TO SHOW NEBRASKA CEMENT PRODUCTS

Nebraska builders send \$3,000,000 out of Nebraska each year for cement and cement products, when it is possible to make the cement within the borders of the state and to manufacture the cement blocks etc. in every county, city and town.
That Nebraska cement and Nebraska cement products are the equal of any in the country is the claim of the Nebraska Cement Association and to demonstrate this the organization has arranged for an exhibit to be known as the "Mid-West Cement Exposition" to be held in Omaha, February 1, 2 and 3.
Here will be collected samples of the products made in all parts of Nebraska together with a large amount of machinery for handling cement. President H. C. McCord of the Association has just returned from the National Cement exposition held in Madison Square Garden, New York City, and has secured a large number of the machinery manufacturers to come to Nebraska and show their products. He is asking the co-operation of all Nebraskans interested in building materials to help show the consumers that Nebraska products are the equal of any in the country.

DEATH IN ROARING FIRE

may not result from the work of firebugs, but often severe burns are caused that make a quick need for Bucklen's Arnica Salve, the quickest, surest cure for burns, wounds, bruises, boils, sores. It subdues inflammation. It kills pain. It soothes and heals. Drives off skin eruptions, ulcers or piles. Only 25c at F. J. Brennan's. 3-4t
