

# TEN DIE IN WRECK

South Shore Electric Cars Crash Near South Bend.

FORTY PERSONS ARE INJURED.

Motorman Disobeyed Orders and is Killed at Post—Nearly All the Casualties Are in Eastbound Car, Which Was Speeding at Fifty Miles an Hour—Victims Were Returning From Auto Races at Crown Point.

South Bend, Ind., June 21.—Ten persons were killed and forty injured in a wreck on the Chicago, Lake Shore and South Bend railroad in Porter county, Indiana, two of the big electric cars colliding head-on. The wreck was due to disobedience of orders by Motorman George A. Reed of the eastbound car, who was killed. Reed received instructions at Gary to wait at Wilson, a short distance west of Baleyton, the point where the disaster occurred, for the westbound car to pass. The impact of the cars was so great that they were reduced to a mass of wreckage.

The dead: George A. Reed, motorman; Ray P. Merriman, South Bend; Charles Johnson, Porter, Ind.; Edward Gilbertson, Porter; A. Barber, Mishawaka, Ind.; F. T. Moore, William Leon, Dowagiac, Mich.; F. A. Lake, Dowagiac, H. H. Hutson, Niles, Mich.; Charles Swanson, Porter.

The injured were mostly from South Bend and nearby Indiana towns.

Eastbound Car Telescoped.

The eastbound car, running as train No. 59, it is stated, was going at the rate of fifty miles an hour to make up lost time. When the crash occurred the eastbound car was telescoped and almost entirely wrecked. In this train were all of the killed and most of the injured, passengers on train No. 58, westbound, escaping with slight bruises and scratches.

The scene of the wreck immediately after the crash was described by eyewitnesses as being sickening. The two cars were welded together into a mass of debris, in which lay the ten dead and dying and two score injured. The cries and appeals for help were horrifying and caused a scene of utter confusion for many minutes. Soon, however, the cool headed among the passengers brought order out of chaos and while some arranged to convert the home of E. R. Borg, nearby, into a temporary hospital and morgue, others turned their attention to rescuing the dead and injured.

Darkness greatly interfered with the progress of the rescuers and to make matters worse, the nearest telephone was three-quarters of a mile away. Thus, it was impossible to procure speedy aid from Michigan City.

Trolley Wires Broken.

Superintendent Welsh of the interurban line was in Michigan City when the accident occurred. When he learned of the collision he also declared that it would be impossible to run electric cars to the scene because the trolley wires had been broken. Three physicians were sent in a gasoline traction speeder and three more dispatched as soon as possible in an automobile. When the physicians reached the scene of the accident they found scores of farmers and villagers endeavoring to care for the wounded and to extricate the dead and dying. They were working under difficulties, the only light being furnished by a few lanterns procured from nearby farm houses. All around the wreck lay the injured.

GERMAN DAY AT SONGFEST

Twenty-five Thousand People Crowd Amphitheater at Cincinnati.

Cincinnati, June 21.—With clear, hot weather the second day of the thirtieth fest of the North American German songfest was concluded. The heat was the most oppressive of the present season, but fully 25,000 persons crowded the great amphitheater.

German day was ushered in at the Carthage grounds with the marching in of the 150 German societies of this city, headed by the United Singers, who later sang numerous folk songs under the direction of Louis Ehrigott of this city.

PINNICK HELD BLAMELESS

Coroner's Jury Brings in Verdict of Self Defense.

Fairfield, Ill., June 21.—A coroner's jury held Herbert O. Pinnick of French Lick, Ind., blameless for the deaths of Dr. Charles L. Leininger and Frank McCullough. The verdict was one of self defense and freed Pinnick. Pinnick was attacked by certain men here Wednesday night in a feud caused by attentions paid to young women and he fired three shots from his revolver. Dr. Leininger, who was near the scene, fell dead and Frank McCullough died the next day. Richard Sloan was also wounded.

Michigan Man Kills Father.

Benton Harbor, Mich., June 21.—Emil Tilly shot and killed his father, John Tilly, following a series of quarrels. It is said that the elder man had hit his son on the head with a club. Young Tilly made a statement, saying that he had killed his father to save himself and his wife from death.

Professor De Martins is Dead.

St. Petersburg, June 21.—Frederick De Martins, late professor of international law in the University of St. Petersburg, is dead.

# NEGROES MUST QUIT JOBS

Georgia Railroad Not to Employ Them as Firemen.

Atlanta, Ga., June 22.—In his statement of the striking firemen's side of the controversy with the Georgia railroad before the arbitration committee, Attorney Arnold said:

"We propose to prove that the people of this state are so bitterly inflamed against the negro firemen that were you to restore the negroes to their positions or were the railroad under your direction to put them on the engines again there would be violence and bloodshed and the lives of neither employee nor passenger would be safe. We will bring here the mayors of cities and others who have investigated and who know."

"Are any negro firemen working for the road now?" Inquired Arbitrator Harward.

"Yes," said Arnold, "but only pending a decision by this commission, and to get even this concession Vice President Kelly had to go down the line and explain to the people that the restoration of the negro was only temporary."

HARRIMAN RUMORS DENIED

Bears Use Alarming Reports in Making Raid on Stocks.

New York, June 22.—Rumors that E. H. Harriman was critically ill in Vienna, a report that at times has been exaggerated to the extent of saying that he was dead, all met with prompt denial by his associates and at the offices. But notwithstanding this the reports probably caused a sharp bear raid, causing a decline in the so called Harriman stocks.

Union Pacific dropped 4 points and only recovered 1/4 point before the close. Losses as high as 12 points from the high water mark of a few days ago were recorded. One of Mr. Harriman's closest associates said that he felt convinced that the report that Mr. Harriman was seriously ill was utterly false.

BALL FANS CHASE AIRSHIP

Drag Rope Bowls Over Fielder, Permitting Batter to Score.

St. Louis, June 22.—John Berry, winner of the recent Indianapolis balloon race, and M. A. Heimann, who ascended here in the balloon Melba, returned from Wrights, Ill., where they landed after an exciting trip.

At the start their course was to the northwest, but a change of wind sent them northeastward toward a bank of electrically charged clouds. They escaped by rising to a height of 10,000 feet.

Shortly before landing the drag rope bowled over a baseball player as he was about to make a catch. The batsman scored and the crowd chased the balloon, trying to catch the drag rope which the aeronauts were forced to haul up into the basket.

SWORD FISH BESTS WHALE

Passengers on Steamer See Fight Between Monsters of Ocean.

Boston, June 22.—A fight between monsters of the ocean was witnessed off the Nantucket South Shoals Lightship by passengers and members of the crew of the steamer Esparta, which arrived here from Port Limon, Costa Rica. The combatants were a whale and a great fish, believed to have been a sword fish. The former was vanquished. The whale was the only one of the fighters visible. It lashed its tail violently, churning the water into a mass of foam, attacking its adversary fish with jaws. Finally, however, the whale was seen to throw its massive bulk out of the water and then sink out of sight. The waters for a considerable distance were colored with blood.

BAPTISTS OUST FOSTER

Asked to Withdraw After Riotous Meeting of Ministers' Conference.

Chicago, June 22.—Professor George Burman Foster and his writings were again the center of an almost riotous session of the Baptist ministers' conference of Chicago.

For four hours the ministers wrangled. The veracity of some was called into question by others, and hisses denoted the intense feeling pervading the meeting.

Finally a resolution was adopted asking Professor Foster to withdraw from the conference. It was agreed also that at next Monday's gathering he should be asked formally to withdraw from the Baptist church.

Foster Talks to Homeopaths.

Detroit, June 22.—Christian Science, the Emmanuel movement, soul cure, osteopathy, mental healing and attempts to cure diseases by the laying on of hands were all denominated as a loud and emphatic protest against the abuse of drugs by President William D. Foster of the American Institute of Homeopathy.

Zeller Makes Successful Flight.

East St. Louis, June 22.—In the airship "East St. Louis," made by W. J. Smith of Edgemont, Ill., Claude M. Zeller made a successful flight of ten miles. The landing was in a wheat field.

Korean Hanged at Honolulu.

Honolulu, June 22.—The first execution in the Hawaiian Islands during a period of three years occurred when Yi Hai Dam, a Korean, convicted of murder, was hanged for his crime.

Father of Governor Hadley Dead.

DeSoto, Kan., June 22.—Major James M. Hadley, father of Governor Herbert S. Hadley of Missouri, died at his home here. Governor Hadley was with his father when the end came.

# JURY DISCHARGED

Twelve Men Unable to Agree on Verdict in Calhoun Case.

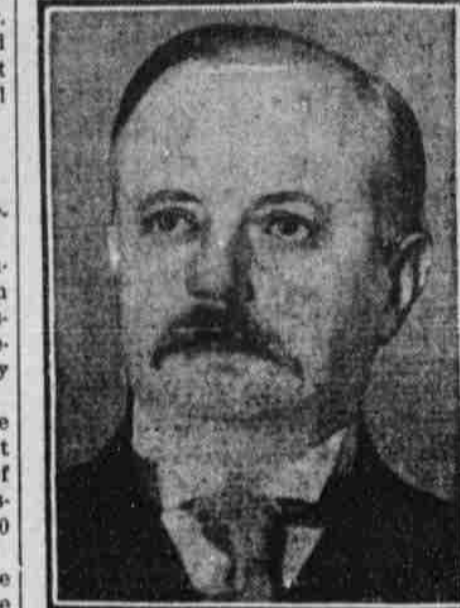

FIVE BALLOTS ARE TAKEN.

Vote Stood Ten for Acquittal and Two for Conviction of Street Railway Magnate Accused of Bribery—Honey Declares He is Ready to Proceed With Second Trial at Once—Defendant Makes Counter Charges.

San Francisco, June 21.—Terminating in a disagreement of the jury, with ten men determined on acquittal and two steadfastly resolved upon conviction, the trial of President Patrick Calhoun of the United Railroads ended at noon. Five months and a week had transpired since the wealthy street car magnate, a descendant of Patrick Henry, made his first appearance in court to answer to the charge of offering a bribe of \$4,000 to a supervisor to obtain a privilege for his corporation.

Not until each juror had pronounced as hopeless the prospect of a verdict was the order for their liberation made by Judge Lawlor, prosecution and defense giving assent to the discharge.

The trial ended quietly and without demonstration. The court room was well filled, but the sudden climax did not permit of an attendance gathered from far and near, such as characterized the five days of argument. The defendant and his attorneys, as well

PATRICK CALHOUN.

as the chief officers of the prosecution, refrained from comment upon the disagreement when it was recorded, and quickly departed from the court room.

But five ballots were taken, three of these shortly after the jury retired. Upon the first vote the jury stood eight for acquittal and four for conviction. Two of the four joined the majority upon the second ballot, and one of the remaining two announced his determination to remain out a month if necessary.

Ready for Second Trial.

The attorneys will be expected to fix a date for another trial upon the same indictment at today's session of court. "I am ready to try this case again, and I will go ahead today if necessary," said Mr. Honey.

Mr. Calhoun said: "Of course, I am disappointed at the failure of the jury to acquit me of the unjust charges against me. I should have liked my vindication by the jury to have been absolute. The judge was hostile, the assistant district attorney bribed and the administration of the criminal laws of this state disgraced. I propose at the proper time and in a proper manner to submit formal charges against Assistant District Attorney Honey for receiving bribes as a public officer and against Rudolph Spreckels and James D. Phelan, who financed the prosecution, for having paid them."

DR. CLEMINSON IS HELD

Bound Over to Grand Jury on Charge of Wife Murder.

Chicago, June 19.—Dr. Haldane Cleminson was held to the grand jury by a coroner's jury at the inquest over the body of his wife, Mrs. Nora Jane Cleminson.

Mrs. Cleminson was found dead in the Cleminson home in Roger's Park, May 29. The verdict of the coroner's jury found that she came to her death from chloroform poisoning. Some days ago a formal charge of murder was made by the police against Dr. Cleminson and he was refused admission to bail.

GIRLS IN A SUICIDE PACT

Each Drank Poison as They Watched the Officers Approach House.

Springfield, Ill., June 21.—Rather than be taken home by officers on complaint of their parents, Misses Catherine Bender and Josie Cole, both aged eighteen, carried out a suicide pact by drinking carbolic acid. The girls had prepared the poison in two wine glasses and when they saw an officer coming to arrest them, drank the acid. Both girls ran from their room to the front porch of the boarding house where they were staying and died together in a few minutes after taking the drug.

Five Men Die in Fire.

Duluth, Minn., June 21.—Fire caused the death of five men and sixty horses in the Board of Trade livery barns here. The monetary loss was \$230,000.
