary of state, but it is in the hands of the Democratic state central committee, and will be filed with the secretary within a few days.

Magoon Slated for Cabinet Job.
Lincoln, Oct. 2.—Republicans of Nebraska believe that in the event of the election of William H. Taft that Charles Magoon, governor of Cuba, will be tendered a place in the new president's cabinet. The recent visit to this city of Judge Taft is said to have given rise to this speculation. Mr. Magoon is said to be strongly supported for the place.

Nebraskan Perishes in Hurricane.
Lincoln, Oct. 6.—According to a cablegram received by Mrs. C. W. Rush of this city, her son, Frank Rush, perished in the hurricane near Manila Friday. Rush was a civil engineer and went to the Philippines last fall. He and a companion were in an open boat when the storm broke and both were drowned.

West Nebraska Conference Ends.
Gothenburg, Neb., Oct. 6.—The west Nebraska conference of the Methodist church has just finished its most successful meeting. The reports received at the conference showed a membership of 13,169, with 149 churches and eighty-four parsonages. The total value of church property in the conference is placed at \$569,000.

Going to the River to Drown Child.
Beatrice, Neb., Oct. 2.—P. C. Rose, proprietor of a restaurant, was arrested after he had beaten his wife and was on the way to the river to throw one of his small children into the stream. He was overtaken just in time. Hard drinking seems to have upset his mind.

Ten Cases of Cholera at Manila.
Manila, Oct. 6.—Ten new cases of cholera were reported for the last twenty-four hours.

NEWS OF NEBRASKA

ANTHRAX AMONG CATTLE.

Governor Sheldon Issues Quarantine Against South Dakota and Wyoming.
Lincoln, Oct. 3.—The appearance of anthrax among cattle on the plains has caused Governor Sheldon to issue a quarantine against South Dakota cattle. The executive received complaints from several sources within the past few days, some of the complaints showing that cattle were dying en route to market.

Acting promptly, Governor Sheldon issued a proclamation against Clay, Yankton and Fall River counties in South Dakota and Laramie and Converse counties in Wyoming. Under his proclamation the importation of cattle from those counties is prohibited unless accompanied by a health certificate issued by the state veterinarian. It further provides that no importations shall be made of any part of a herd known to be infected, even though a health certificate accompanied the cattle. Nebraska, is also included in the proclamation, and cattle cannot be moved from their present location in that county until further notice.

The proclamation is considered drastic, but stockmen say it is necessary for protection of the cattle industry.

Yetter Proclaimed King of Quivers.

Omaha, Oct. 3.—With the crowning of the fourteenth king and queen of Quivera, the Knights of Ak-Sar-Ben have prepared to enter the fifteenth year of their successful organization. Will L. Yetter was proclaimed king and Miss Jean Cudaby was crowned queen at the most brilliant social function ever held by the Knights. More than 5,000 people crowded into the old Coliseum to witness the ceremony, which was carried out on an elaborate scale. Over 200 attendants had rehearsed for the pleasing climax to the fall festivities, which was carried out in perfect style. Many out-of-town people, including Governor Sheldon and his staff, the latter in full dress uniform, were guests of the Knights.

Meets Death in Horrible Manner.

Omaha, Oct. 3.—John W. Murray, an expressman, came to his death in a horrible manner while preparing to unload several boxes at Hanson's cafe. He drove into the alley and stepped into the hallway to inquire what should be done with the load. Seeing nobody he stuck his head into an elevator shaft and was struck on the head by the descending elevator. His jaw was almost torn from the upper portion of his head and his face mangled beyond recognition. He was not discovered until an employe noticed a portion of his jaw on the elevator and started an investigation.

Ask Aid of Railway Commission.

Lincoln, Oct. 3.—Soft coal mine owners at Walsenburg, Colo., have petitioned for the aid of the Nebraska railway commission in their endeavors to secure more equitable rates for the transportation of their product to Nebraska. The Colorado producers have filed a complaint before the interstate-commerce commission against present coal rates, and the Nebraska commission is asked to become a party to the complaint, with the understanding that it will mean cheaper coal for Nebraska.

City Officials Discuss Liquor.

Omaha, Oct. 2.—The liquor problem in cities was the chief topic before the League of American Municipalities and its discussion occupied the entire time of the convention during the morning session. Mayor Rose of Milwaukee led the discussion on this subject and a number of other mayors whose cities have recently been in the limelight in the matter of liquor problems were also speakers. During the afternoon the city officials were taken for a sightseeing tour.

Peru Drainage Ditch Completed.

Peru, Neb., Oct. 5.—In a short time there will be made available land valued at \$250,000 in the swamp below Peru, as the result of a drainage ditch which is nearly completed. The new drainage ditch has cost nearly \$35,000 and has been in process of construction all summer. The land is located in the swamp north of Peru, in the Missouri river bottoms, and with proper drainage becomes worth \$100 or more an acre.

Letter Carriers in Session.

Omaha, Oct. 5.—The National Letter Carriers' association began a five-days' convention at the Rome hotel today. The convention will have an unusual program, covering five days, and during the sessions will listen to a number of speakers of national repute, including Fourth Assistant Postmaster General McGraw and W. R. Spillman, superintendent of the division of rural free delivery.

Farmers Buying Automobiles.

Lincoln, Oct. 3.—The fees collected by the office of the secretary of state for the month of September were \$3,170. Of this amount, \$2,555 was for filing articles of incorporation, and automobile owners paid \$374 for registering their cars. It is noticeable that the number of cars being registered by farmers and people in the smaller towns is fast increasing.

Superintendent O'Connor Resigns.

Lincoln, Oct. 2.—Advices received here say that D. C. O'Connor, superintendent of education of the Panama canal zone, has tendered his resignation. He will return to Nebraska to live.

TO WIPE OUT WHITE PLAGUE.

Dr. Flick Brings Message of Hope to Wage Workers.

"If every unit of society is willing to do that which they can do today, the day is not far distant when we will have wiped the dread disease, tuberculosis, off the face of the earth."

This was the message of hope given by Dr. Lawrence Flick of Philadelphia, one of the most eminent medical men of the country, at the new National museum, where the tuberculosis exposition is being held. The meeting was in the interest of labor and was one of a series to be given this week. The speakers were Dr. Flick, John Mitchell, Samuel Gompers, Frederick L. Hoffman, an insurance statistician, and Richard Freund, president of the workmen's insurance office, Berlin, Germany.

"Tuberculosis is peculiarly a disease of the wage earners," said Dr. Flick, "and this is so for the very good reason that one of the strongest predisposing causes of the disease is overwork. It is an exceedingly fatal and prevalent disease among workers."

Dr. Flick pointed out that the reason why the wage earner is so likely to contract tuberculosis is that in many instances he is overworked, he toils in unsanitary workshops and often times he is underfed, which causes his powers of resistance to be less able to throw off an implantation of tubercle bacilli. He refuted the theory of infection from inheritance, saying that unless the tuberculosis micro-organism is admitted into our bodies it is impossible for one to become infected.

John Mitchell, who presided, enumerated some of the obstacles to greater progress in the promotion of health and the eradication of disease. Samuel Gompers paid a tribute to Dr. Robert Koch, the German scientist. He declared that the union workman was less susceptible to tuberculosis infection than the nonunion man, because the union shops are superior in sanitary appliances to other shops.

BEAR KILLS BABE AT TUCSON.

Escapes From Cage and Charges Upon Throng of Park Visitors.

A terrible tragedy was enacted at a pleasure park near Tucson, when an immense black bear escaped from a cage and charged upon a throng of visitors. The animal, which had been raised in captivity from a cub, had been in the habit of being given soda pop at the bar and when he escaped he went there. It was driven out by the attendants, but returned, and when it was again driven away and an attempt made to drive it into its cage, it became enraged and charged the crowd. The wife of Buss Laird ran with a go-cart containing a year-old infant. The bear pursued and snatched the infant and crushed it to death before its mother's eyes. It was attacking the woman when a shot from a policeman's revolver stopped it. The bystanders opened a fusillade and killed the bear. The beast had been closely confined since a week ago, when it attacked a small boy.

NAT GOODWIN GETS DIVORCE.

Granted Absolute Separation From His Wife, Maxine Elliott.

Nat C. Goodwin, the actor, was granted an absolute divorce at Reno, Nev., from his wife, Jessie Goodwin, known as Maxine Elliott, by Judge Pike on the grounds of desertion. There was no semblance of a contest on the part of attorneys representing Mrs. Goodwin. The decree and findings of fact had been prepared and were signed by Judge Pike before the parties interested left the court room, the whole proceeding occupying eleven minutes.

Goodwin gave his testimony in a low voice, saying that his wife had deserted him. He told of having erected a hotel in New York city in 1906 and engaged in the hotel business. Apartments were prepared for himself and wife, he said, but on Mrs. Goodwin's return from Europe in September, she moved all the furniture she wanted to another room and refused to share the suite with him.

EXPERTS FOR AFRICAN TRIP.

Two National Museum Taxidermists to Accompany Roosevelt.

Two National museum taxidermists will be detailed to accompany Mr. Roosevelt on his hunting trip in Africa. The president has notified the officers of the museum that he will send back such of the specimens as they may wish to preserve. No other persons from this country will accompany the president and son. Hunters, trappers, etc., are daily volunteering their services. The caravan will be made up and mustered when the president reaches the African coast. The report that Mr. Roosevelt will be entertained by the sultan of Zanzibar is untrue. The party will not go near the sultan's islands.

Texas Fever in Buffalo Herd.

Texas fever developed in the herd of buffalo in the Wichita national reserve. These animals were a gift of the New York city zoological garden and were sent here two years ago. After a post mortem examination on a young bull, one of the herd, the authorities announced that the animal had died from the dread disease.

Colonel Marcy Burned to Death.

Colonel I. C. Marcy, aged 77, one of the most prominent attorneys in the northwest, was burned to death at his home in Fargo. The fire was caused by the upsetting of a lamp, which set fire to the bed clothing on which Colonel Marcy was lying.
