## STRASBURGER

"It's in town, honey."  
Mrs. Margaret Reeve, Miss Catherine Dowd and Mr. Hugh Stitt, all from Chicago, arrived in Alliance on Wednesday, and at Strasburger Thursday night.  
The friend who knows you as you are and still loves you is the one to stand by.  
It is a great pleasure to have a phone from Strasburger to Spade. This makes it possible for the native to phone to Rushville or Ellsworth or Alliance.  
Some of the farmers around Strasburger are desirous of having good roads. A meeting was held last Saturday at the school house at which practical business men deemed it possible to have a very good road from Strasburger to Lakeside, using alkali in the few sandy spots, making an excellent road all the way. "So mote it be."  
People ought to be in their lives clear as a sunbeam, with no malice, hatred, envy or jealousy, pure as ice and chaste as snow, and in one respect people ought to be like smoke—  
"Ever in motion,  
Blithesome and cheery,  
Still climbing heavenward,  
Never a-comer."  
Messrs. Comer and Cammack are living on their claims improving the same.  
Miss Wintermute is getting along nicely in her school work at Strasburger. She is well liked by her pupils—one good evidence of a good teacher.  
Take a cheerful, hopeful, happy view of things. Don't worry. Just do your duty. Eat good food and plenty of it, including milk, cream, eggs, etc. Sleep at least eight hours, make it nine or ten if you need that many. Exercise each day in the open air, and when you get as old as I am don't worry over anything, and be jolly.  
Friendship strong and true and loyal All depends on being known. You will win by what you are, dear. You will reap as you have sown.  
Last Monday evening was one of the most delightful evenings ever spent in the state of Nebraska by Yours Truly. Col. Tully and his charming wife had a few of their friends to dinner. And such a dinner it was, too. Nothing better anywhere. From six o'clock to midnight there was a constant stream of either wit, music, mirth, fun, or physical refreshment. The delightful ladies and their jolly husbands spared no pains to make everyone happy. Among those present were Mr. and Mrs. Andrews, Mr. and Mrs. Rumer, Mr. and Mrs. Schlupp and John B. Strasburger. There were musical selections by Mrs. Schlupp, who is not only a remarkably beautiful young lady, but also is an accomplished musician. One selection, "Come a Little Closer," was especially pleasing. Scotch, German and Irish songs were sung by Mrs. Rumer and John B. Strasburger. In some way everyone present took part and everything went merrily as a "marriage bell." Long live the great-hearted Col. Tully and his lovely wife and their delightful friends. May they all continue to have happiness, peace, prosperity and health. "Here's to those I love,  
And here's to those who love me,  
And here's to those who love those who love me."  
GOODE OLDE BOY.

## QUAKER VALLEY

Again we are reminded that this is winter weather, but it seems to be growing warmer now.  
George Raccus was in these parts getting signatures to a petition for a new post office.  
William Howe and daughter Neva arrived at Reno one day last week from Iowa. He has come to build a house on his kinkald. The rest of the family will come as soon as he gets it completed.  
We are to have a railroad station and an agent at Reno, which will be a great accommodation to the people around here.  
We are to have a general store also. We are all rejoicing over these good things that have been needed so long at this place.  
Charley Jamison and Harry Fuller, from Iowa, are visiting the Jamison brothers. We heard that Charley was going to help put up the store soon for Elmer McFall.  
Donnell Shoffner is much better. He is able to be up most of the time.  
A special school meeting was held at the home of Dr. Haworth last Tuesday to vote bonds for the purpose of building a school house. Thirteen voted for, four against. We don't understand why any one would vote "no" when we have twenty-one scholars in our district to go to school. Perhaps they didn't know.  
Mr. Robbins, who has been home a few days with his family, returned to his work the first of the week.  
Mr. Sailor and George Robbins were Lakeside visitors Monday.  
Edwin Owen bought some cows of Jene Thompson.

Mrs. Geo. Denton and Bertha Lore were the guests of Miss B. Huston at Mud Springs Wednesday last.  
We are very sorry to state in this week's items that some were offended at some items written a few weeks ago which were meant for nothing more than a passing joke. Mr. Mathews was a business caller at E. Sweezy's Saturday. He presented the school with a few benches.  
Miss Nora Cogar is staying now with John Chapman.  
A taffy party at Audrey Dean's was a very pleasant affair.

Mr. and Mrs. L. O. Gillespie of Angora came to Alliance in January for a visit with Mr. Gillespie's parents, Mr. and Mrs. T. H. Gillespie. While here the stork paid them a visit, leaving a lovely, seven-pound girl baby, January 30th. Alvin Scott's draying team took it into their heads to run Tuesday morning while Alvin left them standing. They started to run and ran around two or three blocks and into a wire fence before caught. No damage was done.  
Flora Stratton, a niece of Mr. and Mrs. Abney, died of pneumonia in Oshkosh, Neb., was brought here for burial Saturday. The services were held by Rev. ## ATTACKS SCHOOL PRINCIPAL

A severe attack on school principal, Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at F. J. Brennan's.

## Dr. Oliver McEuen Physician and Surgeon HEMINGFORD, NEBR.

SPECIALTIES: Diseases of Women and Children and Genito Urinary Organs. All calls answered promptly day or night.  
"There are two kinds of people on earth, I mean  
The people who lift and the people who lean.  
And wherever you go you will find the world's masses  
Are always divided in just these two classes;  
And oddly enough, you'll find, too, I mean,  
There's just one lifter to twenty who lean.  
In which class are you? Are you easing the load?  
Of overtaxed lifters who toil down the road?  
Or are you a leaner who lets others bear  
Your portion of labor and worry and care?"

### JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by an Alliance Citizen's Experience?

Something new is an experiment. Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back, A Lame, Weak or Aching one. Would you experiment on it?

You would read of many so-called cures. Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Easy to prove local testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills!

Read this case: Dr. Willis Coyle, 211 E. Wyoming St., Alliance, Neb., says: "I have used Doan's Kidney Pills for a weakness of the kidneys and bladder and severe pains across my kidneys, and have received good results. I firmly believe that there is no other kidney remedy equal to Doan's Kidney Pills. I also know of other instances where Doan's Kidney Pills have cured kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### A NEW NEWSPAPER

The president of The Herald Publishing company is absent this week on a business trip to Lingle, Wyoming, where this company is establishing a new paper, to be called The Lingle Herald. Lingle is a new town just west of Torrington, in the North Platte valley, on the Guernsey line of the Burlington, and is in the center of the new county of Gosheen, recently created by the Wyoming legislature.

Lingle is in one of the oldest irrigated parts of the North Platte valley and is a close point to the Gosheen Hole territory, which contains 250,000 acres of very fine land, which is to be irrigated as soon as the government appropriates money for what is called the high line canal. The Lingle Herald will make three newspapers which are published all or in part at this office. The Alliance Herald, The Dalton Herald and The Lingle Herald.

A CLASSIFIED ADVERTISER, who "mans business," will GET BUSINESS. If he has something to sell that is worth while, he will advertise it in a confident and convincing way—and he will sell it!
