Only Eight Pages

During the last few months we have occasionally printed twelve pages to meet the demands for space in our advertising columns without reducing the amount of news and departmental matter. We planned to make this issue twelve pages, but the heavy run of job printing during the past week and delay caused by a broken press make it impossible to print more than eight pages and get out on time.

However, we have partly overcome the difficulty. Upon the suggestion of Prof. Hunt, we are omitting the agricultural department this week, and we have curtailed other departments to further economize space. Added to the above, some of our business men who want large ads in The Herald for a week or two have kindly deferred the same. While it is a great disappointment to us to not be able to publish a twelve page paper this week, we trust this issue makes up in quality what it may lack in quantity of reading matter.

Mahara's Big Minstrels

In the Phelan Opera House Monday Night of Next Week, June 21

The mention of this famous minstrel company returning to Alliance will be sufficient to create a feeling of pleasure among the play-goers and lovers of high class humor and fun, free from the coarseness that usually goes with the ordinary minstrel show. Frank Mahara admits nothing in his show

but what is refined and pleasing to everybody. Seats will be on sale at the usual place beginning Saturday and those wanting to avoid the crush that will be at the window Monday night are advised to secure their seats early at the advance sale for after the concert Monday evening by the splendid military band under the leadership of Prof. Quali Clark, there is going to be a big rush at the box office. Prices will be the same, 75 cents for reserved seats, 50 cents for the gallery and 25 cents for children.

H. E. Tagg

MR. H. E. TAGG, our head cattle salesman, who will superintend the work in that department, and make a specialty of the feeder trade, is well equipped in every way for the position. He knows the sand-hills like a book, having ridden into Alliance on the first train, having been in and around Hyannis before the railroad got that far West, and having ridden the range there for several years. He knows the kind of cattle you breed and how best to sell them. He has been in the yards here for twenty-one years, and has been at the head of our cattle selling force for eleven years. There is no man in these yards any better posted than he, and no one who has been any more successful in getting good prices for sand-hill cattle.

A. W. Tagg

MR. A. W. TAGG, who will be the active man in our cattle selling, has had eight years' training in the yards here and at St. Joseph in sorting and selling cattle and is conceded to be one of the best salesmen in the yards. He rode the range in western Nebraska in an early day, and was around Alliance for several years. Prior to that time he bought and shipped live stock to market from York county. He has had ample experience in every part of the cattle business, and has made a splendid record selling our cattle here during the last year.

Ellis J. Wright

MR. ELLIS J. WRIGHT will assist Mr. A. W. Tagg in selling and sorting our cattle. He has never done anything but handle cattle and live stock, worked in the feeder yards here in an early day where he learned how to get a good fill on cattle, has run cattle on the Western range, and has worked for the past six years in the cattle yards sorting and selling cattle. He knows you, knows your cattle, knows how to sort them, and how to get a good fill on them, and is always working for the shippers' interests.
