Laid Over

We are compelled to lay over till next week a lot of interesting reading matter, including correspondence from Belmont, Hope and Hubbell Flats, obituary of Mrs. Nellie Heath Trenkle, several wedding notices, a fine lot of school notes, etc. We regret this more than we can tell, but it can't be avoided this time. The fact is we're "up against it" for help, and it is only by straining every nerve that we are able to give as much reading matter as we have.

Ye Olde Towne Quartette

Ye Olde Towne Quartette has been selected because of their ability to sing songs that please. Each member possesses an excellent solo voice, and by long training and work together the quartette is able to give unusual ensemble results. The Quartette numbers in costume, together with readings, solos, and crayon work give just enough variety to their program. These four young men have sung together for nearly three years and have met unusual success in their concert tours. A Male Quartette is a number that is always well received on lyceum courses year after year. To the courses we commend without reserve "Ye Olde Towne Quartette" as musicians and entertainers.

Lyceum Lecture Course, at Phelan Opera House, Tuesday evening, November 8th. Tickets on sale at Holsten's, Monday morning.

New High School "Stunt"

We, the Juniors of the Alliance High School, in order to establish a more perfect school, do advise that the law passed after the Sophomore outburst be enforced and that the members of the faculty that took part in this disgraceful stunt be ousted from the Alliance High School FOR KEEPS.

We know that this was a direct result of the Seniors' and Sophomores' folly, but we will not consider that in this case. We can not have a perfect school with such conduct as this. This is the third offense and we must live it down and show the patrons of our school that we are here for a different purpose. And with the co-operation of the remaining faculty and students we will try to wipe out this disgraceful affair.

Therefore it remains the duty of the Juniors to carry out the dignity of the A. H. S.

Legislative Candidates Favoring County Option

We have been requested to publish the names of candidates for the state legislature who have declared in favor of county option. Those in the north-western part of the state are: W. H. Reynolds, Chadron, and W. V. Hoagland, North Platte, candidates for the state senate, both republicans; B. S. Harrington, democrat, Ainsworth; John F. Carr, democrat, Springfield; W. R. Kent, republican, Hay Springs; Berton K. Busbee, republican, Kimball; candidates for state representatives.

J. J. Vance informs us that he has all the cement work contracted that he can do before winter sets in, hence orders his ad in The Herald discontinued until towards spring.

Miss Lunette Zehring will arrive home tomorrow from Springfield, Mo., where she has been attending business college. She will remain at home until the first of the year, and her vacation will without doubt be a most enjoyable one with home folks and many Alliance friends.

E. T. Kibble has returned from a two weeks' trip on business in the eastern part of the state. He visited York, Seward, and several other towns in that vicinity and reports the prospects for business in Box Butte county lands to be excellent. While there he closed up a deal for a good sized tract of land in this county.

The demand among The Herald subscribers for copies of the Pictorial Charts which are being offered as special premiums to Herald subscribers, is big. The supply is limited and the opportunity to get a \$1.50 set of maps with the 1910 census, by simply paying two years' subscription in advance, will not be found again.

The Alliance roller skating rink was the scene of a merry gathering last Thursday evening, when a masquerade skate was given. A big crowd was present, both on the floor and as spectators. The prize of an eight dollar pair of roller skates for the best costume was won by Orville Reck who was dressed as a clown. Judge Bullock, C. A. Anderson, and Cal. Vinsel were the judges.

Rev. J. M. Huston, having received an offer of the pastorate of the Baptist church at Wymore, decided not to leave Nebraska, but has accepted the offer. Mrs. Huston and the children left for that city the last of last week. We sincerely regret to lose Rev. Huston and his estimable family from our city, and as sincerely wish the most pleasant surroundings in their new home.

Mrs. H. W. Beach has received word from her sister, Mrs. W. A. Robinson, who went to Kirksville, Mo., about two months ago with her son, Jordan, for treatment at the American School of Osteopathy, that the boy is slowly recovering from the paralysis with which he has been afflicted for about three years. The information regarding his improvement will be welcome news to his friends at Alliance.

Since the Alliance Telephone exchange was purchased by the Nebraska Telephone Company, Manager T. H. Beeson has been kept busy installing the regular systems used by this company. Among other changes will be the issuing of the phone directories every four months. The Herald Publishing company has just been awarded the contract for the ensuing year and the first edition will soon be out.

Mr. Wm. James of Dorchester, Nebr., who is superintendent of the agricultural building at the Nebraska State Fair, was a visitor in Alliance recently. While here he purchased several car loads of the famous Box Butte county potatoes, like he saw at the exhibit this year, and looked over the country thoroughly. He was much interested and said that the fine exhibit which Box Butte had at the fair had interested many of his friends besides himself.

The special sale of dry goods and shoes advertised in The Herald last week by the Phillips Grocery company is starting off with a rush. Some men with large families have been taking advantage of the low price on shoes to stock up and have literally bought them by the bushel. One man, who has nine children, bought a two bushel sack full of shoes last Saturday and another bought a bushel. We are informed that this sale of dry goods and shoes is not interfering with their grocery trade.
