

UNITED DOCTORS ARE COMING TO ALLIANCE

Famous Specialists Will Make a Short Visit to the Drake Hotel, on Monday, April 4th, and Tuesday, April 5th.

Word has been received that the Chief Consulting Physician of the United Doctors has decided to pay a short visit to Alliance and while here will stop at the Drake Hotel where he will receive and examine patients.

The United Doctors are the specialists whose many wonderful cures have caused comment by the press, pulpit and public, not only in Nebraska but all over the country. These specialists have founded a new school of medicine which embraces all of the good points of the old schools and leaves out the bad. They use Allopathic drugs where they are needed; they use Homeopathic drugs where they are needed and Eclectic drugs where they are needed and in some cases they use a combination of Eclectic drugs with Homeopathic or Allopathic drugs in the same case. Hence the name United Doctors, they have united the various "schools" and "isms" of medicine to form a perfect system of curing disease.

The United Doctors have institutes established in the larger cities of the United States. Their Omaha Institute is located on the second floor of the Neville Block corner of 16th and Harney st., Omaha, Neb.

The object of the United Doctors in making this short visit to Alliance is to secure a few cases in this community, but they want those cases to be only the most difficult ones. They know that if they cure a few of the worst cases here that others will hear of it and go to their Omaha Institute for treatment. A cured patient is their best advertisement.

While the doctor is at the Drake Hotel for this short visit on Monday, April 4th and Tuesday, April 5th he will examine all patients free of charge but will accept only curable patients for treatment as it would not be a good advertisement to treat any case unless they were sure of a cure. To the cases selected for treatment a special reduced rate will be made.

The diseases treated by the United Doctors are diseases of the Nerves, Blood, Skin, Heart, Stomach, Kidneys and Liver including Rheumatism, Paralysis, Neuralgia, Loss of Nerve Force, Goiter, Constipation, Catarrh, Epilepsy, Indigestion, Dyspepsia and Weak Back, Bloating Dropsy, Eczema, Scrofula and diseases of men and women.

The daily papers throughout the country are continually publishing reports of the wonderful cures that have been made by the United Doctors. Recently an account was given in an Omaha paper of the case of Mrs. N. Bradford, who lives on R. R. No. 3 South Omaha, Neb., in which she says in part:

"Ten years ago my health began to fail and I gradually grew worse until I was confined to my bed half the time with terrible pains in my stomach and bowels and violent vomiting. For years I did not know what a well day was. Could eat no food that other people ate. Could get neither sleep nor rest on account of the terrible suffering. I tried all the physicians in reach, but only got worse, until a counsel of my family physicians decided that I had gall stones and that nothing would save my life but an operation, and the surgeons could not promise that even an operation would save me. About one year ago I began to hear accounts of the wonderful work of the United Doctors in gall stone. With death and the surgeon's knife staring me in the

face, it seemed that I ought to see them anyway. After a careful examination they pronounced my case "gall stones" and said they could relieve at once and cure me permanently. I thought that for such results their price would be very high and I would not be able to take their treatment, but I found them kind and considerate. Their price was a reasonable one. One fee paid for everything including the medicine, until I should be entirely cured, regardless of how long it took.

Now for six months I have not had an attack of my old trouble. I can eat anything I want and my digestion seems as good as ever. No more vomiting spells. No more awful pains. No more morphine from the family physician. No more starvation. I owe my recovery to the United Doctors and to them only. They have cured me. Since I have been cured a neighbor of mine has been cured of gall stones. Go to the United Doctors."

Porter H. Beeson of 940 North 24th street, Omaha, Neb., who had nerve, bowel, stomach and kidney trouble for two years says:

"I was simply wasting away and got so bad that I could neither work nor eat, nor hold anything on my stomach, I came home to my mother a skeleton and am satisfied that I would not have lived to exceed two weeks, if I had not been persuaded by my mother to go to the United Doctors for treatment. I commenced to improve at once, and within a week after commencing their treatment was eating anything I wanted and digested it perfectly. In two weeks I went to work at my regular occupation, [which is that of a bricklayer and have been working ever since. I cannot speak in high enough praise of their treatment of my case, which I feel was practically hopeless when I put it in their hands."

Mr. Frank Coffelt of Silver City, Ia., who had suffered for years with chronic indigestion, stomach trouble and rheumatism in speaking of this new treatment says:

"I was doctored by many physicians and did not get any relief and as for a cure, I had given up all hope for that. The United Doctors said after examination, they could cure me. I did not believe them but like a drowning man grasping at a straw, I commenced their treatment I might have known that if they could not cure me they would have said so, for I have known of cases they refused to treat because the sufferer waited too long before seeking the right treatment."

These are only a few extracts of hundreds of testimonials on file in the office of the United Doctors throughout the country.

While the United Doctors will not accept any incurable cases for treatment one should not give up hope simply because their doctor has failed to help them. It must be remembered that this system of medicine has quickly cured many cases which would not be healed by other doctors or medicine.

The United Doctors treatment is all home treatment, so that frequent visits to our office are not necessary. This treatment may be used in any home, anywhere, without inconvenience, publicity or annoyance, and without detaining the patient from his or her occupation.

This wonderful new treatment is what the doctor is bringing to Alliance. He will be here but two days and while here will receive patients at the Drake hotel parlors.

FIREMEN TO STRIKE

Employees of Forty-three Roads Ordered Out.

MANAGERS REJECT ULTIMATUM

Men Insist That All Their Demands Be Submitted to Arbitration, but Roads Are Willing to Arbitrate Nothing but Wage Question—President Carter Says Order to Quit Goes Out at Once.

Chicago, March 15.—At midnight last night W. S. Carter, president of the Brotherhood of Locomotive Firemen and Enginemen, announced that a strike of 25,000 firemen on practically all the western roads had been called.

Mr. Carter said the decision to strike had been reached at a meeting of forty-three members of the western federation board of the brotherhood, each member representing a western railroad.

The exact hour at which the men are to walkout, he said, would be decided upon today and every member of the union between Chicago and the Pacific coast would then be informed by telegraph when to quit work.

President Carter's Statement.
"The strike has been called—that much is certain," said Mr. Carter. "It means that not only 25,000 firemen members of our union will go out, but perhaps that many more employees will be thrown out in consequence."

"We gave our ultimatum to the railroads that the men had voted to strike and we were prepared to call one unless we were granted an arbitration of all questions in dispute. The railroads refused to arbitrate anything but the wage question."

"At midnight we decided it was useless to parley further with the railroad managers. We adopted a resolution calling a strike."

"Owing to the lateness of the hour and in order that the men would not be thrown into confusion and not know the true state of affairs we agreed to wait until today before telegraphing the order."

"Will the men quit work today?" Mr. Carter was asked.

"The men will quit work within twenty-four hours after the order is issued," he replied.

The controversy which has been under discussion for more than six weeks involves forty-three railroads operating west, northwest and southwest of Chicago and embraces about 150,000 miles of railroads.

It has previously been stated by both sides that if a strike were called it would tie up practically every freight and passenger train between Chicago and the Pacific coast.

Statement for Railroads.

Chairman W. C. Nixon, on behalf of the railroad managers, issued the following statement:

"The railroads have not received the answer of the firemen's committee. Consequently we hesitate to make comment. But it does not seem reasonable that a strike will be called in the face of offered arbitration. The railroads offered to arbitrate the wage question Jan. 27 and this offer still holds good."

"In case the firemen's reply is to the effect that a strike will be called the railroads will invoke the aid of the Erdman act through the chairman of the interstate commerce commission and the commissioner of labor in Washington to prevent the labor leaders from carrying out their threat."

LITTLE CHANGE IN STRIKE

Usual Number of Disturbances in Kensington District.

Philadelphia, March 14.—Attracted by a fire in a boxcar filled with hay on a railway siding in Kensington, a crowd of several thousand persons collected. Small boys threw stones at some of the police and later the windows of a number of cars were broken before the reserves got the crowd under control. Aside from this outbreak cars were run without molestation.

In its efforts to demonstrate the strength of organized labor and to make stronger the sympathetic strike, the Central Labor union today directed that all milkmen, bakers, grocery clerks and other dispensers of the necessities of life should remain away from their usual vocations until such time as the grievances of the striking carmen shall have been adjusted.
