

## BOMBS 32 AND 33

Two Are Exploded in Downtown Section of Chicago.

MUCH DAMAGE TO PROPERTY.

Thirty-three Have Been Thrown in Vicinity of Gambling Houses in Two Years—Explosion Causes Stampede in Theater, but No One Is Injured. Hundreds of Windows Broken Within a Radius of a Block.

Chicago, Nov. 1.—Two bombs which exploded with terrific force in the downtown section of the city last night caused considerable damage to property and created great excitement.

The first bomb exploded soon after 6 o'clock in a building at 260 State street and the other followed fifteen minutes later in a building near the corner of LaSalle and Madison streets.

In the State street building the Empire club is located and the building at Madison and LaSalle streets housed the Worth Jockey club.

For two years bombs have been exploded intermittently in Chicago in the vicinity of gambling houses and race bookmakers' establishments. The bombs thrown last night were the thirty-second and thirty-third in number that have been thrown in what is believed to be a quarrel between syndicates of gamblers who operate in violation of the law.

The explosion in State street shook the heart of the city and buildings within a radius of a block were damaged, hundreds of windows having been broken. The concussion created havoc in the store room on the first floor, scattering stock over the floors and blowing out plate glass windows in the front and all the windows in the rear of the structure.

**Panic in Theater.**

Many buildings adjacent to the scene of the explosion were damaged, including the Chicago Automobile club, the Imperial and Inter-Ocean hotels and the Premier theater, which was filled with people when the bomb was fired. The detonation frightened the audience and men and women rushed for the street in a panic, but no one was injured.

The police, after investigating the circumstances, found that the first bomb had been thrown apparently in the upper floors of the building occupied by the Empire club, formerly managed by "Social" Smith and Harry Perry. A bomb was exploded there a year ago last July. Since that time Smith and Perry are reported to have sold out their interests to a new syndicate a few days ago.

### TWELVE KILLED IN MINE

**Dynamite Explodes in Cambria Steel Company's Colliery.**

Johnstown, Pa., Nov. 1.—Twelve men were killed in the Cambria Steel company's coal mine, two miles from here, as the result of what is supposed to have been a dynamite explosion. All the dead are foreigners.

Three men escaped with their lives by a perilous climb on life ladders through poisonous mine gases and falling slate up the steep walls of the main shaft. At the time of the explosion only fifteen workmen, all track layers, were in the mine.

### KILLS BROTHER AT DINNER

**Trivial Quarrel Leads to the Murder of Illinois Man.**

McLeansboro, Ill., Nov. 1.—Following a trivial quarrel, Cleveland Riley shot and killed his brother, Weaver Riley, and wounded another brother, Frank. Only one charge was fired from the shotgun.

The brothers were seated at the dinner table in the home of their father, Thomas Riley, when the quarrel began. The gun was fired through an open doorway. Cleveland was arrested.

### PUTS STOP TO FOOTBALL

**Quid to Death of Byrne, No More Games Will Be Played by West Point.**

West Point, Nov. 1.—Because of the death of Eugene A. Byrne of Buffalo, N. Y., no more football will be played by the West Point eleven this year. This statement was made by Colonel Hugh L. Scott, superintendent of the United States military academy, after a consultation with the athletic authorities of the academy on the death of young Byrne, who expired as a result of injuries sustained in the Harvard game Saturday.

**Haskell Institute Player Killed.**  
Kansas City, Nov. 2.—Roy Spuybeck, nineteen years old, Indian football player of the second team of the Haskell institute, Lawrence, died here as a result of injuries from a game at Buckner, Mo. He played right tackle and as he received the ball he slipped and struck his head.

**To Abolish Athletics.**  
Philadelphia, Nov. 2.—Five hundred students of the Medico-Chirurgical college held a mass meeting and decided to abolish all athletics at the institution because of the death of Michael Burke, a member of the college football team, who was injured in a game on Saturday.

**Omaha Player Seriously Injured.**  
Omaha, Nov. 1.—Coe Cody, a student of Creighton college, had his collarbone broken during a scrimmage in a game here. His condition is serious.

### FIX IOWA LIVE STOCK RATES

**Railroads Propose a New Plan of Regrouping.**

Chicago, Nov. 2.—Regrouping of the state of Iowa and lower freight rates probably will result from a rehearing of a complaint made by the Corn Belt Meat Producers' association against the Iowa railroads, the hearing of testimony having been concluded before the interstate commerce commission here. Commissioner Prouty heard the concluding testimony and arguments are to be made in Washington the first two weeks in December. Proceedings were begun by the complainant body against the railroads in 1907 and in June, 1908, the interstate commerce commission ordered the railroads to make a regrouping and more uniform freight rates.

A petition for a rehearing was filed in November, 1908, the association charging that the order had been ignored.

The railroads on Oct. 21 last were given until Nov. 1 to comply with the orders of the commission. The railroads submitted a new plan for regrouping, objecting to the rates proposed as too low. The present plan proposes that the state of Iowa be divided into ten groups, with freight rates ranging from 19 to 23½ cents per hundred pounds on live stock.

### STATES CAN COLLECT LICENSES

**Have Right to Charge for Circular Distribution.**

Washington, Nov. 2.—On the authority of the International Text Book company, the supreme court of the United States dismissed the appeal of that company from the decision of the United States circuit court for the district of Iowa refusing to entertain the petition of the text book company, by means of which the company undertook to compel the city of Ottumwa, Ia., to permit the distribution of the company's circulars in that city without taking out the license required by a city ordinance.

The text book company conducts a correspondence school at Scranton, Pa., and claiming that all of its business was transacted in that state took the position that an effort to compel it to pay a license for advertising in another state was an interference with interstate commerce and therefore contrary to the constitution of the United States.

The federal court in Iowa dismissed the company's bill on the ground of lack of jurisdiction and the effect will be to leave that decision standing. The case is one of many involving the right of a company to do business in the various states of the Union.

### REVENUE RECEIPTS LARGE

**Surpass Most Sanguine Expectations During October.**

Washington, Nov. 2.—Surpassing the most sanguine expectations of the treasury officials, the internal revenue receipts are bounding upward. For October the figures show \$23,694,434, an increase of \$1,616,735 over the corresponding month last year, and that there will be some additions to the receipts credited to last month's account. So far this fiscal year, up to Oct. 30, the internal revenue receipts have run \$4,575,999 ahead of the same period last year, the totals on July 1 being \$89,783,037.

### CHICAGO GRAIN AND PROVISIONS

## LOBBY OF 500 MEN

Waterway People to Send Delegation to Washington.

ADOPT TAFT'S SUGGESTION.

**Will Demand That Congress Deepen Mississippi River—Declare Minimum Depth of Fourteen Feet Is Necessary—Popular Bonds in Small Denominations Will Be Urged—Action Follows Day of Oratory.**

New Orleans, Nov. 2.—Adopting President Taft's suggestion that the time for oratory was past, the lake to the gulf deep waterways convention, to the accompaniment of cheers, decided to send 500 lobbyists to Washington to demand that congress deepen the Mississippi river. The action of the convention followed a day of oratory. The resolutions were long. They declared that the federal government "should and shall without needless delay, enter upon a definite policy and plan of waterway development, beginning with the improvement of the Mississippi and Illinois rivers, as a main trunk of a great waterways system, in such a way as to get an effective navigation between the gulf of Mexico and the great lakes; such main trunk line to be developed with no disparagement of and constant reference to the concurrent development of tributaries."

The resolutions next recited the reasons for these demands, one of which was that the Mississippi valley contains more than half of the population of the United States.

Popular bonds in small denominations for popular issue was one of the things urged upon congress, and "the development of the waterways as an investment, rather than as a succession of piecemeal experiments," was demanded.

But above all, it was insisted that a minimum depth of fourteen feet at low water was the one cardinal principle of the association.

### TAFT DAY AT JACKSON, MISS.

**Three-Ringed Circus and Balloon Ascension Are Added Features.**

Jackson, Miss., Nov. 2.—President Taft, a three-ring circus, a gala day at the state fair, a balloon ascension and a thrilling parachute leap gave Jackson a share of honors unique and unparalleled in the history of the old city. The president visited the state fair and the state fair gave return checks to all who wanted to see the circus across the street and in this way a combination of the three great attractions was formed. The balloon ascension was free for all.

"Uncle Joe" Cannon was to have been an added feature, but he had been summoned to Illinois on business and passed through Jackson without stopping.

Secretary of War Dickinson rejoined the presidential party. President Taft left for Columbus, Miss., the birthplace of Secretary Dickinson. He will spend three hours there and will reach Birmingham, Ala., at 7:30 o'clock this evening. The railroads handled 30,000 excursionists into Jackson and they were fairly saturated with pleasures.

### CAPTURED BY CANNIBALS

**Two Englishmen and Three Chinamen Killed in Admiralty Islands.**

Manila, Nov. 2.—Rear Admiral Seabee reports that when the United States Pacific fleet touched at Admiralty Islands it was learned that recently cannibals from the islands captured a boat containing three Englishmen and three Chinese. One of the Englishmen, who escaped through the connivance of a friendly tribe, said his companions were killed and eaten.

### GREEK REVOLT AT AN END

**Torpedo Boat Recaptured, but Tibaldos Is Still at Large.**

Athens, Nov. 1.—Four British warships have arrived at Phalerum, near Piraeus. The rebellion, for the time being, at least, is at an end. The last of the naval vessels in the hands of the mutinous naval officers has been recovered, the torpedo boat destroyer Velos returning to the arsenal. Lieutenant Tibaldos, however, is still at large.

### BODY OF ITO AT TOKYO

**People of High and Low Degree Unite in Paying Tribute.**

Tokyo, Nov. 2.—The body of Prince Ito, who was assassinated Oct. 25 by a Korean at Harbin, Manchuria, was received in this city with honors consistent with the distinguished career of the Japanese statesman.

The body will lie in state at the residence until Thursday, when the funeral will be held.

### White Slaver Sentenced.

New York, Oct. 30.—Wolf Katz, who said he was a real estate dealer, was convicted before Justices Olmsted, Wyatt and Moss in special session of trafficking in women and was sentenced to a term of eleven months in the penitentiary and a fine of \$500.

### Forest Fires Under Control.

Deadwood, S. D., Nov. 2.—It is now believed that the big forest fires that have been raging through the Black Hills for the past week are well under control. The soldiers are making good progress in checking the main fire near Pactola.
