The One Sure Way

to have money is to save it. The one sure way to save it is by depositing it in a responsible bank. You will then be exempt from the annoyance of having it burn holes in your pockets, and aside from the fact that your money will be safe from theft, the habit of saving tends to the establishment of thrift, economy, discipline and a general understanding of business principles essential to your success.

To those wishing to establish relations with a safe, strong bank, we heartily extend our services.

Of Interest to School Teachers

Della Reed, County Superintendent, announces that the Reading Circle will be held Saturday, November 27th, at the High School building in Alliance, beginning at 11 a. m. This is for the county teachers.

Miss Reed has received a supply of the books by A. V. Johnson, Chief Deputy Fire Commissioner for Nebraska, called "Fire Prevention" and for use in the public schools of Nebraska. A copy has been provided for every teacher and one can be secured by notifying Miss Reed. The first Friday in November has been set aside as "Fire Day" by the State Superintendent and on that date a special program is to be carried out in every school in the state at which time the attention of pupils and patrons will be called to the dangers of fire, and fire drills established.

Giving Away Range

One of the most popular contests ever conducted in Alliance is the model steel range contest being conducted by "The Fair." A beautiful "Quick Meal" model steel range together with a complete cooking outfit, will be given to the young lady turning in the most voting tickets on or before 8 p.m., December 24th.

Each five cent purchase gets a ticket for one-half vote. Each ten cent purchase gets a ticket for one vote. A box is provided in which the tickets are placed and as soon as the contest closes the judges selected will count the votes and the contestant having the most will get the range and outfit.

The steel range is not a toy but is built exactly like the full size ranges and a fire can be built the same. It is now on exhibition in "The Fair" window. All contestants should get in as soon as possible for the race is going to be exciting.

Bible Study Contest Begins in November

The Bible study contest begins with the issue of The Herald of November 10th, on Suggestive Questions for Sunday, November 13. All that is necessary to enter the contest is to read the Sunday School lesson and the questions each week for a year and sign the coupons, which will appear in the Herald, certifying that you have done so, and send the same to this office, and we will forward them to the contest committee. As there will, without doubt, be more persons enter the contest than there are prizes, an additional test is offered, that of answering in writing one question each week for five weeks, some time during the year. These answers will also be forwarded to the committee, who will grade them. Those receiving the highest grade, in addition to signing the coupons certifying to having read all the questions, will receive the prizes. Contestants are permitted to receive help from any source they may choose. As the editor of The Herald has nothing to do with awarding the prizes, he will be pleased to give any assistance he can to the readers of this paper who may request it. Readers of many other papers will also be in this contest, hence we wish very much to see some of our readers win some of the best prizes.

SCHWAB PROPOSES COMBINE

Would Bring Independent Companies into Fold of United States Steel.

Washington, Oct. 25.—Charles M. Schwab's negotiations for the control of the Cramp shipyards at Philadelphia are said in Wall street rumors to be part of a plan for gathering together the independent steel companies of the country in one combination which will work in harmony with the United States Steel corporation. The plan is said to have been contingent upon a decision of the United States supreme court in the Standard Oil and tobacco cases that would be sufficiently constructive to allow the big industries of the country to reform their methods in conformity with the Sherman anti-trust law, if such a thing is possible.

Mr. Schwab will make the Bethlehem Steel corporation, of which he is the founder, and which is supposed to have the financial backing of Andrew Carnegie, the nucleus of the big combination.

MAN KILLED IN CHOLERA RIOT

Italian Police Shoot into Mob Opposing Fumigation.

Rome, Oct. 25.—Inhabitants of Bescegl, exasperated because of the prohibition of fishing because of the cholera epidemic, forcibly expelled doctors were disinfecting the cathedral. Women cleaned the sacred images, which had been blackened by fumigation. Men opposed the entrance of the police, who used their revolvers. One man was killed and a woman was probably mortally wounded. Seven deaths from cholera occurred during the last twenty-four hours among the patients in the asylum for the insane at Aversa, a short distance from Naples. The mortality among the insane at this asylum has been high during the last two weeks, and a majority of all the patients have succumbed to the disease.

Child Drowns in Tank.

Crete, Neb., Oct. 25.—The two-year-old son of L. D. Moss, living five miles from here, was drowned in a stock watering tank.

A cold wave has struck this part of Nebraska but indications are that we will have fine weather again soon.
