Beautiful Show Windows.

We know of no town in Nebraska that has in one year, made a greater improvement in the appearance of its store and shop windows than has Alliance in the past twelve months, or less than that length of time. It is a pleasure to walk along the streets of the business section and view the window exhibits. Out of town readers of the Herald should come to Alliance before Christmas, if possible, to see the fine displays of goods and make their holiday purchases.

Co-operative Movement.

We wish to commend the merchants of Alliance who are inaugurating a co-operative delivery system, by means of which a large amount of work and expense can be saved. This should mean a benefit to customers as well as to merchants. Under the present system of every store having its own delivery wagons, two or more trips are often made to different parts of the city, when one trip would do for all, if worked under a co-operative system.

The merchants are advertising for bids and propositions to operate the system, as will be seen by reference to The Herald's department of classified ads this week.

TWO ELOPING COUPLES CAUGHT

A telegram was received Tuesday night by the chief of police to arrest two young couples who had run away from Hot Springs, S. D. Both couples, who were not more than twenty years of age, were arrested in a short time by the Chief of Police and Deputy Sheriff and held in custody until the South Dakota sheriff arrived on 42.

They were taken back by him on 43. The young people were all members of prominent Hot Springs families and as the girls were under age it is probable that the young men will be charged with abduction. The local officers were complimented on their quick work.

Makes Record Run With Ford

Arthur Powell, son of Clarence Powell, living near Alliance, made a record run last week from Central City to Angora through the range of sand hills. He made the trip in one of the late model "T" Ford autos and covered the ground in eighteen hours running time, through a great deal of snow and water. This is a record both in time and for the territory covered. Mr. Powell stated that he passed some heavy touring cars mired in the sand, of much higher power than his Ford.

Successful Public Sale

The Britton-Parker sale on Tuesday of last week passed off very satisfactorily to Messrs. C. H. Britton and G. M. Parker, things selling better than had been expected. They give much credit to Auctioneer J. P. Coursey for the able manner in which he conducted the sale. Everything advertised was sold in a hurry, at better figures than had been anticipated, and the sale did not drag out as public sales sometimes do.

Mr. Britton returned from his visit to Michigan a few days before the sale, and now that he and Mr. Parker have their Box Butte county business in shape to leave, they start today (Thursday) for their new home at Payallup, Washington, today. We regret to lose these gentlemen from our county, but since they have headed for the setting sun, we wish them well in their far away home.

K. C. Elect Officers

At a meeting of the Alliance Council of the Knights of Columbus last Tuesday evening the following officers were elected for 1911:

- | |
