### Populists, Attention!

The editor of The Herald has received a notice from C. B. Mann, chairman, and E. A. Walrath, secretary, of the state central committee of the Peoples' Independent party, dated Aug. 9th, requesting populists to vote under the name of "democrat" at the primaries on the 16th inst. in order to help give Governor Shallenberger the democratic nomination, and thus defeat what they call a "republican-Dahlman" scheme.

With the exception of candidates for governor, all the candidates for state office who have filed for the populist nomination have also filed for the democratic nomination, so that they can still favor their preferred candidates by helping to give them the democratic nomination, also.

This will not prevent the populists from having a ticket at the November election, for if every populist who receives this notice votes under the name of "democrat" at the primaries, there will still be a large number who will not receive the notice in time to comply with the request, and although the number who vote under the populist name be ever so small it will be sufficient to nominate a ticket.

In this connection wish to suggest that this will give populist readers of this paper an excellent opportunity to help give Richard L. Metcalfe the democratic nomination for the United States senate. "Met" is by all odds the logical choice of popu-

lists for that office, and they should do what they can to help give him the democratic nomination, which we believe will mean his election.

### 54th Representative District

C. J. Collins of Collins, McPherson county, who is a candidate for the democratic nomination for state representative in the 54th district, was in Alliance the first of the week. This district does not include Box Butte county, but does include Morrill, Cheyenne, Garden and Scotts Bluff counties, in which The Herald has a large circulation, consequently Mr. Collins requests us to announce his candidacy through our columns.

He is a ranchman, and is also postmaster at Collins where he has a store. He and the editor differ on the question of county option, but agree on direct legislation which, after all, we consider the paramount issue. He promises, if elected, to vote for the candidate for United States senator who shall receive the largest popular vote at the November election, and we would not support a man for the legislature who would not promise the same since the "Oregon plan" of electing senators has been adopted in Nebraska.
