

New Grocery Customers

Every business day we have new customers added to our large patronage. There is a reason for this. The most satisfactory thing about it is that they continue to be our customers day after day. That certainly means that we are giving them satisfaction. We study to please our customers. We give them the goods they want, and we send out nice, clean, fresh groceries; neatly wrapped and handled by experienced delivery men who deliver them when promised. Do we make mistakes? Yes, occasionally, for with a business of the magnitude of ours some mistakes must necessarily occur but we always rectify them at once and guarantee satisfaction.

We're ready to take your order—phone 32.

SUGGESTIVE QUESTIONS

The Resurrection. Matt. xxviii:1-20.
Golden Text—Lo, I am with you always, even unto the end of the world. Matt. xxviii:20.
(1.) What are the reasons for faith, in the doctrine of the resurrection of Jesus from the dead?
(2.) What time of the day, and on what day of the week, did the resurrection occur?
(3.) Who first found out concerning the resurrection of Jesus?
(4.) Who were "Mary Magdalene and the other Mary"?
(5.) Why were these two Marys going to the sepulchre?
(6.) What were the extraordinary attending circumstances in connection with the resurrection?
(7.) What can be said concerning the angel that rolled back the stone, and gave the women information concerning the resurrection?
(8.) If as some say the story of the resurrection is mythical, what effect would it have upon the religion founded by Jesus?
(9.) What were the women doing when Jesus met them (verse 9) and how may we be sure of constantly meeting Jesus?
(10.) When and where did Jesus say that he would rise from the dead?
(11.) Is it still a matter of "great joy" (verse 8) that Jesus rose from the dead, and how may this joy be always realized?
(12.) If Jesus had not risen would it have been possible for him, even with his beautiful life and unexampled teaching, to have captured the best thought of the world as he has? Give your reasons.
(13.) Why is it that the resurrection story, in prose literature, in poetry, in music, in art, and in Christian experience, is so enrapturing?
(14.) How did the disciples, at first, take to the story of the resurrection, and how were they finally convinced of its truth?
(15.) What is the significance of the fact, that the disciples were finally convinced of the resurrection of Jesus, after they had seen his dead body taken from the cross, and sealed up in the rock hewn tomb, and had settled down to the fact that he was dead, and that his cause was a failure?
(16.) Read the Acts of the Apostles again and state how much significance is there given to the resurrection of Jesus?
(17.) Is there any possibility that the disciples were deluded men concerning the resurrection? Why?
(18.) Why did not Jesus show himself openly on the streets, and teach openly, after his resurrection?
(19.) How many recorded times did Jesus appear after his resurrection? Give chapter and verse. (This question must be answered in writing by members of the club.)

Secretary of Banking Board Makes Report on Conditions.

LOANS ARE HIGHER AS RESULT

Very Little of This Year's Crop Placed Upon Market, Which Accounts for Depiction of Cash in Banks—Farmers Waiting for Better Prices.

Lincoln, Dec. 19.—The abstract of the condition of Nebraska state banks on Nov. 10, when the last call was issued, shows, according to the statement given out by Secretary S. S. Royse of the banking board, that deposits have materially fallen off as compared with one year ago and loans have advanced almost as much. The condition Mr. Royse does not consider in the least alarming, as he points out that crops have not been moving, farmers waiting for better prices, and this circumstance alone would, in his estimation, account for the decreased deposits and the increased loans.

The compilation of the reports indicates that in 666 state banks there are 239,967 depositors, and that the average reserve is 24 per cent. This last is an important item. The state banking law requires that the cash reserve be maintained at 15 per cent at least. Of the total cash reserve in the banks more than three-fourths of it is in the hands of eastern correspondents so that the actual cash on hand in the state bank vaults is only a little more than 6 per cent. This is not an unusual condition.

FLEGE FOUND GUILTY

Defendant Declared to Have Caused Death of Sister, Louise.

Ponca, Neb., Dec. 12.—William Flege was found guilty of murder in the second degree. He was accused of killing his sister, Louise, in a particularly brutal fashion.

The crime was committed June 30 last, the murdered woman being found in the yard where Flege had shot her during a quarrel. Albert Eighteen-camp, a hired man eighteen years of age, was on the premises at the time, and while not an eye-witness of the shooting, was able to tell a story that convinced the jurors Flege was guilty. It was alleged that the crime was committed by persons who had robbery as a motive, but this theory was not accepted, as the process of elimination of possible guilty persons left the guilt pointing too plainly at the brother of the dead woman. The penalty for the crime is imprisonment from twenty years to life.

CAR RUNS OFF TRACK

Burlington Freight Meets With Accident That Causes \$5,000 Damage.

Tecumseh, Neb., Dec. 10.—Section Foreman Davey of the Burlington at this station has found two or three broken rails on the main track of the road west of this city within the last few days and since the cold weather set in.

The track for a distance of three or four miles west of town recently suffered injury at least to the extent of \$5,000. A large car, 100,000 pounds capacity, on a fast freight hauled to the limit with wheat, left the track while the train was running full speed. It became out of place west of town and the train ran until the yard limit was reached before the engineers discovered the big load bumping along on the ties.

The heavy trucks running along on the ends of the ties broke off the timbers for the whole distance of three miles, or about 3,000 ties.

YORK COUNTY CORN CONTEST

Hundreds of Ears on Exhibition From Few Kernels That Were Distributed.

York, Neb., Dec. 10.—At the York county corn contest, from the thousand kernels of champion corn given to the boys in York county, hundreds of ears of corn were placed on exhibition. Superintendent Florer states that before the corn contest began the boys had never thought of the value of pure seed corn, but that since the annual meetings, every farmer boy in York county has become interested in better seed and better farming.

The increased interest in stock judging, better farming, domestic science and manual training has resulted in the organization of over forty clubs in the county.

County Fair Managers.
Lincoln, Dec. 10.—Representatives of the Nebraska Association of County Fair managers met with members of the board of managers of the State Fair association and made arrangements for the annual meeting, which will be held in Lincoln, Jan. 17. It was decided to have papers on such subjects as "Our County Fair," "The Circuit," "The Stock Show," "Concessions" and "Publicity."
