STORM IN ARKANSAS.

Two Tornadoes Claim at Least Thirty Victims.

Northwestern Section of State Laid Waste—Twelve Reported Killed at Piney and Ten at London—Many Persons Injured.

Two tornadoes, one north and the other southbound, swept over west Arkansas, destroying many lives and much property.

From reports received at least thirty lives were lost. The property loss will reach hundreds of thousands of dollars.

One tornado started in the extreme southwestern part of the state and went north, following the second tier of counties from the western boundary line. The other started in the extreme northwestern corner of the state and went south, following the second and third tier of counties.

Reports from Russellville are that twenty persons were killed and about thirty injured in that place.

It is reported that the destruction of the town of Cravens was complete. The dead are John Bosin, wife and four children. Dr. Hill and wife are fatally injured. Eight are missing.

At Piney it is said that twelve persons were killed and a number injured. Practically the entire settlement was demolished. At London ten are reported to have lost their lives, and considerable damage to property occurred.

Walleville and Jethroe are reported destroyed, several fatalities occurring in each place.

In the vicinity of Mulberry the death list is placed at seven.

At Berryville, one woman, Mrs. J. O. Hoskins, was seriously injured and several other persons sustained lesser injuries. A path 100 yards wide was cut through the town, six buildings being completely wrecked and a number of others damaged, either being torn from their foundations or unroofed. Here the property loss is estimated at about \$25,000.

At Lodi, three buildings were destroyed and one woman seriously hurt.

Advices from Lewisville, in the western portion of Lafayette county, report the destruction of several buildings at that place, and at Palmos considerable damage to property, as well as injury to a number of persons.

HENEY EAGER FOR FRAY.

Says His Flight is but Indication of Depth of Iniquity.

The San Francisco Call prints the first interview granted the press by Francis J. Heney since the district attorney was shot in Judge Lawlor's court room, Nov. 4, by Morris Haas, while the hearing of one of the cases against Ruef was in progress.

After expressing devout thanks for his escape, Mr. Heney said: "In this great human battle against vice and corruption, let no one believe that the true source is to be found in the individual dynamites, jury bribers, kidnapers and assassins and that their expulsion means ultimate victory. It has been a terrible sacrifice, but my blood has not been shed in vain, if the assassin's bullet has suddenly disclosed to the public eye the hideousness of the gigantic conspiracy to defeat the law, then I shall feel that I have not lived in vain, that my poor efforts have met with immeasurable benefit to my beloved city and state."

The wounded man is well on the road to recovery and stated that he was eager to get back to the prosecution of the graft cases again.

Men of Fleet to Land at Manila.

Reassured by reports that cholera has disappeared from Manila, Rear Admiral Sperry has altered his determination not to permit the men of the Atlantic battleship fleet to land and has notified Governor General Smith that the fleet is prepared to accept the reception originally planned by the city and that he will endeavor to carry out such portions of the program as possible before the departure of the fleet for the Mediterranean.

Admirals Praise Navy.

Critics of the navy who condemn warships because of minor defects were publicly answered at a banquet of the United States naval academy alumni of the east. Six rear admirals sat at the banquet board at the Auditorium hotel in Chicago and letters scoring recent critics and praising the navy were read from Admiral Dewey, Rear Admiral Schley and Rear Admiral Evans.

Russians Fire on Balloon.

A German balloon that passed over Russian territory near Zerkow was fired on by Russian frontier guards. No less than fifteen shots were fired, and this in spite of the fact that the balloon was flying the German flag. The bullets hissed all around the airship and one of them pierced a sack of ballast. The aeronauts made a hurried descent and succeeded in landing on German territory.

Mrs. Read Identified as Alice Brown.

Through a photograph and her handwriting on the hotel register of the Auditorium Annex in Chicago, Mrs. Allen F. Read, who attempted to blackmail Mrs. Phipps of Denver for \$20,000, has been positively identified as the woman who, under the name of Alice Cheney Brown, attempted to secure from a brokerage firm in Chicago, Nov. 2, \$20,000 worth of bonds on a bad check.

FIGHT ON APHTHOUS FEVER.

Four Cases of Disease Discovered Among Cattle in Philadelphia.

The first cattle in Philadelphia found to be suffering from hoof and mouth disease, were located through the department of health. Inspectors learned that four cattle had been shipped from an infected district near Norristown to Jacob Haesler, a dairyman. It was found that two cows were suffering from the fever. They were in a pen with fifteen others, and as a matter of precaution, the department killed the entire herd, confiscated a large quantity of milk, disinfected the barns, and quarantined the place.

A report that reached Dr. Leonard Pearson, the state veterinarian, that eight cattle had been shipped from an infected district to a slaughter house in the lower section of the city, caused the inspector to quarantine that place also and order the destruction of the cows and 125 sheep in the yards with them.

Dr. Herbert Fox, chief of the laboratory of the state department of health, who was sent to Danville last week to examine seven children supposed to have contracted the cattle disease, said that here need be little fear of the fever becoming epidemic among humans. He said he does not believe the disease is intercommunicable between cattle and men by butter and milk.

BELL TELEPHONE ENJOINED.

Restrained From Interfering With Independent Companies.

Judge Taylor granted an injunction against the American Telephone and Telegraph company (Bell long distance system) and the Central Union Telephone company (Bell company operating in Ohio, Indiana and Illinois) restraining them from interfering with the business of the independent companies operating in those and adjoining states.

It is charged the Bell system is pursuing the policy of buying independent exchanges or selling Bell exchanges where there are competing companies and in some instances absorbing independent companies, by merger and consolidation, or division of territory, so as to eliminate competition and establish a complete Bell control.

CHINESE ENVOYS ARRIVE.

Tang Shao Yi Hears News of Dowager Empress' Death.

Conveying to America the gratitude of the Chinese people for remittance of a debt amounting to nearly \$14,000,000, Tang Shao Yi, a powerful figure in the affairs of the Chinese empire, arrived in San Francisco on the steamer Mongolia. With him was Prince Tsai Fu, a member of the royal family, and a large retinue.

Not until the Mongolia dropped anchor in the harbor did Tang Shao Yi and his staff learn that the dowager empress of China was dead. In Honolulu the cable brought news of the empress's death, but said nothing about the dangerous illness that threatened the end of the dowager empress' remarkable career.

ABE RAYMER IS ACQUITTED.

Verdict is Believed to Mean Collapse of Riot Cases at Springfield, Ill.

The jury at Springfield, Ill., in the case of Abe Raymer, alleged to have been the leader of the mob in the race riots last August, returned a verdict of not guilty. He was tried on a charge of malicious destruction of property. When tried several weeks ago for murder, in connection with the lynching of W. K. Donnigan, an aged negro, Raymer was also found not guilty. The verdict is taken to mean a collapse of the riot cases.

Silent on Kaiser's Interview.

Few of the London papers comment on the alleged Emperor William interview which was suppressed by the Century magazine. Some of them decline to publish extracts in any shape and severely depreciate their publication in the United States, as being in extremely doubtful taste. The Daily News and one or two other papers, in editorials, take the line that the emperor if he gave expressions to the alleged sentiments, can only have done so in a moment of super-excitement, and that having since made the amende, the publication can have no effect upon the good relations of the English and German people.

Carnegie Invited to Appear.

As a result of the declaration of Andrew Carnegie in an article in the forthcoming number of the Century magazine that the tariff schedules on iron and steel should be reduced, the ways and means committee of the house formally invited Mr. Carnegie to appear before it this week to tell what he knows about the steel industry and the possibility of the reduction of the tariff on iron and steel products.

MURDER NEAR GOTHENBURG.

Body of Japanese Laborer Found in Thicket Along Platte River.

Gothenburg, Neb., Nov. 24.—A man was found dead in the undergrowth along the Platte river near here. The body was that of a Japanese laborer, who must have been murdered and mailed to the spot and thrown into the undergrowth. The murder evidently was not committed for money, as in one pocketbook there was \$10 and in another \$20 and other bills partially soiled and in a third a pocketbook containing silver. It was the opinion of the medical experts that the body had been lying where it was found for eighteen or twenty-four months.

Six Thousand Pythians in Omaha.

Omaha, Nov. 24.—Nearly six thousand Knights of Pythias and a thousand women who accompanied them are in the city to celebrate the fortieth anniversary of the founding of the first lodge west of the Mississippi river. Last night's program was carried out at the Auditorium and was secret. The lodge team conferred the third rank on 1,000 members, the largest class ever given this degree at one time. The ladies were entertained at Myrtle hall with a dance and in other ways by the local committee. Nebraska and Iowa furnished the largest quota of visitors, nearly 4,000 coming from these two states alone.

State Bar Association.

Lincoln, Nov. 24.—The State Bar association is winding up its annual convention today. Before adjourning this afternoon the association will make recommendation to the governor of best names—five each Republican and Democratic—for the vacant places on the supreme bench. Gored to Death by Mad Bull.

Huntley, Neb., Nov. 24.—Charles Grote, a well known farmer living near here, was gored to death by a mad bull. The appearance of Grote's body gave evidence of a struggle. A wagon rod which he carried was found near the body badly bent. The man's body was badly mutilated by the mad animal's horns.

DENSE FOG CAUSES WRECK.

Engineer and Fireman Killed in Crash Near Red Cloud.

Red Cloud, Neb., Nov. 23.—A freight wreck a mile west of the city caused the instant death of Engineer George Bartholoma and Fireman Donald Snoko. Bartholoma was thrown down the bank and killed by having his head and body crushed. Fireman Snoko was found buried beneath the engine of his train. Brakeman Lichtenberg suffered a broken ankle.

A heavy fog was responsible for the collision, which was between two extra Burlington freight trains. The westbound train was very long and had overrun the yard limit. The eastbound train was running at good speed to get onto a siding to clear a passenger train which was due here in a short time. The engine crew of the westbound train escaped injury by jumping.

The incoming extra was composed of live stock and several cars of hogs and cattle were demolished. Two or three hundred hogs were dumped promiscuously on the right of way, many of them killed and injured. Two carloads of cattle suffered equally bad, and fifty or more head of cattle were injured.

UTICA MAN FOUND GUILTY.

Man Who Assaulted Evangelist Miller Convicted.

Seward, Neb., Nov. 23.—In the case against Ragan, charged with assaulting Rev. Frank Miller of Lincoln on the streets of Utica last March, the jury returned a verdict of guilty and Judge Godd will sentence Ragan at the next session of the court, Dec. 3. A second hearing, growing out of the same offense, was also decided in favor of the state, when it was held that the fine paid by Dave Hulbert in police court did not act as a bar to further prosecution in the district court. Hulbert will be tried later, probably at the next sitting of the court.

Another Conference at Lincoln.

Lincoln, Nov. 21.—Governor Sheldon and Governor Elect Shallenberger had another conference in regard to appointments, the supreme judgeship being the question at issue. There has been a difference of opinion as to whether Governor Sheldon had the authority to appoint the four judges provided for in the amendments just adopted, since it would be necessary for the legislature to canvass the returns. Governor Sheldon is now looking up the legal phase of the matter before taking action. There may be another conference soon, at which the two will agree on the Democrats to be named. Governor Elect Shallenberger is improving rapidly and left for his home in Alma.

\$40,000 Diamond Robbery.

Omaha, Nov. 21.—A sample case of jewelry valued at \$40,000 and belonging to Charles F. Hartsborn, representing the Kermitt Jewelry company of Newark, N. J., was stolen from the sidewalk in front of the Henshaw hotel. Charles Leonard, a porter at the hotel, left down on the first train and was suspected of the robbery. The police kept the wires busy and Leonard was arrested at St. Joseph. The sample case was located and held at Hansburg, Ia. Its contents are supposed intact.

Pythians Gather at Omaha.

Omaha, Nov. 23.—The vanguard of 6,000 Pythians began arriving in Omaha to attend the celebration of the founding of the order in the west. Headquarters were opened today in three of the large downtown hotels, and the local reception committee is busy caring for the fresh arrivals. Several western states will maintain headquarters during the celebration. The crack 101a team of Dayton, O. will be one of the features of the gathering. It arrived in a special train this morning.

Slugged and Robbed.

Table Rock, Neb., Nov. 23.—Curtis Bain, a well known young man here, was slugged and left to die on the sidewalk in the vicinity of the depot, presumably for the purpose of robbery. Game Laws May Be Modified.

Lincoln, Nov. 20.—The game laws of Nebraska will probably be modified at the coming session of the legislature in a manner which will make it possible to sell game in the state which is brought in from the different parts of Nebraska. The game laws at present do not permit of this being done.

Cone for Clerk of House.

Lincoln, Nov. 23.—Tremore Cone of Saunders county will probably be the clerk of the house of the next legislature. Mr. Cone has been making a canvass of the members and intimates that he has received sufficient pledges to make his election sure.

Ossenkop Held for Murder.
