MEXICAN UPRISING IS OVER

Passengers on Through Trains Report Everything Quiet.

El Paso, Nov. 26.—All was quiet between El Paso and Mexico City when the train came through which reached El Paso from Mexico City, according to the passengers. All telegraph wires were in operation and there was no fighting.

Passengers who came from Parral declare there was no fighting there and the troops reported as passing through Torreon "to quell rioting at Parral" were merely reinforcements and were not for maintaining order at Parral.

These passengers bring the report that an American named Storey was wounded at the Parral fighting Monday at the same time that Thomas Lewis, an American, was accidentally killed.

CUBANS MOURN YARINI

Anti-Americanism is Issue on Which Dead Man Rode to Popular Favor.

Havana, Nov. 26.—Not since the funeral of Maximo Gomez in 1905 has Havana seen such a tremendous demonstration of popular sympathy and respect as that which attended the funeral of Alberto Yarini, leader of the Cuban white slave traders, who was slain in a fight between rival gangs of Cuban and French slave traders. Despite Yarini's notorious disrepute and his notorious leadership in the white slave traffic in Cuba, he had held the position of a popular idol as Havana's exponent of anti-Americanism since his assault on J. Cornell Tarter, charge d'affaires of the United States legation, in 1906.

Citizens Act as "Sleuths."

Des Moines, Nov. 29.—As a part of the campaign to eliminate saloons from Des Moines, committees from the Citizens' association "shadowed" every saloon in the city. In their report, they claim that eighty-five women drank liquor in the saloons. The report shows that 12,335 entered the saloons between 8 o'clock and 10, closing time. It is charged that 189 of the number were minors.

Seeks Quail Eating Record.

St. Louis, Nov. 29.—Edward J. Spiesbach of East St. Louis bet \$100 he could eat two quail a day for sixty days. The belief that no one can eat a quail a day for thirty days, Spiesbach says, must be proved a fallacy. Louis Stroh of Belleville is the man whose money Spiesbach expects to have in his pocket two months hence.

Express Thieves Get \$16,000.

Muskogee, Okla., Nov. 29.—Three employees of the Wells-Fargo Express company are held pending an investigation into the mysterious disappearance of an iron chest containing \$5,000 in silver and \$11,000 unsigned currency.

Death Working Over Auto.

Worcester, Mass., Nov. 29.—Gasoline fumes from his automobile, over which he was working in a small garage, caused the death by asphyxiation of Edwin M. Hadley, a Worcester manufacturer and capitalist.

Typhoid Closes University.

Lexington, Va., Nov. 29.—The existence of typhoid fever at Washington and Lee university has resulted in the closing of the fall term. The university is to reopen on Jan. 3.

THE MARKETS

Chicago, Nov. 28.—It was estimated here today that the world's wheat supply showed nearly 10 per cent more available than the theoretic requirements for the remainder of the year. This condition acted as an offset to smaller world shipments than expected and to a decrease in the United States' visible supply. Accordingly the market here closed precisely the same as forty-eight hours previous for May and 1/8c lower to 3/8c higher for other months. There was a net decline of 1/8c to 3/8c in corn and a shade to 1/8c in oats. Latest prices for provisions were up 7 1/2c to 22 1/2c. Closing prices: Wheat—Dec., 89 3/4c; May, 95 1/2c; July, 92 1/2c; 92 1/2c. Corn—Dec., 43 1/2c; May, 46 1/2c. Oats—Dec., 30 1/2c; May, 33 1/2c. Pork—Jan., \$16.87 1/2; May, \$16.30. Lard—Jan., \$9.70; May, \$9.52 1/2. Chicago Cash Prices—No. 2 hard wheat, 92 1/2c@94 1/2c; No. 2 corn, 48 1/2c; No. 2 white oats, 32 1/2c@33 1/2c.

ing Company, who are the local agents. These popular loose leaf systems take very well with Alliance business firms, and The Herald has equipped several with outfits. The loose-leaves are kept in stock here and printed by the up-to-date job department.

C. H. Britton left two weeks ago for his former home at Lansing, Michigan, where he went for a visit with old-time friends. George M. Parker, who returned from Puvallip, Washington, about the middle of the month to settle up his business in this county, reports that he and his family are well pleased with their new home. A very enjoyable time was had at the Alliance Hotel Thanksgiving evening by the Young Men's Class of the Methodist Sunday-school, who were banqueted and feasted to their heart's content. The special meetings that were held at the M. E. church for several weeks closed last Sunday night, when the largest audience that has attended any preaching service in this city for a long time listened attentively to the sermon of the pastor, Rev. J. L. B. Jones, D. D., Ph. D., on the subject "Children's Rights and Wrongs." At the Sunday morning service the sacraments of baptism and the Lord's Supper were observed, and a large number received in to the church on probation.

Mr. Advertiser, do you know that the circulation of the Alliance Herald is guaranteed to be larger than that of any other newspaper in western Nebraska. Our subscription books are always open for the inspection of our advertisers, and we can prove our statement.

Particular printing for particular people. This is the kind of work that is done by the job department of The Herald. "I want it done so and so. Send it to The Herald." This is often heard and the fact the job printing is sent here to be done from points in Montana, Idaho, Wyoming, South Dakota and other western states, shows that this is appreciated.

A great many comments have been received on the enterprise of the Herald in securing the complete minutes of the meeting of the Nebraska Irrigation Association. Requests for extra copies have been numerous and although more copies than usual were printed the edition has been nearly exhausted. Ordinarily only enough papers to supply the 1,500 Herald subscribers are printed but on occasions of this kind an extra number are gotten out.

The papers of the large cities are all right if you want them, but is your own home paper that advertises your churches, your numerous societies, sympathizes with you in your afflictions and rejoices with you in your prosperity. In short it is the local paper that mentions the thousand and one items in which you are interested during the year, and do not find in the papers of the large cities.

NEBRASKA NEWS

Verdict Returned Holds Manslaughter Charge Justified.

DEFENDANT PLACED IN JAIL.

Council Will Ask for a New Trial and Appeal to Supreme Court in Event of Refusal—Propose to Raise Close Technical Question.

Omaha, Nov. 28.—Found guilty of manslaughter in connection with the death of the late William Krug in an automobile accident June 21, Alex Schultz, the first professional automobile driver in Omaha, was lodged in the county jail. Hitherto he has been out on bail. Motion for a new trial will be made today by W. W. Slabaugh and John C. Battin, his attorneys. If it is overruled, the case will be appealed to the supreme court.

After three and a quarter hours' deliberation, the jury which tried Schultz in the criminal division of the district court, returned its verdict. The attorneys, his wife and his mother were in the court room at the time.

The chief ground for the motion for a new trial will be that the automobile speed laws cannot apply in manslaughter cases. Under the law manslaughter is the unintentional killing of another while committing an unlawful act. The theory of the state was that Schultz killed William Krug unintentionally while committing an unlawful act, namely: Driving an automobile at a speed in excess of fifteen miles an hour.

The theory of the defense is that the term "unlawful act," as used in the statute on manslaughter, refers only to an act that is evil in itself, and not to an act that simply is evil because it is prohibited by law.

ARTHUR COUNTY REAPPEARS

Taxpayers Petition Governor Shallenberger to Issue Proclamation.

Lincoln, Nov. 26.—Governor Shallenberger has received a petition from a number of taxpayers asking for the issuance of a proclamation formally organizing the county of Arthur and naming the following commissioners to serve temporarily: W. B. Yarnall, George Brower and Leland B. Rice. Charles M. Lightfoot is to be special county clerk. Arthur county was formerly on the map, but it gradually disorganized. The petition sets out that the territory to be included in the new county is inhabited by 1,000 persons. The county is to occupy the west portion of McPherson county.

Gets Additional Thousand.

Lincoln, Nov. 28.—The supreme court has allowed Florence Wyrick of Clay county an additional \$1,000 to be paid by her former husband, from whom she recently obtained a divorce. She was given a verdict for \$4,000 alimony and \$350 attorney fees. Together with personal property and other items she received in all \$5,000 from her husband, who was worth about \$16,000 when the action was begun. It was afterwards shown that no provision had been made for her support during the pendency of the action, however, and for that reason the court allowed her another \$1,000, the rest of the judgment standing.

Dismisses One Case Against Greggerson.

Neligh, Neb., Nov. 25.—The continuation of the case against Lew Greggerson, charged with murder in the first degree, was held before County Judge Wilson. Greggerson is charged with the murder of Nels Peterson near Elgin, Aug. 27, the charge being made that in a drunken brawl at the latter's home the crime was committed. The prosecution was in charge of Attorney Bacon of Lincoln, but no evidence being introduced to show premeditation, the case was dismissed. This in no wise affects the case in the district court, where the charge is murder in the second degree.

DEATH LIST IS 25

Factory Fire Tragedy Throws Gloom Over Newark.

PRAYERS SAID IN CHURCHES.

County Prosecutor Makes Effort to Fix Responsibility for Loss of Life. Two Hundred Thousand Sightseers Visit Scene of Catastrophe.

Newark, N. J., Nov. 28.—Only one unidentified body remains in the morgue here, only one employee of the Wolf Manufacturing company is still missing and it now seems that the estimate of the dead in the factory fire will stand at twenty-five. No more bodies were found buried in the burned building and Chief Astley is convinced that no more will be found. He will keep his men at work until the ruins have been turned over, brick by brick. All approaches to the scene were crowded with a moving mass of humanity. It was estimated that 200,000 sightseers pushed against the police lines. The whole city shrank under the weight of the horror imposed upon it. In churches of all denominations there were references in the sermons to the suddenness of the tragedy and prayers for the dead were said.

The body of a young girl was discovered on a charred stool beside the iron frame of a sewing machine on the top floor, where she and some other five others had been employed in making underwear for the Wolf Manufacturing company.

Paralyzed by fright she had been unable to move from her machine, and was seared by the blasts of flame that enveloped her.

Of all the employees of the Wolf concern, not a dozen escaped death or some form of injury. It is quite likely that many of the bodies will never be identified.

Frederick Weimer, chief inspector of the public prosecutor's office, began a personal investigation in order to fix the responsibility for the disaster and to take such legal steps as may appear to be necessary.

MANY LOSE THEIR SAVINGS

Postmaster General Comments on Complaints From Small Investors.

Washington, Nov. 28.—"This is a pitiable sight," said Postmaster General Hitchcock, as he pointed to a pile of letters a foot high lying on his desk, all of them complaints from people throughout the country who had invested money in "get-rich-quick" concerns, whose alluring announcements had promised large dividends to the purchasers. Many of the letters contained stock certificates and bonds which were worth no more than the paper they were printed on.

"Many of these letters," said Mr. Hitchcock, "are sad commentaries on the misplaced confidence which men and women, many of them poor, have placed in their fellows. Thousands of such letters are received annually. The department is going to do its best to put these concerns out of business."

LABOR FEDERATION ADJOURNS

Old Officers Are Re-Elected and Atlanta Gets Next Meeting.

St. Louis, Nov. 28.—The American Federation of Labor closed its thirtieth annual convention here by choosing Atlanta, Ga., as its meeting place for next year. The entire list of officers, including President Samuel Gompers, Secretary Frank Morrison and Treasurer John B. Lennon, were re-elected.

The Western Federation of Miners' application for a charter was referred to the executive council, with authority to act.

The convention by unanimous vote endorsed woman suffrage and later placed itself on record as favoring the organization of all classes of labor in this country, including negroes. Some of the Pacific coast delegates objected to the proposition to include the Asiatic races, and it was suggested that the remedy was the exclusion of the orientals.

IDE SPEAKS FOR HIGH RATES

Interest of Life Insurance Companies Theme of Testimony.

Washington, Nov. 28.—The interest of the life insurance companies, with their 20,000,000 policy holders, in the avoidance of any federal action that might impair their investments in railroad securities was called to the attention of the interstate commerce commission by George E. Ide, president of the Home Life Insurance company of New York. Mr. Ide testified that he appeared before the commission in its investigation of the proposed increase in freight rates as the spokesman for increased rates for life insurance companies and their vast army of policy holders.

Michael Cudahy Is Dead.

Chicago, Nov. 28.—Michael Cudahy, founder of the packing firm bearing his name, died at a hospital here of double pneumonia. Mr. Cudahy had been ill for five days, the disease becoming serious Saturday.

Teachers Go to Coast.

Chicago, Nov. 28.—The executive committee of the National Educational society chose San Francisco for the next meeting place and the date was set for July 8 to 14, 1911.
