STRIKE IS SETTLED

New York Garment Workers Re-
turn to Work Soon.

HAS BEEN PEACEFUL AFFAIR.

Industrial Loss to Both Sides Is Estimated at Over Ten Millions—Attorney for Manufacturers Says Union Has Won Great Victory—Home Work Is Abolished.

New York, Sept. 3.—The cloakmakers' strike, one of the greatest industrial disturbances in the history of American labor, has been settled. Seventy thousand garment workers who have been idle for nine weeks will shortly return to work. Ten thousands of them and those dependent on them—50,000 souls in all—were on the point of eviction and hundreds have already been forced into the streets. The industrial loss to employers and employees has run high into the millions. In loss of wages alone the total has been estimated at more than \$10,000,000, while the loss to manufacturers, jobbers and retailers the country over has been computed at ten times that amount.

In spite of the stupendous readjustment involved the strike has been, in the main, notable for its peacefulness. There were numerous cases of petty disorder, and a petition of the manufacturers brought forth from Justice Goff of the state supreme court an injunction in which he ruled that any strike called to demand the closed shop was in restraint of trade.

"No principle has been surrendered by the manufacturers, yet the union may truly claim they have won a great victory for their people. The manufacturers believe in the union and the principle that all who desire its benefits should share in its burdens."

One essential of the victory and one important, not only to the strikers, but to the nation at large, which wears their output is the abolition of all contract work at home. Hereafter garments made in New York will be manufactured under sanitary conditions. There will be no more sweat shops.

PREPARE TO FIGHT PLAGUE

New York Authorities Awaken to Danger of Coming of Cholera.

New York, Sept. 6.—New York is beginning to awaken to the danger of a cholera epidemic. The recent holding up of the Lusitania because of a suspicious case has served to bring home the fact that only the utmost care can prevent the introduction of the plague, which is now raging in Russia and Italy, from whence come the majority of the immigrants landing at this port.

Dr. Doty, health officer of the port, believes that with the precautions now being taken and the sanitary arrangements in vogue, there is little chance of cholera getting in. Then conditions are a great deal better than what they were when the last fight against cholera was on in 1893. However, against this chance, every precaution must be made. "It is the irregular mild case that is the most to be feared," say the doctors, "and it was thought for a time that the sick man aboard the Lusitania might be a mild case of cholera."

"It is this sort of case that transmits the disease around the world," said Dr. Doty.

PENROSES IN FOREST FIRES

Three Brothers Have Narrow Escape From Death in Montana.

Colorado Springs, Colo., Sept. 6.—Spencer Penrose of this city, a brother of Senator Bois Penrose of Pennsylvania, arrived home from the fire-stricken section of Montana with a thrilling story of adventure and a tale of a narrow escape from death of himself, his brother, the senator, and another brother, Dr. C. B. Penrose, also of Philadelphia. The three brothers were in Montana on a hunting trip when they wandered into the fire zone and were hemmed in by the flames. For several days they were cut off from the outside world and only won their way to safety by a system of backfiring. Several men were killed near the Penrose camp.

Assaults Employer's Child.

Stanford, Ky., Sept. 5.—Nancy Rankin, the eleven-year-old daughter of Lee Rankin, a prominent farmer of this county, was assaulted by Shay Spellman, a negro farmhand employed by her father. The girl's uncle captured Spellman, who begged so hard for his life that they abandoned their original intention of shooting him and brought him to the Stanford jail. Threats of lynching are heard.

Dynamiters Wreck Peoria Steel Plant. Peoria, Ill., Sept. 6.—The Lucas Bridge company's large plant in this city was completely wrecked by dynamiters last night. Three terrific explosions reduced the plant to ruins and six adjacent buildings were also wrecked. Robert Gebhardt, watchman, was seriously injured. Labor trouble is conceded to be the cause.

Wyoming Miners Will Not Strike. Cheyenne, Wyo., Sept. 5.—There is general satisfaction throughout the state as a result of advices from Denver that the 7,000 coal miners of Wyoming will not go on strike, as was feared, pending a settlement of their grievances at a meeting to be held in Cheyenne on Sept. 9.

REV. CLYDE GOW DISMISSED

Missouri Minister in Penitentiary Is Unfrocked by His Church.

Plattsburg, Mo., Sept. 6.—Rev. Clyde Gow, formerly pastor of a Lincoln county Methodist Episcopal church, south, was dismissed from the church on charges made against the minister by Miss Elizabeth Gleason, a school teacher, who died two years ago as the result of an operation. Rev. Gow is now under sentence of four years in the penitentiary on the charges made by Miss Gleason.

The minister's case has been under consideration by the church for nearly three years. He was found guilty at a former trial and ordered expelled. He appealed to the general council and was given a second trial.

London Paper on Roosevelt Doctrine.

London, Sept. 6.—The Daily News, discussing Colonel Roosevelt's demand in a speech at Omaha that the United States fortify the Panama canal, says it fears that as a matter of strict interpretation the ex-president's view can hardly be sustained and that such fortification would violate the American-British treaty. It suggests also that the Panama canal may be made the principal naval base for the American navy, which would make a serious difference to China and Japan.

Take Look into Human Stomach.

Berlin, Sept. 6.—A remarkable discovery has been made in the field of medical photography by inventing a means of taking cinematographic Roentgen ray photographs of human organs in movement. Two Munich doctors, Kestle and Rieder, in collaboration with a Munich engineer, Dr. J. Rosenthal, have now by some important improvements brought the investigation to a stage where it is available for practical use.

Fail to Secure Cent by Murder.

Hudson, N. Y., Sept. 6.—The men who murdered Denton Fowler, paymaster of the Atlas Brick company, and George Ragsdale, his negro driver, never got one cent for their holdup and robbery. The satchel in which \$5,000 had been sorted and ticketed to pay off employees at the brick yard was found intact a few hundred yards from the brick yard, hidden under a clump of bushes.

Priest Beaten by Ball Fan.

St. Louis, Sept. 6.—The Rev. Father John A. Tracy, St. Louis' most ardent baseball fan, who has not missed more than a score of games in twenty years, was attacked and severely beaten in front of the American hotel. The attack followed an argument on baseball. He caused the arrest of David Lenahan, a traveling salesman of Philadelphia. Father Tracy is sixty years old.

John D. Avoids Limelight.

Cleveland, Sept. 6.—John D. Rockefeller avoids the limelight of publicity more and more each day. If he evaded interviews in the past, he is like a sphinx now. Nothing will tempt the master of Forest Hill to step out in the open and declare himself on any subject. Mr. Rockefeller formerly spoke before the Euclid Avenue Baptist Sunday school. Those times are past, also.

Spain to Reply to Vatican.

Madrid, Sept. 6.—The cabinet considered the note of the Vatican in reply to one outlining Spain's position in the dispute with the pope and, after hearing Premier Canalejas, affirmed its confidence in the prime minister. Garcia Prieto, the foreign minister, will draft an answer which will outline Spain's future relations with the Vatican.

Fear for Art Treasures.

Rome, Sept. 6.—The supreme court has rendered a decision reaffirming the right of the holy see to sell property without authorization from the government. The decision has created a sensation in art circles. It is feared that art treasures are to be sold and it is proposed to introduce a bill in parliament prohibiting the holy see from disposing of pictures.

Heavy Loss From Storm.

Joplin, Mo., Sept. 6.—The tornado that swept southwest Missouri and southeastern Kansas killed two persons, wrecked property and did damage to crops exceeding \$100,000. At Galena, Kan., John Dolson, a night watchman, was killed. At Weir City, Kan., one unidentified woman was killed and several persons were injured.

SOUTH OMAHA LIVE STOCK

Cattle Receipts Are Largest in History of Stock Yards.

South Omaha, Sept. 5.—Cattle—Receipts, 16,281; largest for any one day in history of market; slow and lower; beef steers, \$4.20@8.00; cows and heifers, \$3.10@3.70; stockers and feeders, \$3.25@4.75; calves, \$5.00@6.25.
