PERSPECTIVE VIEW—FROM A PHOTOGRAPH

FIRST FLOOR PLAN.

SECOND FLOOR PLAN.

This plan has been built from a fifty foot front and can be accommodated to a forty-five foot plot. The house shown in the photograph is frame, with the second story covered with cement plastered panels. Dining room is finished in Flemish oak, beamed ceiling, living room in birch, stained mahogany. Entrance hall, vestibule and stairway finished in golden oak and kitchen in Georgia pine, natural. First story floors parquet except the kitchen, which is in maple. Second floor finish is white enamel, mahogany and oak, with plain oak floors. Plumbing, lighting and heating fixtures and apparatus are up to date. Contract price, \$4,900. A. C. EDWARDS, Architect.

## Starting Out Right

A right start goes a long way towards success in the establishment of a new business. Judging from the way they have organized their business and are starting out, we can confidently predict a booming business for the new real estate firm of Dineen, Rubendall & Young.

In the first place there are several departments to the business, each of which is of great importance, such as listing land for sale, advertising, finding interested persons who may become purchasers, correspondence, etc. In the organization of this firm every department of the work has at least one member who is particularly adapted to it. This fact spells success.

They have secured the front upstairs rooms in the building formerly occupied by the Younkin meat market. This is a convenient location, and they have a fine office, but are not depending entirely upon this, but are going after the business, which is the correct thing to do.

In going after business they recognize the value of a judicious use of printers' ink, and are using a good quality of it. "Penny wise and pound foolish" applies more forcibly to advertising than anything else. About a year ago we saw a quantity of advertising matter, circulars, folders, bills, etc., that were used by real estate men in the Platte valley. No doubt the land for sale was good, but if eastern parties were to judge of it by the advertising matter they would consider it punk and would not spend railroad fare and time to look at it. The advertising matter that is being used by D., R. & Y. is a credit not only to the firm, but also to the city and country represented, and will be a strong factor in inducing people to investigate.

## Bayard Budget

(From last Saturday's Transcript)

Attorney Wm. Mitchell of Alliance was over in the interest of John King, applicant for saloon license.

The Rt. Rev. Anson R. Graves of Kearney made his annual visit here and preached at the Episcopal chapel last Tuesday evening. He was accompanied by his son, Rev. F. D. Graves, of Alliance. It is always a pleasure to hear the Bishop, especially for those who remember how, almost twenty years ago, he would drive the sixty miles from Sidney to talk to the little handful of pioneer settlers who gathered to hear his council for right living.

Mrs. Gregg and daughter, Miss Bertha, returned to Alliance. Miss Gregg closed her school in Dist. 96 last Friday.

Wanted—Man and wife for ranch work, woman to do cooking for about six hands and the man to do general ranch work. Prefer couple without children; also two men for general ranch work. Write Charles C. Jameson, Ellsworth, Nebr. 22-11.

Now is the time to get your cleaning done by the Vacuum cleaning system. See Webster Bernhardt, Phone 507.
