John VanCamp went to Alliance one day this week to visit and help his brother Odd Fellow, Rem Hand, Jr., who is being treated in the hospital

there. We have seen the workings of many lodges and benevolent fraternities but know of none that does more work for its members than the I. O. O. F.—Hay Springs Enterprise.

H. S. McKay of Des Moines, inspector for the Travelers' Indemnity Company, arrived in Alliance last Friday to make some inspections. The boilers of the Alliance Laundry and

the Electric Light Plant were inspected and we understand were found in a satisfactory condition.

Geo. Behner, one of The Herald's many subscribers in the northwest part of the county came to the city Monday on ponyback, returning the same evening. It was a delightful day for such a trip, but rather too warm for comfort on the way down.

## Special Easter Offering

Friday and Saturday is your last opportunity to buy joyous raiment for Easter.

It is with a feeling of confidence that we invite you to inspect our stock of WOOLTEX coats, suits and skirts.

In spite of the heavy sales of the past week, our showing is complete as we have been constantly ordering fresh goods.

Many new styles will be shown for the first time tomorrow. You have learned to look to us for style authority. This marvelous Easter display will increase your confidence.

The fit, the finish, the careful adaptation of style to material, the excellence of fabrics, the refined taste shown in every detail—all indicate the high grade of artistic skill always found in WOOLTEX garments.

This label is your assurance that the garment bearing it is of the authoritative style; the material of pure wool; the workmanship of the highest quality. It is also a guarantee of two seasons of satisfactory service.

## How About Your Fuel Bills?

Come in and Let Us Show You How to Reduce Them

We have solved the fuel problem by inventing an OIL BURNER that burns oil right from THE WELLS as well as any products or by-products such as the highest grade distillate, down to the lowest grade of fuel oil, and gives perfect, uniform heat, thereby cutting your fuel bill in half, being a saving of 50 to 75 per cent to the consumer. Can be attached to any stove.
