BOOKS STOLEN FROM SHERIFF.

Evidence Against Accused Tecumseh Banker Disappears.

Tecumseh, Neb., Oct. 26.—The books of the failed Chamberlain banking house were stolen from the court house here and it is possible all the cases pending against C. M. Chamberlain, the former cashier of the institution, who is being prosecuted on the charge of wrecking the bank, may go free.

The books, packed in a box and weighing over 200 pounds, were sent by express from Auburn to Sheriff H. U. Miner of Johnson county and were deposited by the receiver in his office without being locked in a vault because the county attorney and Attorney G. A. Adams of Lincoln, his co-counsel, desired to inspect them to prepare for a trial of new cases filed in Gage county. When they went to the court house, the box was gone. A window was open and tracks of a wagon were visible at the east entrance to the court house grounds, showing how the books had been carried away.

FARMERS RESIST COERCION

Resolutions Passed by Indiana Tillers Condemn Statements of President Sharples — Endless Chain Among Farmers.

Chairman Mack was informed by wire today that at a meeting of representative farmers of Washington township, Marion county, Indiana, the following resolutions were adopted, and it was also agreed to form an endless chain among the farmers of the country:

Whereas, The Associated Press has sent out a statement issued by P. M. Sharples, president of the Sharples Separator Company of Westchester, Pa., saying that the hour Bryan is elected the Sharples works will close down, and

Whereas, Such statements as this will intensify the present financial panic and will also tend to bring on, if possible, other and greater financial calamity; therefore, be it

Resolved, That as farmers who have the good of our country at heart, we deeply deplore such unwarranted statements, and believing they are made for partisan purposes to intimidate and influence voters, we herewith denounce all firms making this and similar announcements, as narrow and bigoted, and in these times as disloyal to the best business interests of the nation, and in as much as the persons and firms now resorting to these unfair and unpatriotic methods maintain their businesses by patronage of democrats as well as republicans, we condemn these methods as an insult to any democratic patron which ought to be, and which we hope will be, resented.

Resolved, That we hereby call upon the farmers of the nation, irrespective of party, who believe in fair play, to unite with us through their organization and as individuals, in crushing out this unwise and indiscreet spirit which would sacrifice the country's welfare for party success. (Signed) Albert Blue, chairman; Ross S. Ludlow, secretary.

Lincoln Laborers Praise Bryan. Lincoln, Oct. 26.—Bearing on the recent letter of President Roosevelt concerning Mr. Bryan's attitude toward labor, the Democratic state central committee gave out a communication signed by the mechanics and laborers who built the Bryan home at Fairview, in which the subscribers praise what they declare to be the fairness and liberality of Mr. Bryan to men whom he employs. The men declare their statement to be voluntary and intended to offset any impression which may exist that Mr. Bryan is unfriendly to the labor interests. The statement credits Mr. Bryan with being the originator of the eight-hour movement in Lincoln.

Allen Complains to Postmaster General. Lincoln, Oct. 27.—Democratic State Chairman Thomas S. Allen made public the text of a letter he has written to Postmaster General Meyer, complaining of the action of John R. Mr. Allen asks for an investigation and promises to furnish evidence against the postmaster. Postmaster Hayes' explanation is said to be that the papers are campaign literature and, as such, not entitled to newspaper postage rates.
