### Wyoming Asbestos Fields Largest in the World

S. E. Colyer, secretary of The Northwestern Asbestos Mills Company who are operating part of the Natrona County, Wyo., asbestos fields with offices in the First National Bank Bldg. in Denver, Colo., is in our city stopping at Hotel Drake for a few days and while here is placing a block of stock on the market at the ground floor price.

Mr. Colyer states there is one 250 ton asbestos mill now running in the Casper asbestos district, and the Northwestern Companies 300 ton mill will be producing fiber in a very short time. This company has all mill buildings built, and within six weeks all machinery will be established and running. Now is the time to get some of this stock before the price is advanced. This North Western Co. has released the reduction plant from Colorado Iron Works in Denver, and with a freight rate having been reduced August 27 in effect November 1st, from 8.00 to 3.00 a ton, Casper, Wyo., to Denver, a market unlimited. One cannot afford to pass up this chance of making an investment in a proposition that is destined to become one of the best dividend payers in the west.

For further information telephone S. E. Colyer, Drake Hotel, City, or write to Denver office.

### NEW CROP RECORD

Agricultural Department Issues  
Bulletin Showing Increases.

### CORN LEADS ALL THE REST.

Great Yields of Fields of the Country for 1910 Reflected in Moderate Drop in Prices—Five Per Cent Lower Than a Year Ago.

Washington, Nov. 15.—Bumper crops, led by corn with the greatest harvest ever gathered, were produced this year. In a general review of crop conditions the bureau of statistics of the department of agriculture says: "The harvests of 1910 have been practically completed, with results exceeding the expectations during the growing period. Preliminary estimates have been made of the production of most of the important crops, from which it appears that the aggregate production of crops in 1910 are approximately 7.6 per cent greater than the crops of 1909 and about 9.1 greater than the average annual production of the preceding five years. Prices for important crops averaged on Nov. 1 about 5.4 per cent lower than a year ago.

"The production of other crops in 1910, expressed in percentage of the average production in recent years, is estimated as follows:

"Peaches, 113.1; hops, 106.9; broom-corn, 105.4; cranberries, 105.4; sweet potatoes, 104.9; sorghum, 104.6; cab-paragus, 102.5; peanuts, 102.5; cabbages, 100.2; lima beans, 100.0; kafir corn 99.1; pears, 98.9; beans (dry), 98.8; cantaloupes, 97.3; watermelons, 97.0; onions, 96.5; hemp, 95.5; tomatoes, 93.7; clover seed, 93.6; strawberries, 91.5; grapes, 88.2; apples, 85.8; millet seed, 85.7; raspberries, 78.0; blackberries, 76.6."

#### Girl of Ten Slain.

Asbury Park, N. J., Nov. 15.—The body of Marie Smith, ten years old, who had been missing since last Wednesday, was found in a clump of woods not far from her home. The child had been attacked and then killed. It is feared that her mother will die from the shock.

#### Woman Killed in Auto Overturn.

Sauemin, Ill., Nov. 15.—An automobile driven by Emil Faust, a farmer, turned turtle and Miss Hannah Faust was killed when caught beneath it. Gladys Barnes received a broken arm and Lillian Faust was slightly injured.

#### Dogs Trail Hunter's Slayer.

Mellen, Wis., Nov. 15.—Bloodhounds are leading a posse of armed woodsmen on the trail of an unidentified hunter who shot and killed City Clerk Louis Oleson of Abbotsford, apparently under the impression that he was a deer.

#### Seventy Bodies Taken Out.

Trinidad, Colo., Nov. 12.—The known death toll of the Delagua mine disaster of last Tuesday has now reached the total of seventy-nine, of which all but nine bodies have been recovered.

#### Garbage Kills Two Children.

LaSalle, Ill., Nov. 12.—Peter Mikutawicz, four years old, and Charles Cecorella, six, are dead of ptomaine poisoning as the result of eating refuse taken out of garbage cans.

# DR. PRICE'S Cream Baking Powder

Its superiority is unquestioned  
Its fame world-wide  
Its use a protection and a guarantee against alum food

The low-grade powders are made from "phosphate alum," or "sodium aluminum sulphate," which is also alum, a mineral acid, and that makes the food unhealthful.

One pound of the imitation (25c.) powders contains five ounces of alum, a mineral poison.

Food baked with alum baking powders is found to contain a portion of the alum unchanged.

The continued use of alum made food impairs digestion, causing dyspepsia. The careful housewife when buying baking powder, will examine the label and take only a brand whose label shows the powder to be made from cream of tartar.
