MRS. LEORA RUSTIN Lincoln  
MISS SUSIE R. FRAZIER Alliance  
SUPT. O. E. PHILLIPS Alliance

#### SHERIFF CHASES GLIDDEN CAR

Nebraska Official Thought Jewel No. 7 Was Going Too Fast. Julesburg, Colo., July 24.—There was a little of spice of life in the Glidden tour when the brawny sheriff of Ogalala county thought the Jewel car No. 7 was going too fast. The sheriff ordered the driver to stop, but the driver had other ideas. The sheriff entered a local automobile at Kearney, Neb., and for twenty miles over the sandhills of Nebraska there was a race that made the prairie dogs flee in terror.

At the end of the twenty-mile chase the Jewel car crashed into the rear of a rival Gliddenite, and the sheriff triumphed. He was appeased, however, when the character of the speeding was made known to him.

For more than 200 miles the tourists followed the Platte river from Kearney to Julesburg. The roads were above the average, but several bad spots were encountered and several machines had to be pulled out by horsepower.

#### ENTICED GIRLS TO PANAMA

Helen Spencer in Jail In New York on Charge of Kidnaping.

New York, July 24.—Helen Spencer, arrested at Panama recently for enticing young women from this city to the canal zone under false pretenses, arrived here in the custody of two detectives and accompanied by Judge Thomas E. Browne of the department of civil administration of the canal zone and M. C. Steckle of the Panama Y. M. C. A. Judge Browne and Mr. Steckle will assist in the prosecution. Mrs. Spencer, who is thirty-five years old, was arraigned in the police court charged with kidnaping. She pleaded not guilty and was committed in default of \$5,000 bail.

#### ARKANSAS TOWN WIPED OUT

Entire Business Section of Bonanza Destroyed by Fire.

Fort Smith, Ark., July 24.—The entire business section of Bonanza, Ark., sixteen miles south of there, was completely wiped out by fire. About twenty stores were destroyed, only two business houses remaining after the fire. The loss is estimated at \$100,000. There are evidences of thieves having operated during the fire. The wrecked town is one of the most prosperous coal mining towns in Arkansas.

#### SHEA TO STATE PRISON

Former Labor Leader Hotly Denounced by New York Judge.

New York, July 24.—Cornelius P. Shea, the former Chicago labor leader, found guilty of attempting to murder Alice Walsh, with whom he had been living here, was sentenced to not less than five nor more than twenty-five years in prison. The former president of the International Brotherhood of Teamsters listened stolidly to Judge Foster's scathing remarks in pronouncing sentence.

#### GOT PENSION, NEVER FOUGHT

Indiana Civilian Drew \$50 a Month for Wound Received in Morgan Raid.

Salem, Ind., July 24.—Henry Hoar, said to be the only United States pensioner who never was a soldier or connected with the army, died from a bullet wound received in the John Morgan raid, July 10, 1863. Hoar was shot while escaping the raiders. He was an invalid until death, but had prospered. For years he drew a pension of \$50 a month.

#### SWEEP AWAY BY TORRENT

Two Killed and Two Injured as Result of Cloudburst in Colorado.

Boulder, Colo., July 24.—Two are dead and two seriously injured as the result of a cloudburst that deluged Two-Mile canon, north of Boulder.

Dead: Verne Carlisle, aged thirteen, Boulder; Arthur Dickerman, aged twenty-five, Greeley.

#### Leon Ling Not in England.

London, July 24.—The man whom an American visitor saw outside a jewelry shop here on July 15 and identified as Leon Ling, the Chinese suspected of the murder of Elsie Sigel in New York on June 9, has been found to be a Japanese associated with an Anglo-Japanese financial firm. The Scotland Yard officials are satisfied that Leon Ling is not in England.

#### Forty-one Dead in Texas Hurricane.

Houston, Tex., July 24.—The number of persons dead as a result of Wednesday's hurricane is conservatively estimated at forty-one, those more or less seriously injured, those twice as many, and the property loss is conservatively estimated at \$1,000,000. Except for isolated points, all communication has been restored.

#### Taft Decides on Trip Down Mississippi

Washington, July 24.—President Taft's plans for his western and southern trip in the fall gradually are taking shape. He has decided that he will make the trip down the Mississippi river from St. Louis to New Orleans late in October.

#### 40,000 Troops Needed for Morocco.

Madrid, July 24.—It is reported that General Marina, commander of the Spanish forces at Melilla, has informed the government that he will require 40,000 men to insure a decisive defeat over the Moorish tribesmen.

#### Twenty Workmen Killed in Russia.

St. Petersburg, July 24.—Twenty workmen were killed and a large number injured here by the collapse of a building in course of construction.

# Saturday, July Thirty-First QUIZZLE ANSWERED!

645=140 JULY THE LAST

#### Correct Answer

Six for the price of Five equals one for nothing, Saturday, July thirty-first

The nearest correct reply was by EDNA DUNCAN: "On Saturday, July the last, The Horace Bogue Store will sell ribbons at the reduction of SIX FOR FIVE which is ONE FOR NOTHING."

WE ARE TO SELL EVERYTHING AS WELL AS RIBBONS Any Six Articles for the Price of Five

They do not have to be the same price but if they are different prices you will get FREE the average of the FIVE

\$ 6.00 Skirt	.....	\$ 5.00
12.00 Skirt	.....	10.00
6 pairs of 25c Hose	.....	1.25
6 cakes of Soap	price of 5	
6 yards of Goods	price of 5	
12 yards of Goods	price of 10	
6 batts of Cotton	price of 5	

FOR INSTANCE	
1 pair Shoes	.....\$3.50
1 pair Hose	......25
1 Corset	..... 1.50
1 Hair Roll	......75
1 Corset Cover	..... 1.00
	<b>\$7.00</b>

Remember, this Sale is for Saturday Only and for Cash Only

There is no reserve. The whole stock is open for your selection. We make just TWO limits, viz: Not more than 6 spools of thread nor more than 12 yards of calico to a customer

# THE HORACE BOGUE STORE

#### RAILWAY NOTES AND PERSONALS.

Conductor Beach laid off a trip, Simonson getting his car.

Mrs. Harry Cantlin and little son visited in the vicinity of Crawford over Sunday.

Conductor Chas. Rider and two sons left last Friday morning for a short visit in Iowa.

L. H. Brown, operator at Hecla is laying off and visiting his son and family in Lakeside.

A couple of cute little cub bears at the Adams express office entertained a number of spectators this morning.

Engineer George Johnson has Rockey's run on No. 44 and No. 41, while the latter is running Mr. Willard's special.

The coal shed at Halsey caught fire last Friday morning, but was put out before any great amount of damage was done.

Operators Holmes and McCarthy, who have been working in the Western Union office, have left the service and gone east.

Two freight crews were pulled off last week, but only temporarily, they will no doubt be put on again the latter part of this week.

Extra agent Thompson, who has been in the Black Hills, is laying off spending a few days at his old camping grounds, Mason.

Conductor Will Johnson left on No. 42 Monday to meet and return with Mrs. Johnson, who has been making an extended visit in Pennsylvania.

George Young, who has been laying off a few days, resumed work Wednesday morning. This leaves extra runner Beard without a car for a few days.

Mr. A. V. Gavin returned from Lincoln Tuesday morning, where he has been working on the new time card. Mr. Welch has been relieved for his vacation, and he left for eastern points Tuesday afternoon on No. 44.

J. W. Langley, at one time an operator in the office of Mr. Kennedy, was in town Monday shaking hands with old acquaintances. He is not in the railroad business at present, having tried his hand as a commercial traveler.

No. 37, the Lincoln-Ravenna local passenger was run through to Broken Bow last Friday night to accommodate people returning from attending Ringling Bros. Circus at Grand Island on that day. The train was turned right back to Ravenna.

Engineer W. A. Miller returned on 42 yesterday from his trip to the coast, which he enjoyed very much. Mrs. Miller and the daughter stopped at Spokane for a fortnight's visit with friends there before returning to Alliance.

Owing to an extra amount of travel eastward, No. 42 was run in two sections last Saturday night out of Edgemont. Very often No. 42 is run in two sections when the train from the west is late, the first section consisting of the Deadwood connections and going through about on time, but it is something out of the ordinary to have two sections of an east bound passen-

ger train because the passengers could not be accommodated in one train. On this particular morning No. 42 totalled twenty-two cars, three or four of them being deadheads, however.

An agency has been established at Bingham, with Mr. Hansen, recently night operator at Anselmo, in charge. Freight accounts for this place have always been looked after by the Agent at Ellsworth, but of recent years the business has increased to such an extent that it was found necessary to open a station there.

Messrs. Bracken and Birdsall went to Ravenna Monday on a special train to meet Vice Presidents Willard and Miller, and conduct them over their territories. They passed through Alliance west bound Tuesday afternoon, staying in Alliance only a few minutes. Conductor Cotant and Engineer Rockey were in charge of the train.

Clifford, the little son of Archie Gregory, met with a slight mishap Monday morning by falling off a porch and striking his face on some object in such a way as to cause a slight fracture of the jawbone, and loosening three of his teeth. A doctor was called and the little fellow is faring pretty well under the circumstances.

#### Railroad Notes from Edgemont

(From last Friday's Express)

Engine 2840 pulled the tax commissioner special into Edgemont Thursday and engine 2802 pulled the special to Alliance.

Superintendent of Motive Power Thomas Roup was a passenger to Sheridan Tuesday on a tour of inspection of the different divisions.

Charles Tillett has been making a trip over the high line in place of Engineer Peterson, who is on the sick list. He returned to Alliance Thursday evening.

C. O. Hageman has been transferred from the passenger run from Ravenna to Broken Bow to a run from Ravenna to Seneca and is now living at Ravenna with his family.

The Italian, who was bitten by the rattlesnake at Rumford some time ago, was asked why he let the snake bite him. He answered very quickly in railroad parlance, "He no ringa the bella."

Engine 2852 arrived this week and was sent to Sheridan to run the passenger between there and Billings. She is an engine of the S 1 class that have pulled passengers so well on the Alliance division.

Chief Clerk French will arrive in town next week from his vacation, and at that time Allen Toomey will be transferred to the mechanical department office at Alliance. He has made good here and the transfer is in the line of a promotion.

David Marsh, of the west end, who is running an engine on the Gillette-Edgemont run, arrived in town Thursday morning with one of his eyes badly injured from the bursting of the water glass on his engine. The glass struck Mr. Marsh on the pupil of the eye, inflicting a most painful wound that will probably lay him up for some time.

Six Four 5 at Bogue's, Saturday.

#### Personal Liberty

(Contributed)

Mr. Editor: The word, LIBERTY, is sometimes misused in such a shocking manner that it is strange temperance people do not more often take the trouble to rebuke it. Probably the utter absurdity of connecting the enslaving and degrading practice of beer and whiskey drinking with the ennobling and purifying influence of liberty, accounts for the misuse of the word attracting so little attention.

Not long ago a young man, highly esteemed by the citizens of Alliance, committed suicide rather than submit to the tyranny of intemperance. He only did what thousands have done before and are still doing.

Using the word, liberty, in connection with intemperance is abusing it. Liberty belongs only to those who do right. Those who, through the struggle and effort of the American people, value and appreciate freedom as one of the greatest gifts of God to mankind, need have no fear that their liberty to do right will ever be curtailed.

But while the most cruel and hateful tyrant that ever oppressed the human race binds thousands of our fellow citizens and countrymen as with shackles of iron and wilds his cruel lash, who on looking at our jails, asylums, wrecked homes and ever increasing number of suicides caused by intemperance, can use the grand word, LIBERTY, in connection with such horror and slavery.

Chains of brass and steel cannot bind mortals half as fast as the chains of intemperance. The lash of the slave driver never cut the back of the slave half as cruelly as the lash of the tyrant strong drink cuts to the heart its enslaved and degraded victim; and to misuse that divine word, which should only be spoken in reverence to maintain oppression and tyranny of any form, is abhorrent and shocking.

While the evil of intemperance is destroying our homes, filling our jails, asylums, poor houses and graves, we will continue the fight until the foe is driven from our land and liberty, true and glorious, reigns supreme.

#### A Summer Danger Signal.

In summer time the moment you cease to perspire and have a tight feeling about the neck and head

LOOSEN ALL YOUR CLOTHING; then take a sponge bath and a drink of cool, not cold, water.

If the feeling grows worse, send for the doctor.

Remember that the more baths the greater comfort. Borax makes an excellent powder to use in the bath.

A little alcohol in the bathing water makes the bath twice as refreshing.

#### Footwear In Summer.

Summer shoes and stockings should be of the lightest weight. Brown shoes are always cooler than black, being more porous, and white canvas shoes are delightful for summer wear.

BLACK STOCKINGS SHOULD BE TABOED IN HOT WEATHER. The dye is bad for the feet, sometimes really injurious. White stockings, of course, are the best of all, but tan or gray may be worn to great advantage.
