WINCHESTER
Repeating Shotguns
USED IN THE U. S. ARMY.
The U. S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also know a gun; that's why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it safe, sure, strong and simple. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that's the Winchester.

BOY TREATS SCHOOLMATES

Lloyd Lee, son of Mr. and Mrs. A. P. Lee, was given choice by his mama of how he should spend his Xmas money, and the choice that he made was one that so forcefully exemplifies the Christmas spirit that it is deserving of special mention. This is his first year in Alliance and he is a scholar of the first grade in the Emerson school. He chose to give his schoolmates presents, accordingly something was purchased for each of the other scholars of his room, the cost running well up into the dollars. These beautiful presents were placed on a lovely evergreen tree furnished by a schoolmate, Robert Campbell. The teacher kindly gave her pupils the use of the schoolroom for this purpose Friday afternoon preceding Christmas, and a jolly good time was had by all.

SOLVES A DEEP MYSTERY

"I want to thank you from the bottom of my heart," wrote C. B. Rader of Lewisburg, W. Va., "for wonderful double benefit I got from Electric Bitters, in curing me of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice and to rid the system of kidney poisons that cause rheumatism, Electric Bitters has no equal. Try them. Every bottle is guaranteed to satisfy. Only 50c at F. J. Brennan's.

Wets and Drys Draw War Lines for Legislature.

FIGHT OVER THE SPEAKERSHIP

Quackenbush Asks Leadership and Control of Committees From Wets Rumor of Possible Coalition Between Republicans and Democrats.

Lincoln, Jan. 3.—Neither party nor faction yet has a reliable organization for the convening of the Thirty-second Nebraska legislature today.

E. B. Quackenbush, dry Democrat, of Nemaha county claims to have enough votes pledged to elect him speaker, and John Kuhl, wet Democrat, of Cedar county makes a similar claim. Factional caucuses failed of results and wet and dry committees of six members each are now wrestling for a compromise.

Quackenbush came to the wets demanding the speakership, chief clerkship, chairman of the judiciary committee and a majority of the committee on committees.

He was offered in return the chairmanship of the committee on judiciary; that Taylor of Custer should head the committee on enrolled and engrossed bills; the drys to have the chairmanship of the committee on live stock and grazing covering stock yards legislation; the penitentiary committee and the privilege of naming the third assistant clerk, providing it should not be Trenmore Cone. The wets agreed Quackenbush should be floor leader, providing he be not made speaker, and he might name six members of the committee on committees, to be selected from whatever district he desired.

Conference Committees.
Wets—Gordes, Lawrence, Skeen, Kutuc, Lehigh and Swan.
Drys—H. G. G. Baney, Norton, Harrington, Hathfield and Lindsey.

During all this time there was talk of a dark horse Democrat for speaker in the person of W. Z. Taylor of Hitchcock county.

The republicans caucused at the Lindell. The majority declare that with their forty-six members in the house, plus the nine recalcitrant dry Democrats, they could yet wrest control from the Democrats and organize the house, but four of these forty-six Republicans are wets, Eager of Lancaster, Prince of Hall, Haller of Washington and Neir of Hamilton, and they declare that any man they support for speaker must be a Republican; that never will they vote for Quackenbush or any other Democrat.

There is a move toward a coalition of dry forces. The Republicans believe they could secure the support of the nine dry Democrats opposed to Kuhl for a man like Anness of Otoe, a dry member, and that he ought to be entirely satisfactory to the four wets.

ENGINEER FATALLY HURT

Fred Huxell Is Struck by Switch Engine While Walking on Track.

Sidney, Neb., Jan. 3.—Fred Huxell, aged twenty-seven years, a Union Pacific engineer, was fatally injured here by being knocked down by the local switch engine while walking in the center of the railroad track. The wind and snow was blowing a gale and the steam from the engine sprang out the view of the engine's approach. Huxell had been called to take his engine east and was close by the water tank when the fatality occurred. He was thrown down under the wheels, his left arm cut off at the shoulder, and his right arm cut off at the elbow; his head was cut on the side and his back and lower limbs badly bruised. He had to be pried out from under the engine and was sent to the Cheyenne hospital on a special train. He has a wife and two small children at North Platte.

REAL ESTATE MEN AT YORK

Adopt Resolutions Looking to Better Advertisement of Nebraska.

York, Neb., Dec. 30.—A large number of real estate dealers from different parts of Nebraska attended the convention held here.
After considerable business pertaining to the preliminary organization of a state association was disposed of, the convention organized itself into a boosters' club, and the many addresses made were appeals to stand up for Nebraska, and boost for Nebraska real estate, the richest and most productive soil in the world.
Resolutions were adopted asking the legislature to appropriate \$25,000 to be used by a publicity bureau.

Lincoln Officer's Experience.

Lincoln, Jan. 3.—The statement of Joseph N. Dolley, Kansas state bank examiner, criticizing the alleged indifference of the Nebraska officers to the supposed rendezvous of the bank robbers in south Nebraska was supported by Chief James Malone of Lincoln. He said that his efforts as head of the Nebraska Bankers' association detective bureau to locate the gang's hiding place had not been freely aided.
"The only apparent way of breaking up the gang, which undoubtedly has headquarters in this state near the Kansas line, is through the co-operation of the two states," he said.

GO OVER LIGHT WIRES

Broken Bow City Council Insists Company Use Only Insulated Wires.

Broken Bow, Neb., Dec. 31.—A state of discord exists between the city council and the electric light company which threatens some complications unless the matter is taken promptly in hand and disposed of. Some few weeks ago, it appears, the council awakened to the fact that bare copper wire was being exclusively used by the electric company in stringing its lines, and a demand was at once made on the company to discontinue its use and substitute insulated wire throughout. Manager Steen of the company says it is foolishness to use insulated wire on a 110 voltage, but where it is higher he is willing to make the substitution, providing the council takes official recognition of the work so it may go on record. Thus the matter stands at present.

GOVERNOR ISSUES PARDONS

Executive Grants Freedom to Haddix and Robinson.

Lincoln, Jan. 2.—W. S. Haddix, who has been a convict at the state penitentiary for four years, was pardoned by Governor Shallenberger. Haddix was sentenced by the district court of Custer county to serve twelve years for murder in the second degree, on the charge of killing a man named Butler on a farm near Mason City.
The governor pardoned James Robinson of McPherson county, who killed the foreman of a ranch. Robinson has served nine years, eight months and four days, including good time. His sentence was for life.

BLIZZARD CLAIMS VICTIM

O. E. Wonderholm Run Over by Train While Walking on Track.

Plattsburgh, Neb., Jan. 2.—O. E. Wonderholm, waterworks pumpman, was found one-half mile north of the depot, with his head crushed and his neck and both legs broken.

Train No. 15 is supposed to have struck him as he was walking on the track against the blizzard. The body was carried 100 feet from the place where Wonderholm was struck. The deceased leaves a wife and one daughter.

BRIDE LOSES HER MIND

Mrs. Anna Stratman, Bride of Month, Becomes Demented.

West Point, Neb., Jan. 2.—Mrs. Anna Stratman, a young and well known bride of a month ago, has become suddenly demented without apparent cause. The young woman was married a month ago and is a resident of Aloys, where her husband is a well-to-do farmer. She has been taken to St. Joseph's Home at West Point, in charge of the Franciscan Sisters, and every effort will be made to restore her mental faculties.

Bond Fight on in Custer.

Broken Bow, Neb., Jan. 2.—Much interest is being taken in the coming special election, Jan. 9, when the proposition of a levy for the purpose of building a new court house for Custer county will be voted on. As was expected, the affair has resolved itself into a near division fight and both sides are kept busy in pointing out to the voters just what they should do in order to be right. In the meantime, county offices are scattered all over the business part of the city.

To Advertise Nebraska.

Lincoln, Dec. 31.—Under authority of the state association of Commercial clubs, a committee, composed of S. R. McKelvie, editor of the Nebraska Farmer; E. M. Marvin, editor of the Beatrice Sun, and Will A. Campbell, manager of the Omaha Commercial club publicity bureau, has been at work on a state publicity or advertising plan. This plan has been fully worked out and will be presented to the legislature, along with a request for a \$25,000 appropriation.

Big Blaze at South Omaha.

South Omaha, Jan. 2.—Fire that broke out early this morning destroyed Reuben's grocery store at 426 North Twenty-fourth street. Sams' hardware store and O'Leary's shoe store. The loss is \$50,000. Firemen worked under great difficulties, owing to the storm.

Flying Machine at Tecumseh.

Tecumseh, Neb., Jan. 2.—Roscoe C. Gore of this city has invented a flying machine. He has been given patents upon the same in this and other countries. Mr. Gore will not divulge his plans, but it is said he has a successfully working model of his machine.

Explosion Kills Nebraskans.

Wheatland, Wyo., Jan. 2.—Two workmen were killed and the two Fend brothers, contractors from Morrill, Neb., were fatally injured by the premature explosion of forty kegs of powder used in excavation work on the Sibbyle ditch, twenty-five miles from here.
