## Meet me at Mollring's in the Ladies' Rest Room

### TAILORED SUITS REDUCED Special Offering at \$17.50, \$22.50 and \$28

During the past week we have received an immense stock of new apparel for mid-summer wear, and in order to have adequate room for its proper showing it is necessary to give over a large portion of the tailored section for that purpose. To make this possible we will close out some 82 tailored suits, offering them at very special reductions, values that will bring quick response. We have arranged them in three collections at \$17.50, \$22.50 and \$28. In each lot will be found the season's most attractive models in the fashionable materials and colors.

Just received, an elegant line

**Silk Waists and Dress Skirts**

Van Dorn, O. L.	Vaughn, Ed.
Wade, William	Webster, Mr. J. L.
Watkins, Mrs. Addie	Weber, Jack

Mention advertised when calling for letters on this list.

IRA E. TASH, Postmaster.

#### School Notes

There were twenty-five visitors present to listen to the very interesting program which was rendered last Friday by the pupils of Miss Sadie Haecker's school, that being the closing day of a nine months term in Dist. No. 12. Two pupils, Malvory and Thelma Zobel received diplomas of award for perfect attendance for the entire term.

Miss Marion Sollenberger closed a successful term in Dist. 13 last week. A program and box social in the evening were features of the closing day.

The Box Butte county annual institute convenes next Monday at the Alliance High school building. The ensuing two months is the junior Normal period.

#### In Memoriam

Died, at the home of her grandparents, Mr. and Mrs. K. H. Watkins, Tuesday morning, Juanita Kennedy, aged four years, eight months and thirteen days.

Bright, happy and cheerful, Juanita carried sunshine with her wherever she went. Many loving friends mourn her as their own child.

A funeral service was conducted at the grave after interment because of the dread disease, diphtheria, which caused her death.

#### Married

J. P. Mullen of Broken Bow and Miss Sweeney of Pullman were married at the Catholic church Wednesday morning. These young people are well and favorably

known in this city and their many friends extend congratulations and best wishes.

#### False Economy

Some business men say, "I know that advertising is all right and makes business, but I can't afford it. It's too expensive."

A progressive business man cannot afford to be without it. A good advertisement costing from \$50.00 to \$60.00 per month will sell several times as many goods as the salesman who draws such a salary.—World-Herald.

#### Epworth League Exchange

The Epworth League will hold an exchange next Saturday, beginning at 2 p. m., at the store of I. L. Acheson. We solicit your patronage.

#### Announcement

Rev. I. E. Nolte wishes to announce that Rev. Ruth Palmer, the noted missionary and temperance worker, will speak at Fairview church Sunday morning at 11:00 o'clock.

Rev. Nolte will fill his regular appointments at Valley in the morning and Unity in the afternoon.

#### Another Car Load of Fords

We have another car load of Ford automobiles on the way. They will soon be here. Let us demonstrate. Nebraska Land and Auto Company.

#### Attractive Show Windows

Billy Hamilton's windows at The Fair have been attracting favorable comment. In one window there has been displayed colored "unbreakable" glass in sets, that is, metalized glass. Among the other articles is the curio mentioned in another item, the armadillo shell.

Passing to another window, the spectator sees suggestions for light housekeeping, almost everything needed in the kitchen being represented.

This is an up-to-date variety store, and it is certainly a rare treat for the people of Alliance to have a store of this kind that caters to their wants.

#### Ford Cars Becoming Numerous

Ford automobiles are getting to be quite numerous in these parts. Besides the sale mentioned in The Herald last week, McCorkie has recently sold a Ford to each of the following: the firm of Hunter & Iodone, I. E. Gregg, Oscar O'Bannon, all of Alliance; Dr. McEwen, Banker K. L. Pierce and Liveryman Wood, all of Homestead.

#### A Curio

There has been displayed in the window of the Fair store a curio that not many people in this country would be able to name at first sight. It is the shell (or hide) of an armadillo, drawn into the shape of a basket. We do not know what country it hails from, although when asked where he got it Billy said Roosevelt sent it to him.

#### Inspection Trip

Gray & Guthrie had the pleasure last week of entertaining Major M. L. C. Funkhouser of Chicago, and Vice President of the Farmers & Merchants Ins. Co., of Lincoln. Secretary S. A. Barclay and State Agent Captain Thorburn. The gentlemen were making a little inspection trip and gathering information about this part of the country referring to the insurance business and after autoing over parts of three counties and looking the city over thoroughly expressed themselves most favorably as to the future of this part of the state. The military titles of Messrs. Funkhouser and Thorburn were earned in active service, both having participated most honorably in the late unpleasantness with Spain. Jack Riordan was a sergeant of Capt. Thorburn's company in the Philippines, and enjoyed his visit here.

#### Killed by Automobile

A fatal accident occurred at Scottsbluff last Friday, the victim being run over by an automobile and dying within two hours. According to the report published in the Minutary Free Press, the boy was but nine years of age, and was run down by an automobile driven at a reckless rate of speed, and running without a number. The Scottsbluff Herald says the boy was fifteen years old, and that the machine was driven by Henry Schmode, superintendent of the sugar factory, and "was going at a very slow rate speed," one wheel passing over the boy's chest and another over his abdomen.

The truth in regard to the accident is probably somewhere between the two extreme statements. It seems strange that an automobile "going at a very slow rate" could not be stopped before it had knocked down and entirely run over a fifteen-year-old boy.

#### Danger Past

Reports of the scarlet fever that prevailed in Alliance have been grossly exaggerated, so much so that we believe it to be our duty to make a plain statement of facts as they exist. There were a number of cases, three of which proved fatal, but there were not more than a small fraction of as many as some reports circulated outside of Alliance claimed. We have the authority of the city physician in making the statement that there is not now a case of contagious disease of any kind in this city that is still under the doctor's

care. There are two cases still under quarantine, but they are either well or have so far recovered that there is no further danger to them from the disease. The quarantine will be removed when the places have been thoroughly fumigated as ordered by the city physician.

#### Wedding Bells

A wedding in Hastings this morning will be of interest to the many friends of the bride here. The wedding was to take place at the home of the bride's parents and the contracting parties are Miss Lula Hadden and Guy Eastman. Miss Hadden made her home here for several years while in the employ of the International Harvester Company. Guy Eastman is from Ardmore, S. D., where he is interested in a bank.

Miss Hattie Baker will be bridesmaid. She left for Hastings Tuesday on No. 44. She will be gone several days.

The young people expect to spend a month in Colorado after which they will be at home in Ardmore.

#### Switch Engine Derailed

About nine o'clock Wednesday morning switch engine 1668 was derailed just east of the stock track switch. Switchmen W. H. Talbitzer and E. W. Owens were riding on the front end of the engine when the accident occurred, and were caught in such a way that it was necessary to dig them out from under the front part of the engine. That they escaped with their lives seems little less than a miracle. As it was, Owens escaped with some minor injuries, while Talbitzer was badly bruised but no bones broken, although it was at first thought that he had sustained a broken leg. He was taken to Dr. Bellwood's office where he received medical aid and afterwards to Mercy hospital. He is getting along nicely now.

#### Combination Sale

At Palace Livery Barn, Saturday, June 4, 1910, at 1:30 p. m., I will sell to the highest bidder the following property:

Four yearling colts.  
Six 2-year olds.  
Six 4-year olds.  
Seven 5 to 10-year olds.  
Mostly broke saddle horses.  
Ten head of brood sows, due to farrow soon.  
Several milk cows.  
H. P. COURSEY, Auc.

LEO KENDALL and Dancing Snowbirds

**The Alaskan**  
PHELAN Opera House Wednesday, June 8

#### Guarded the Whiskey

Last Friday a double-header freight train was wrecked at Abingdon, Ill., The Herald editor's early home. The two locomotives and seven cars went into the ditch, two of the cars being loaded with barrels of whiskey which rolled out into the street when the cars broke open. The whiskey was not reloaded until the next day, and four men guarded it during the night. Abingdon has long been noted as a "dry" town. Whether the extra precautions to keep the denizens of that city from getting at the liquor was necessary on account of their excessive thirst, or was due to the officials' earnest desire to keep the place from appearing "wet" the next day, our Abingdon exchange does not state.

Horse strayed.—Sorrel gelding, white face, diamond brand on left

thick; left my place, Sec. 15-24-51, on night of May 27. Finder leave word at Malinda P. O., or write me. Geo. Woolsey, Malinda, Nebr. 11"

#### Tag Day

June 18th has been designated as "tag day" by the sisters who have charge of Mercy Hospital. On that day three ladies, Miss Mary O'Keefe, Mrs. W. D. Rumer and Mrs. John Brennan, each assisted by six girls, all of whom will be supplied with suitable tags, will solicit donations to be used in furnishing the new hospital building when it opens July 1st. Every person making a donation will be given a tag to wear during the balance of the day.

As this will be something new for this city, and as the donations will be to help a work of mercy and charity, it is expected that the public will respond liberally on tag day.
