#### Rate has gone to lowa for a two weeks' visit

You can make an eastern trip any day at very low rateslower than ever before. There is such a variety of rate tours embracing so many sections of the East that it is impossible to describe them here. Consult with us.

If the East does not appeal to you, try a Pacific Coast tour or a vacation in Yellowstone Park or in Colorado.

The Wyoming Dry Farming Convention is held at Cheyenne July 20th, and special rates have been authorized from Wyoming.

The Wyoming extension has been completed to Thermopolis, where 18,000,000 gallons of water at a temperature of 130 degrees flow daily. This beautiful resort is destined to become one of the most attractive and effective health restoring localities in the country.

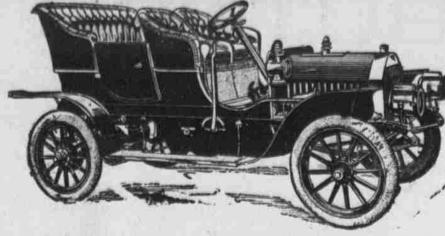

Call or write, describing your proposed trip, and let us help you.

## Automobile Department

ALL QUESTIONS CHEERFULLY ANSWERED THROUGH THE COLUMNS OF THIS DEPARTMENT

Have you auto news that would be

On April 1st there were 5,481 autothe same date in 1909.

The wooden motordrome in Los Angeles is the ideal motor track. ecords up to one hundred miles have been broken on this track and not a serious accident has been had there.

The leading Alliance cars are the Ford, Reo, Maxwell, Buick, Overland, Brush, Jackson, Kissel Kar, Rambler and Velie. These are all represented by local agents.

cylinder which has been selling for auto. \$2,000 will bring \$2,250 and the others in the same proportion.

The A. A. (American Automobile Association) has the largest memberand extends over the continent.

George Westinghouse: the great inventor, has invented an air cushion to take the place of pneumatic tires. is to be placed under each corner of the frame of an automobile and is said to take the shock much better than the

Sixty one carloads of E. M. F. autos were shipped out from Detroit, Michigan, on June 28th The value of the cars was \$267,000 and it is reported to be the largest single consignment of autos ever made in this country. The Wabash railroad handled the train, using special automobile cars and two heavy freight engines.

The Motorist, a monthly automobile magazine published in Omaha, comes to our desk. It is a bright snappy magazine of thirty-two pages and contains a lot of good auto news and information. It is righly called "the Nebraska Automobile Magazine" and as the price is only one dollar per year it doesn't hit anybody's pocket very

Thomas Snow of Lone Jack, Mo., Inuts working loose, so that nut locks of interest in this department? If so has invented a new wheel which he phone us. We'll be glad to put them claims will do away entirely with the pneumatic tire which is the heaviest cost in an auto at the present time. He mobiles in Nebraska, according to the assessor's reports. This is a big gain royalty by parties in France but if his of hard wood and punch a hole through over 1909 as there were only 3.611 on invention is all he claims that offer is very small and he ought to get a better one somewhere else.

A Topeka, Kansas, man who has owned a small runabout for a couple of years, has figured his cost out and he says that the cost of keeping a horse says that the cost of keeping a horse is much more than an auto and besides he gets much more use out of his car. He has run his car 12,000 miles at a cost of \$1,054 26, or an average of eight cents per mile. The cost of the The prices of the Mitchell cars will horse to him is about \$.097 cents per be raised on September 1st. The six mile or \$ 017 per mile in favor of the

The Elks Convention is being held in Detroit, which is the automobile center of the United States. A card was received from Tom O'Keefe by the ship and is the most powerful auto Herald force and a daily Detroit paper organization in the United States. Its from him by his brother John, showing home the lock can be dropped down membership is over thirty thousand pictures of some of the "doings" in membership is over thirty thousand pictures of some of the "doings" in that city. The Allianceites who went will doubtless have many opportunities of going through some of the big auto factories while there and seeing the cars as they are made.

> The Franklin air cooled automobile belonging to Mayor Dahlman which was in Alliance a short time ago created a great deal of interest, although this particular machine was several years old. The Franklin is about the only successful air-cooled car, only six per cent of the cars made for the year 1910 being air cooled. The Franklin or the year 1911 is making a startling innovation in the hood and body of the car, the French style of hood being adopted and as there is no radiator on the car the lines of the body are un-

are necessary.

A simple form which every auto-mobilist having a hammer, cold chisel, some sheet steel and a little patience can make for himself is as follows:

one end, this being a round hole to ac commodate a screw or rivet.

At the other end the nut for which the lock is to be made is laid on the steel and its exterior shape scratched on the steel, using any sharp point, as the end of a file.

This outline serves as a guide for the is put into a vise, and the other bent, to give the whole something of a spring. To use, the small end with a round hote is fastened down with a rivet or screw, according to the kind a of job wanted, which, in turn, will depend upon its location and the party doing the work.

This end being fastened down, the other will stand up at a slight angle. To screw the nut down, this must be held up above the nut, out of the way but as soon as the nut has been screwed

## **Automobile** is Sent **Up With Balloon**

Los Angeles Motor Car Dealers Spring Unique Advertising Stunt and Distribute Boosts From Clouds

In order to laud their product to the skies, an enterprising firm of Los Angeles automobile dealers attached a car to a captive balloon and sent it aloft until it reached the altitude of 1.500 feet, when it was plainly visible all over the California city.

With the car went its driver, and when the balloon reached its highest Can Make Nut Lock altitude, he loosed a large banner, Special Attention naming the car and the firm handling it. He also dropped advertising lit-One little subject which always gives erature from his berth above the trouble to the motorist is the matter of clouds.
